CHAINS

1/4 Cor. Betn. Sec. 33 & 34 34-14

By single proportion.
3X3 Douglas Fir post from which bears:
16" D. Fir North 21°East 1.9 feet.
11" Tan Oak South 78½° West 19.2 feet

June 25, 1965 D.O. Bryant

West 1/16 Cor. betn. Secs 3 & 10 35-14

This corner was recovered during the Euchre Creek County road survey. It was identified from the crater of the 50" Fir BT and by chain sawing a section from
BCIP a 42" Hemlock (originaly 14") which was windthrown. Set BCIP from which bears:
16" Cedar North 88° East 48.0 feet.
14" W. Fir South 35° East 36.5 feet.

H.J. Newhouse
Nov. 1961 D.C. Hogue

Sec. Cor. 5,6,7 & 8 32-13

This corner recorded during road survey for Curry County. The corner had apparently been restored and not recorded. An iron bar was found next to a
BCIP stone in place from which the remains were found of a 36" Fir North 52° East 29.0 feet (Trace)
36" Fir South 52° East 10 links (uproot)
24" Fir North 45° West 23 links (uproot)
Trees Marked 14" Broken top Fir South 69° West 36.4 ft.
Cedar Stump South 13° East 47.7 feet.
14" Fir South 13° East 77.4 feet.

We replace IB with BCIP and fencepost.

22" Fir stump South 44° West 62.4 feet.

Mark 6" Hemlock North 47½° West 2.1 feet.
Corner is 15 feet North of logging road.

Oct. 16, 1969 R.E. Stuntzner

1/4 Corner betn. 4 & 5 31-13

By propertion. Set 3/4" Iron pipe from which bears:
32" Fir South 48½° East 23.5 feet.
20" Fir South 37.1 feet.

Oct. 16, 1969 R.E. Stuntzner

1/4 Cor. betn. Sec. 8 & 9 31-13

Found post from which bears:

8" Fir North 50° East 6.5 feet.
12" Fir South 48° West 3.5 feet.

Mark 12" Fir South 70° East 9.3 feet.

Corner is approximately 100 feet South of high main ridge.

Oct. 16, 1969 R.E. Stuntzner

Src. Cor. to 4,5,8 & 9 31-13

By double proportion using information from survey made by Lehmanosky in 1959.
Set 5/8" Iron rod from which bears:
28" Fir North 46° West 3.7 feet.
10" Oak South 24° West 13.5 feet.
4" Fir South 84½° East 14.1 feet.
18" White Cedar North 30½° East 14.7 feet

Oct. 16, 1969 R.E. Stuntzner

CHAINS

1/4 Cor. Sec. 27 & 26 30-15

The location of this corner is marked by a four way fence intersection. The Iron pipe set by Gearheart in 1953 is being used as part of a haywire gate. Gearhearts 24" Spruce bearing tree is uprooted and gone but the crater remains. We set BCIP.

D.C. Hogue
Oct. 1969 H.J. Newhouse

NE Cor. Sec. 27, 30-15

Thee Northeast corner of Section 27 is first identified from the bark scribed alder tree marked in 1953 by Gearheart. His 3/4" Iron pipe is replaced with a BCIP. Further examination uncovers remains of the original Spruce BT South 65° East 17.0 feet. This was used by Fitzhugh in 1930 to restore the corner. Titzhughs 24 " Cedar South 89° 30' East 67.3 feet is down and burned.

D.C. Hogue
Oct. 1969 H.J. Newhouse

1/4 Cor. North side Sec. 27, 30-15

The 1/4 Corner on the North side of Section 27 is a BCIP. Based on the distance and bearings used in the Marshall Ranch survey this corner is set at the coordinate location. No trace of the original 3/4" Iron pipe.

D.C. Hogue
Oct. 1969 H.J. Newhouse

NW Cor. Sec. 27, 30-15

The NW Corner of Section 27 is a BCIP set on the West side of a high dune covered with Holland Grass. It is set North 00°03' East 2659 feet from the 1/4 corner on the West side of Section 27.
No trace of the original 3/4 inch Iron pipe was found. A 1.2 X 0.6 X 0.3 flat rock with no marks was found very close to the corner point. It was the only stone of this size within 100 yards or more of this area. Bearings and distances from the Marshall Ranch Survey.

D.C. Hogue
Oct. 1969 H.J. Newhouse

1/4 Cor. West side Sec. 27, 30-15

The 1/4 Corner on the West side of Section 27 was first identified by a 3/4" Iron pipe one foot above the ground 4 feet West and 21 feet North of a fence Corner. Based on the Marshall Ranch Survey this Iron pipe was 7.1 feet South and 1.7 feet East of the computed location. We excavated the ground in the presence of L. Knapp and Gerald Kamph and in addition to the already existing iron pipe find an older rusted Iron pipe below the ground surface adjacent to a 2" squared cedar post. Set BCIP.

D.C. Hogue

39-14

Set by proportion a BCIP from which bears:
12" W. Fir N7° East 60.4 feet.
9" Spruce S65½° East 60.15 feet.

March 1970 J.B. Feeney

1/4 Cor. betn. Secs. 34 and 35
39-14

Set by proportion BCIP from which bears:
16" D. Fir N81° East 171.6 feet.

March 1970 J.B. Feeney

Section Cor. to Secs. 26,27,34 & 35
39-14

Found mound of stone and burned Redwood Post with some visible scribing. Set BCIP in center of mound of stone and drove steel fence post adjacent thereto.

Feb. 1970 D.C. Hogue
H.J. Newhouse

Section Cor. to Secs. 27,28,33 & 34
39-14

Found dead 20" Pine N43° East from corner location. Scribing visible. For Corner we set BCIP in pavement of relocated Oregon Coast Highway 5.8 feet East of centerline. Cunniff measured in both chains and feet but never in links. When measuring in chains he almost always had a decimal figure whereas when measuring in feet he almost always used the usual abbreviation (').

Feb. 1970 D.C. Hogue
H.J. Newhouse

1/4 Cor. betn. Secs. 20 and 29
35-14

Found scribed stump and tag set by Lehmanosky. The 14" Hemlock marked in June of 1961 is now a dead stub. Set BCIP in Cat Road.

Jan. 1970 D.C. Hogue
H.J. Newhouse

1/4 Cor. betn. Secs. 20 and 21
35-14

We relocate S.O. Newhouse's Corner as reestablished in 1942 and not found by Lehmanosky in 1952 or by Stiles in 1961. There is no pipe but the stumps of all 3 BT's remain.
20" Fir S44° East 29.7 feet.
52" Fir N70° East 12.2 feet.
36" W. Fir N71° West 30.5 feet.

We set BCIP from which bears:
8" Fir N55° West 23.9 feet.
12" Hemlock S38° East 32.0 feet.

50" Fir S66½°E 35.6 ft. (stump)
20" Fir S36°W 53.6 ft. (Now 30" dead snag)
24" Fir N25°W 22.4 ft. (live tree with bearing face unopened)
At the Corner location we find a 16"X10"X6" unmarked stone not called for in the original notes.
We set 2½" BCIP and scribed post. No new trees of sufficient size qithin limits. The corner is East of the top of the main ridge and West of the main road.

D.C. Houge, Hal Newhouse
June 1970 H.J. Newhouse

1/4 Cor. between Secs. 17 and 20,
T36S, R13W, W.M., Curry County, Ore.

Found 12"X9"X6" basalt stone from which bears:
12" Fir North 19½°W 11.2 feet. (now 30")
10" Fir South 08° E 24.4 feet. (now 30")
We set 2½" BCIP adjacent to said stone and remark BT's 1/4 S BT.
The corner is East of a small glade and North of a draw.

D.C. Hogue, Hal Newhouse
June 1970 H.J. Newhouse

CHAINS

Section Corner to Secs. 18 and 19
T36S, R13W and Secs. 13 & 24 T36S
R14W, W.M. Curry County, Oregon

Corner identified from original BTs.
28" Cedar S89°E 17.1 ft. to face-chopped out and scribing visible.
48" Cedar S74½°W 30.4 feet to face-scribing visible.
30" Tan Oak N43½°E 32.7 ft. to center and marked S 18 BT.

June 1970 — Don Hogue, Hal Newhouse H.J. Newhouse

1/4 Corner between Secs. 19 & 20
T36S, R13W, W.M. Curry County, Ore.

At the corner location we find a ½" Iron pipe in small pile of rock from which bears:

An Uproot North 71½°E 40.9 ft. We open the face of this Fir and read the original scribing. The 10" Fir S68°W 50.2 ft. is entirely gone.
We set 2½" BCIP in mound of stone from which bears:
16" Fir N15°E 25.3 ft. Marked 1/4 S BT.
10" Fir N48½°W 35.3 ft. Marked 1/4 S BT.
This corner is about 300 ft. South of the main road leading into an old sawmill site.

June 1970 — Don Hogue, Hal Newhouse H.J. Newhouse

1/4 Cor. between Secs. 20 & 21
T36S, R13W. W.M. Curry County, Ore.

The 16"X12"X8" corner stone is gone. A stump from the road construction has been pushed across the area. The 10" Fir S89°W 6.6 ft. is gone. We open the lower portion of a previously opened and burned section of a 70 ft. tall dead snag and are able to read a scribed "BT". This is all that remains of the 30" Fir N73°E 13.2 ft.
We set a 2½" BCIP at the corner location in a mound of stone. At this point the old main logging road uns East and West and the corner is 38 ft. North of said road.

June 1970 — Don Hogue, Hal Newhouse H.J. Newhouse

Sec. Cor. to Secs. 19,20,29 & 30
T36S, R13W. W.M. Curry County, Ore.

After three field searches with no sucess a traverse was run into this corner from the 1/4 corner between Secs. 19 and 20. A stone 18"X12"X8" with 5 nothches on the East face was found at the proper distance from East of the top of the ridge described in the original notes. No remains of any bearing trees.

A BCIP was set 1.0 ft. West of the Stone which is undisturbed. Marked 15"Fir N67½°E 20.5 ft. S 20 BT.
14" Fir S70½°W 10.0 ft. S 30 BT.
18" Fir S16½°E 36.0 ft. S 29 BT.

Corner falls in open prairie East of small ravine due North of Fritz house on old highway.

CHAINS

T35S, R14W, ¼ corner Section 29/ 32

Found a ½" iron pipe alongside a mound of stone. Replaced with a 2½" alum. pipe & cap marked " T35S R14W, ¼ S 29/32, LS. 402, 1982" and erected a mound of stone around it. Set metal fencepost alongside.
Found:
24" fir N32°E 26.5 ft., face visible. Blazed new face below it with scribing "BT"
40" Cedar snag S76°W 26.0 ft. to face. Scribing visible, in poor condition.
Marked:
14" Cedar S13°W 15.6 ft. " ¼ S32 BT"
Corner is 65' West of an old N-S fenceline and logging road.

T35S, R14W, ¼ corner Section 32/33

Found a 2" Bcip marked " ¼ 32/33 1978" with metal fencepost alongside.
The 2 13" BT's fell within the powerline R/W and are now cut down.
Bark scribed:
6" Fir N54°E 36.6 ft.
4" Fir S27°W 57.4 ft.
3" Fir is growing 3 ft. West of the corner.
Corner falls 70' West of a fenceline intersection near a metal storage bldg. on top of the ridge.

CHAINS

T35S, R14W, ¼ corner Section 29/ 32

Found a ½" iron pipe alongside a mound of stone. Replaced with a 2½" alum. pipe & cap marked " T35S R14W, ¼ S 29/32, LS. 402, 1982" and erected a mound of stone around it. Set metal fencepost alongside.
Found:
24" fir N32°E 26.5 ft., face visible. Blazed new face below it with scribing "BT"
40" Cedar snag S76°W 26.0 ft. to face. Scribing visible, in poor condition.
Marked:
14" Cedar S13°W 15.6 ft. " ¼ S32 BT"
Corner is 65' West of an old N-S fenceline and logging road.

T35S, R14W, ¼ corner Section 32/33

Found a 2" Bcip marked " ¼ 32/33 1978" with metal fencepost alongside.
The 2 13" BT's fell within the powerline R/W and are now cut down.
Bark scribed:
6" Fir N54°E 36.6 ft.
4" Fir S27°W 57.4 ft.
3" Fir is growing 3 ft. West of the corner.
Corner falls 70' West of a fenceline intersection near a metal storage bldg. on top of the ridge.

CHAINS

T35S, R14W, Northeast Corner of Section 32

Found:
A 1" iron pipe alongside a mound of stone. Replaced with an alum. pipe and cap (2½") marked " T35S, R14W, 28,29, 32, 33, LS.402, 1982"
Set metal fencepost alongside.
Found:
38" Fir with visible face S40°E 160.6 ft.
Scribed:
16" Fir S 24W 27 ft. "T35S, R14W, S32, BT"
14" Fir S48°W 26 ft. "S32, BT"
18" Fir N40°W 20.0 ft."T35S, R14W, S29, BT"
This corner falls about 4' West of an old road in the middle of a huge clump of poison oak.

T35S, R14W, ¼ corner of Section 31/32

Found:
No trace of the iron pipe. Established corner position from 2 original B.T's which made corner fall 3.6 feet South of the original fence. A check of the original field notes showed that the iron pipe was in the fenceline and a traverse point set 3.8 feet South of the fence. Apparently the distances to the bearing trees was measured from the traverse station. Set a 2½" alum. pipe & cap in the fenceline marked T35S, R14W, ¼S 31/32 L.S.402, 1982.
Found:
14" Fir N 9° W 64.0 feet, scribing visible.
8" Fir N 15°E 62.8 feet,face rotted out, tree dead.
14" Fir with Champion tag N 31° E 55.8 ft.
Scribed:
14" Fir N 60° E 71.9 ft., ¼s 32, B.T.

	Int. ¼ Section 26, 40-13 Set IB from which bears: 14" Tan Oak S3°E 28.8 ft. 8" Myrtle S71°W 15.9 ft. March 1975 142
	¼Corner between 14 and 13, 40-14 1" IP found Attach yellow tags to: 6" Alder N40°E 12.2 ft. 6" Alder S53°E 14.8 ft. July 1975 Tag on South edge of cat road 230 ft. North of corner. 143
	Section Corner to 11, 12, 13 & 14, 40-14 Found 1½" IP 30 ft. West of creek Aug. 1975 143
	Section Corner to 36 & 35, 35-14 and 2 & 1, 36-14 IP found North edge of swampy spring area. No evidence of recorded bearing trees. Replace IP with BCIP, from which bears; 18" Madrona S45½E 101.3 ft. 14" Hemlock S31E 146.5 ft. IB S31E 96.0 ft. Sept. 1975 145

CHAINS

¼ Corner between 28 and 29, 36-14

Set BCIP in place of ½" IP.
Found the following BTs:
24" Oak S40°E 15.5 ft. (remains, crater)
60" Fir snag N30°W 71.0 ft.
Mark 20" Douglas Fir N52½°W 19.6 ft.
Yellow tag 36" Oak (clump of three) S25½°E 15.0 ft.
Oct. 1975 145

¼ Corner between 1 and 12, 40-13

Found BCIP lying down under fallen tree. Replace from remains of fecorded BT's.
Mark 54" Fir in bark S83°E 60.5 ft.to face.
26" Myrtle N64¼°E 37 ft. (to center).
Nov. 1975 145

¼ Corner between 12 and 13, 40-13

Set IB, from which bears:
6" Redwood S48°E 6.2 ft.
10" Redwood N60°W 12.5 ft.
Dec. 1975 146

Int. ¼ Section 1, 31-14

Set IB from which bears:
24" Fir S12°E 15.0 ft.
6" Fir N51°W 25.6 ft. Yellow tages attached
April 1976 146

Int. ¼ Section 24, 40-14

Set IB from which bears:
8" Douglas Fir N5E 4.3 ft.
14" Douglas Fir S42E 19.3 ft. Yellow tags attached
April 1976 147

Int. ¼ Section 29, 35-11

Found BCIP and BT remains.
Mark 24" Pine N47½°W 112.3 ft. and
28" Fir S80½W 125.6 ft. Yellow tags attached to BT's and brass washers marked LS 402.
April 1976 147

¼ Corner between 27 and 34, 35-14

Found IP, set BCIP from which bears:
16" Hemlock N8°W 59.6 ft.
11" Hemlock S2°E 28.4 ft.
June 1976 148

¼ Corner between 31 and 32, 35-12

Found BCIP East of cat road and stumps of BT's
Set witness BCIP N70°E 36.5 ft. and mark new BT N70°E 46.1 ft.
June 1976 148

CHAINS

¼ Corner between 28 and 29, 36-14

Set BCIP in place of ½" IP.
Found the following BTs:
24" Oak S40°E 15.5 ft. (remains, crater)
60" Fir snag N30°W 71.0 ft.
Mark 20" Douglas Fir N52½°W 19.6 ft.
Yellow tag 36" Oak (clump of three) S25½°E 15.0 ft.
Oct. 1975 145

¼ Corner between 1 and 12, 40-13

Found BCIP lying down under fallen tree. Replace from remains of fecorded BT's.
Mark 54" Fir in bark S83°E 60.5 ft.to face.
26" Myrtle N64¼°E 37 ft. (to center).
Nov. 1975 145

¼ Corner between 12 and 13, 40-13

Set IB, from which bears:
6" Redwood S48°E 6.2 ft.
10" Redwood N60°W 12.5 ft.
Dec. 1975 146

Int. ¼ Section 1, 31-14

Set IB from which bears:
24" Fir S12°E 15.0 ft.
6" Fir N51°W 25.6 ft. Yellow tages attached
April 1976 146

Int. ¼ Section 24, 40-14

Set IB from which bears:
8" Douglas Fir N5E 4.3 ft.
14" Douglas Fir S42E 19.3 ft. Yellow tags attached
April 1976 147

Int. ¼ Section 29, 35-11

Found BCIP and BT remains.
Mark 24" Pine N47½°W 112.3 ft. and
28" Fir S80½W 125.6 ft. Yellow tags attached to BT's and brass washers marked LS 402.
April 1976 147

¼ Corner between 27 and 34, 35-14

Found IP, set BCIP from which bears:
16" Hemlock N8°W 59.6 ft.
11" Hemlock S2°E 28.4 ft.
June 1976 148

¼ Corner between 31 and 32, 35-12

Found BCIP East of cat road and stumps of BT's
Set witness BCIP N70°E 36.5 ft. and mark new BT N70°E 46.1 ft.
June 1976 148

CHAINS

Section Corner 23, 24, 25 & 26, 32-15

Set BCIP from 22" Cedar stump N87°E 26.2 ft.
and 18" Cedar stump N34°W 36.2 ft.
Mark 7" Fir N85°E 24.7 ft.
Corner falls on moderate SW slope 500 feet more or less North of Grassey Knob road.
June 1976 148

Closing Corners $\frac{3|2}{11}$ and $\frac{3}{10|11}$ 40-14

Tie to BCIP marking closing corner to 3, 2 & 11, turn angle and measure distance to BCIP marking closing corner to 3, 11 & 12 and find it to be S85° 32'W 127.54 ft.
July 1976 149

¼ Corner between 10 and 11, 31-15

Found IP in fence corner, set BCIP.
Oct. 1976 150

West ¼ Corner Section 31, 34-11 & East ¼ Corner Section 36, 34-12

Section 31: BCIP found
18" Tan Oak (now 36") standing N22½°E
14" Tan Oak S82½°E down

Section 36: BCIP found
14" Tan Oak N60½°W (now 30") standing
10" Tan Oak S19°W (not standing)

Both Corners set in depression on East slope in dense huckleberry.
March 1976 152

Witness corner to ¼ Corner between 16 & 21, 39-14

BCIP set 10.2 ft, West of true corner location. From Witness corner to Reference corner, West 117.09 ft. Reference corner on bluff West side of relocated 101.
March 1977 153

¼ Corner between 28 and 27, 35-14

Found IP in pile of dead logs West of dry creek.
Found original Fir BT stump.
Set BCIP and mark 24" Hemlock S49°W 20.6 ft.
From said ¼ Corner, West 170 ft. to deep creek draw.
April 1977 153

Section Corner to 29, 30, 31 & 32, 34-14

This corner was recovered by a traverse North from the South ¼ Corner of Section 32, and identified from the original notes refering to a chimney on a house N30°E 297 feet. In 1977 it was incorrectly due to a bearing error, and was reset in the proper position Feb. 1983.
BCIP is now set S30°W 297 ft. from chimney. A ring bolt is driven in the chimney rocks and the boulder with a chisled "X" bears S44½°E 150 ft. from BCIP.
July 1977 154

CHAINS

Section Corner 23, 24, 25 & 26, 32-15

Set BCIP from 22" Cedar stump N87°E 26.2 ft.
and 18" Cedar stump N34°W 36.2 ft.
Mark 7" Fir N85°E 24.7 ft.
Corner falls on moderate SW slope 500 feet more or less North of Grassey Knob road.
June 1976 148

Closing Corners $\frac{3|2}{11}$ and $\frac{3}{10|11}$ 40-14

Tie to BCIP marking closing corner to 3, 2 & 11, turn angle and measure distance to BCIP marking closing corner to 3, 11 & 12 and find it to be S85° 32'W 127.54 ft.
July 1976 149

¼ Corner between 10 and 11, 31-15

Found IP in fence corner, set BCIP.
Oct. 1976 150

West ¼ Corner Section 31, 34-11 & East ¼ Corner Section 36, 34-12

Section 31: BCIP found
18" Tan Oak (now 36") standing N22½°E
14" Tan Oak S82½°E down

Section 36: BCIP found
14" Tan Oak N60½°W (now 30") standing
10" Tan Oak S19°W (not standing)

Both Corners set in depression on East slope in dense huckleberry.
March 1976 152

Witness corner to ¼ Corner between 16 & 21, 39-14

BCIP set 10.2 ft, West of true corner location. From Witness corner to Reference corner, West 117.09 ft. Reference corner on bluff West side of relocated 101.
March 1977 153

¼ Corner between 28 and 27, 35-14

Found IP in pile of dead logs West of dry creek.
Found original Fir BT stump.
Set BCIP and mark 24" Hemlock S49°W 20.6 ft.
From said ¼ Corner, West 170 ft. to deep creek draw.
April 1977 153

Section Corner to 29, 30, 31 & 32, 34-14

This corner was recovered by a traverse North from the South ¼ Corner of Section 32, and identified from the original notes refering to a chimney on a house N30°E 297 feet. In 1977 it was incorrectly due to a bearing error, and was reset in the proper position Feb. 1983.
BCIP is now set S30°W 297 ft. from chimney. A ring bolt is driven in the chimney rocks and the boulder with a chisled "X" bears S44½°E 150 ft. from BCIP.
July 1977 154

CHAINS

¼ Corner between 31 and 32, 36-14

Found original 1857 BT (now a 50" Fir stump, previously cut into with ¼ S BT visible). Set BCIP and nail BT tag to stump. Fence post adjacent to corner. Corner falls in steep draw flowing North to Indian Creek.
May 1977 154

Section Corner to 17, 18, 19 & 20, 38-13

Found original stone lying on side, with 5 notches clearly visible on one face. Found original Fir BT (now stump tipped over) S80°E 18.5 ft., and original Fir BT now stump S32°W 19.8 ft. Yellow tags have been attached to the remains of the BT's.
June 1977 154

¼ Corner between 27 and 28, 31-15

Found BCIP and Cunniff BT stump.
Mark 18" Fir S41°E 20.5 ft.
March 1978 159

¼ Corner between 19 and 30, 37-14

This having been destroyed from right of way clearing we retrace the South boundary of Section 19 from previous surveys and set IB under power lines Dec. 1977. In March 1978 we replace this IB with a BCIP. A steel fence post is driven adjacent to the corner and a 6" Fir marked with a yellow tag (only), bears S52°W 60.4 ft. 159

Int. ¼ Section 33, 35-14

Set IB for corner from which bears:
6" Fir S32°W 8.7 ft.
8" Fir N50°E 7.4 ft.
Corner 340 ft. West of Squaw Valley County Road.
May 1978 160

Section Corner to 11, 12, 13 and 14, 36-14

Found 1½" IP lying South of washout area, reset from recorded BT's. Found the following:
30" Fir (now 38" stump) N35°W 19.1 ft.
40" Fir stump N84°E 21.6 ft.
Remains of Myrtle S40°W 36 ft.
Original 40" Fir S58°E 18 ft. tipped over.
June 1978 161

¼ Corner between 4 and 5, 36-14

Replace 1964 BCIP in rock mound at fence corner by removing stone and digging in a BCIP, replacing stone and mark a 12" Fir S56°E 18.7 ft. The original Murphy 1857 BT to the NW is live and standing.
July 1978 161

CHAINS

¼ Corner between 31 and 32, 36-14

Found original 1857 BT (now a 50" Fir stump, previously cut into with ¼ S BT visible). Set BCIP and nail BT tag to stump. Fence post adjacent to corner. Corner falls in steep draw flowing North to Indian Creek.
May 1977 154

Section Corner to 17, 18, 19 & 20, 38-13

Found original stone lying on side, with 5 notches clearly visible on one face. Found original Fir BT (now stump tipped over) S80°E 18.5 ft., and original Fir BT now stump S32°W 19.8 ft. Yellow tags have been attached to the remains of the BT's.
June 1977 154

¼ Corner between 27 and 28, 31-15

Found BCIP and Cunniff BT stump.
Mark 18" Fir S41°E 20.5 ft.
March 1978 159

¼ Corner between 19 and 30, 37-14

This having been destroyed from right of way clearing we retrace the South boundary of Section 19 from previous surveys and set IB under power lines Dec. 1977. In March 1978 we replace this IB with a BCIP. A steel fence post is driven adjacent to the corner and a 6" Fir marked with a yellow tag (only), bears S52°W 60.4 ft. 159

Int. ¼ Section 33, 35-14

Set IB for corner from which bears:
6" Fir S32°W 8.7 ft.
8" Fir N50°E 7.4 ft.
Corner 340 ft. West of Squaw Valley County Road.
May 1978 160

Section Corner to 11, 12, 13 and 14, 36-14

Found 1½" IP lying South of washout area, reset from recorded BT's. Found the following:
30" Fir (now 38" stump) N35°W 19.1 ft.
40" Fir stump N84°E 21.6 ft.
Remains of Myrtle S40°W 36 ft.
Original 40" Fir S58°E 18 ft. tipped over.
June 1978 161

¼ Corner between 4 and 5, 36-14

Replace 1964 BCIP in rock mound at fence corner by removing stone and digging in a BCIP, replacing stone and mark a 12" Fir S56°E 18.7 ft. The original Murphy 1857 BT to the NW is live and standing.
July 1978 161

CHAINS

Section Corner to 32 & 33, 35-14 and 4 & 5, 36-14

Found, rock mound with drill rod and Fir post.
Replace drill rod with BCIP.
Tag 36" Fir (healed face) N70°E 23.0 ft.
Tag 10" Madrone (scribing visible) S20°E 26.5 ft.
Mark and tag 30" Fir N2°W 28.0 ft.
Mark and tag 24" Fir S88W 39.6 ft.
Replace post with steel fence post.
Original Murphy 1857 BT now Fir stump tagged.
The Murphy BT is on the West edge of an agriculture access road with the corner East of the same road.
July 1978 161

¼ Corner between 32 and 33, 35-14

Found 1" IP, set BCIP.
Tag original BT, which is now a rotten stump, under powerline. The open ground is being reclaimed by snall Firs. The corner is West of the existing stock fences.
July 1978 161

¼ Corner between 32, 35-14 and 5, 36-14

Set BCIP S34°E 5.0 ft. from 28" dead Alder BT.
Corner falls on East bank of creek. Build rock mound around corner. Set steel fence post adjacent to corner and additional steel fence post S7°E 77 ft. from BCIP with location tag. A seasonal access road ends at about this point.
June 1978 162

Section Corner to 4, 5, 8 & 9, 37-14

Recover corner as previously described. Replace with BCIP and fence post adjacent.
Bearing tree tags placed on 30" Fir stump S78°E 16.5 ft. and power pole N74°E 22.2 ft. No 1A-29.
July 1978 163

Int. ¼ Corner Section 4, 37-14

Found rock mound displaced by Siamese trunked 12" Fir., tree cut and BCIP set.
New BT's tagged, but not marked:
6" Fir S8°E 18.3 ft.
14" Fir S79°W 20.3 ft.
Four BT's described are now stumps. Whole area in dense underbrush.
July 1978 163

¼ Corner between 5 and 8, 36-14

Found IP, replace with BCIP, in mound of stone, 4 ft. West of North-South fenceline.
Mark 12" Fir S55°E 35.6 ft.
Oct. 1978 164

Section Corner to 33, 34, 31-15 and 4,3, 32-15

This corner has been shown to me on two occasions by Fred Anthony. It fell at an old fence corner where the fences ran N-S and E. The fence is now maintained to the East. We set BCIP at fence corner and mark:
9" Fir S43°E 28.4 ft. and 14" Fir N21½°E 34.1 ft.
There is some evidence of a Spruce S77°E 159.7 ft.
The corner is now under a power line.
Jan. 1979 164

CHAINS

Section Corner to 32 & 33, 35-14 and 4 & 5, 36-14

Found, rock mound with drill rod and Fir post.
Replace drill rod with BCIP.
Tag 36" Fir (healed face) N70°E 23.0 ft.
Tag 10" Madrone (scribing visible) S20°E 26.5 ft.
Mark and tag 30" Fir N2°W 28.0 ft.
Mark and tag 24" Fir S88W 39.6 ft.
Replace post with steel fence post.
Original Murphy 1857 BT now Fir stump tagged.
The Murphy BT is on the West edge of an agriculture access road with the corner East of the same road.
July 1978 161

¼ Corner between 32 and 33, 35-14

Found 1" IP, set BCIP.
Tag original BT, which is now a rotten stump, under powerline. The open ground is being reclaimed by snall Firs. The corner is West of the existing stock fences.
July 1978 161

¼ Corner between 32, 35-14 and 5, 36-14

Set BCIP S34°E 5.0 ft. from 28" dead Alder BT.
Corner falls on East bank of creek. Build rock mound around corner. Set steel fence post adjacent to corner and additional steel fence post S7°E 77 ft. from BCIP with location tag. A seasonal access road ends at about this point.
June 1978 162

Section Corner to 4, 5, 8 & 9, 37-14

Recover corner as previously described. Replace with BCIP and fence post adjacent.
Bearing tree tags placed on 30" Fir stump S78°E 16.5 ft. and power pole N74°E 22.2 ft. No 1A-29.
July 1978 163

Int. ¼ Corner Section 4, 37-14

Found rock mound displaced by Siamese trunked 12" Fir., tree cut and BCIP set.
New BT's tagged, but not marked:
6" Fir S8°E 18.3 ft.
14" Fir S79°W 20.3 ft.
Four BT's described are now stumps. Whole area in dense underbrush.
July 1978 163

¼ Corner between 5 and 8, 36-14

Found IP, replace with BCIP, in mound of stone, 4 ft. West of North-South fenceline.
Mark 12" Fir S55°E 35.6 ft.
Oct. 1978 164

Section Corner to 33, 34, 31-15 and 4,3, 32-15

This corner has been shown to me on two occasions by Fred Anthony. It fell at an old fence corner where the fences ran N-S and E. The fence is now maintained to the East. We set BCIP at fence corner and mark:
9" Fir S43°E 28.4 ft. and 14" Fir N21½°E 34.1 ft.
There is some evidence of a Spruce S77°E 159.7 ft.
The corner is now under a power line.
Jan. 1979 164

CHAINS

Section Corner to 1 & 6, 37-14 and 7 & 12, 37-15

This corner reestablished on the basis of information contained on OSH Map Drg. No. 2B9-13, July 1927. The basis of bearing being the highway centerline N6°23'E. This centerline bearing has been used throughout all transactions adjacent thereto since that time. The meander corner mentioned on the State Highway map has erroded away but maintained by subsequent surveys. The Ocean View Subd., dated Dec. 1949 (now vacated) follows the same locations as shown on the Oregon State Highway map. Using the maintained Meander Corner, and the highway bearing we retrace the South boundary of the Ocean View Subd. finding monuments along the boundary but no evidence of the Section Corner itself. Possible clearing for the powerline right of way in the 1950's could be responsible for its loss. On the basis of the State Highway map we set the Section Corner which is a BCIP in E-W fence on SE slope, from which bears:
8" Fir N78°W 23.8 ft.
6" Fir S81°E 13.6 ft.
Yellow tags attached.
March 1979 167

¼ Corner between 22 & 27, 34-13

Found 32" Cedar BT, S33½°W 80 ft. from corner position. Corner falls in Creek. Set witness corner on North boundary of Section, N89°39'W 63.1 ft. from ¼ Corner position. A BCIP, from which bears:
36" Fir S84°W 24.6 ft. Scribed S27¼BT
34" Fir N22°E 8.2 ft. Scribed S22¼BT
All trees have yellow BT tags.
March 1979 167

¼ Corner for 8, North boundary, between 5 & 8, 34-11

Found 16" Fir stump S20°E 28.4 ft., scribing visible. Original BCIP pulled and bent. Set new BCIP and steel fence post. BT tag nailed to South one of twin 30" stumps N21°W .
March 1979 168

¼ Corner between 26 and 27, 34-13

Found BCIP and one original Pine BT rotten.
Blaze low and attach yellow BT tags on the following:
66" Fir S21 W 15.8 ft.
3" Fir N61 E 10.0 ft.
May 1979 169

Int. ¼ Section 18, 34-11

Found BCIP, all previously marked BT's are down and dead. Mark 30" Madrone N65°E 39.2 ft.
Aug. 1979 169

Section Corner to 14, 15, 22 & 23, 41-13

Reset this corner from information contained on OSHD map No.9B-6-23 as revised June 1970. We identify OSHD monuments in vicinity and using same, relate to location of Section Corner. Set BCIP in West shoulder of relocated Oregon Coast Highway.
June 1979 170

CHAINS

Section Corner to 1 & 6, 37-14 and 7 & 12, 37-15

This corner reestablished on the basis of information contained on OSH Map Drg. No. 2B9-13, July 1927. The basis of bearing being the highway centerline N6°23'E. This centerline bearing has been used throughout all transactions adjacent thereto since that time. The meander corner mentioned on the State Highway map has erroded away but maintained by subsequent surveys. The Ocean View Subd., dated Dec. 1949 (now vacated) follows the same locations as shown on the Oregon State Highway map. Using the maintained Meander Corner, and the highway bearing we retrace the South boundary of the Ocean View Subd. finding monuments along the boundary but no evidence of the Section Corner itself. Possible clearing for the powerline right of way in the 1950's could be responsible for its loss. On the basis of the State Highway map we set the Section Corner which is a BCIP in E-W fence on SE slope, from which bears:
8" Fir N78°W 23.8 ft.
6" Fir S81°E 13.6 ft.
Yellow tags attached.
March 1979 167

¼ Corner between 22 & 27, 34-13

Found 32" Cedar BT, S33½°W 80 ft. from corner position. Corner falls in Creek. Set witness corner on North boundary of Section, N89°39'W 63.1 ft. from ¼ Corner position. A BCIP, from which bears:
36" Fir S84°W 24.6 ft. Scribed S27¼BT
34" Fir N22°E 8.2 ft. Scribed S22¼BT
All trees have yellow BT tags.
March 1979 167

¼ Corner for 8, North boundary, between 5 & 8, 34-11

Found 16" Fir stump S20°E 28.4 ft., scribing visible. Original BCIP pulled and bent. Set new BCIP and steel fence post. BT tag nailed to South one of twin 30" stumps N21°W .
March 1979 168

¼ Corner between 26 and 27, 34-13

Found BCIP and one original Pine BT rotten.
Blaze low and attach yellow BT tags on the following:
66" Fir S21 W 15.8 ft.
3" Fir N61 E 10.0 ft.
May 1979 169

Int. ¼ Section 18, 34-11

Found BCIP, all previously marked BT's are down and dead. Mark 30" Madrone N65°E 39.2 ft.
Aug. 1979 169

Section Corner to 14, 15, 22 & 23, 41-13

Reset this corner from information contained on OSHD map No.9B-6-23 as revised June 1970. We identify OSHD monuments in vicinity and using same, relate to location of Section Corner. Set BCIP in West shoulder of relocated Oregon Coast Highway.
June 1979 170

CHAINS

¼ Corner between 21 and 22, 31-15

Found remains of three old iron pipes on North side of gravel access road. Also 15" Hemlock BT N53°W 4.0 ft., wind thrown, scribing visible. Set BCIP and mark 12" Hemlock N57¼°W 32.8 ft.
Sept. 1979 170

Section Corner to 7, 8, 17 & 18, 37-14

Replace recorded IP with BCIP and scribe and tag 8" White Fir N26°W 24.4 ft. Tag previously faced and scribed 18" Tanoak N86¼°E 17.4 ft.
Sept. 1979 173

Int. ¼ Section 29, 31-14

Set BCIP in mound of stone.
12" Fir S13°W 14.6 ft.
10" Fir N46°E 14.8 ft.
10" Fir N33°W 13.8 ft.
Yellow BT tags on bearing trees.
July 1980 177

SW Corner DLC 39, 41-13

After years of continious destruction we again set said corner from previous surveys. Set BCIP on S side of drainage ditch, with fence post adjacent.
July 1980 177

¼ Corner between 7 and 18, 35-11

We retrace South boundary of Section 7 and replace the South ¼ Corner of said Section 7 at proportionate destance according to U.S. survey. Set BCIP in West shoulder of Siskiyou #333, witnessed by a steel fence post, in an area of dence blackberry.
Aug. 1980 177

Int. ¼ Section 10, 36-14

Recovered ½" IP as set by S.O. Newhouse Dec. 1941. Corner falls on extreme steep slope to the South. Face and scribe the following:
14" Fir N32°E 11.6 ft.
12" Fir S14°W 7.1 ft.
Nov. 1980 178

Section Corner to 34 & 35, 35-14 and 3 & 2, 36-14

Found White Fir stump N68°E 14.5 ft. Corner verified by measuring North from the Section Corner to 2, 3, 10 and 11. Set BCIP and drive steel fence post adjacent, from which bears:
12" Douglas Fir N13°W 57.3 ft.
8" Alder bark scribed N80°E 33.5 ft.
6" Alder bark scribed West 9 ft.
11" Myrtle (in clump) bark scribed S31°E 13.0 ft.
Nov. 1980 178

CHAINS

¼ Corner between 21 and 22, 31-15

Found remains of three old iron pipes on North side of gravel access road. Also 15" Hemlock BT N53°W 4.0 ft., wind thrown, scribing visible. Set BCIP and mark 12" Hemlock N57¼°W 32.8 ft.
Sept. 1979 170

Section Corner to 7, 8, 17 & 18, 37-14

Replace recorded IP with BCIP and scribe and tag 8" White Fir N26°W 24.4 ft. Tag previously faced and scribed 18" Tanoak N86¼°E 17.4 ft.
Sept. 1979 173

Int. ¼ Section 29, 31-14

Set BCIP in mound of stone.
12" Fir S13°W 14.6 ft.
10" Fir N46°E 14.8 ft.
10" Fir N33°W 13.8 ft.
Yellow BT tags on bearing trees.
July 1980 177

SW Corner DLC 39, 41-13

After years of continious destruction we again set said corner from previous surveys. Set BCIP on S side of drainage ditch, with fence post adjacent.
July 1980 177

¼ Corner between 7 and 18, 35-11

We retrace South boundary of Section 7 and replace the South ¼ Corner of said Section 7 at proportionate destance according to U.S. survey. Set BCIP in West shoulder of Siskiyou #333, witnessed by a steel fence post, in an area of dence blackberry.
Aug. 1980 177

Int. ¼ Section 10, 36-14

Recovered ½" IP as set by S.O. Newhouse Dec. 1941. Corner falls on extreme steep slope to the South. Face and scribe the following:
14" Fir N32°E 11.6 ft.
12" Fir S14°W 7.1 ft.
Nov. 1980 178

Section Corner to 34 & 35, 35-14 and 3 & 2, 36-14

Found White Fir stump N68°E 14.5 ft. Corner verified by measuring North from the Section Corner to 2, 3, 10 and 11. Set BCIP and drive steel fence post adjacent, from which bears:
12" Douglas Fir N13°W 57.3 ft.
8" Alder bark scribed N80°E 33.5 ft.
6" Alder bark scribed West 9 ft.
11" Myrtle (in clump) bark scribed S31°E 13.0 ft.
Nov. 1980 178

CHAINS

Witness Corner to 1, 36-15 and 6, 36-14

Set BCIP in West side of relocated Oregon Coast Highway, 15 ft. West of true position. From witness corner a 4" White Fir bears N65°E 23.7 ft., BT tag attched. Also a 8x8 inch guard rail post bears S37°W 6.3 ft.,(to North face) BT tag attched.
April 1981 181

Township Corner 35-15, 35-14, 36-15, and 36-14

Corner identified from 1964 BCIP on West side of old Highway 101. Face, scribe and attach BT tags to the following:
15" White Fir N45°W 3.2 ft.
15" White Fir S24°W 35.8 ft.
7" Spruce N14°W 13.8 ft.
6" Spruce N76°W 45.3 ft.
April 1981 181

¼ Corner between 9 and 10, 31-15

Restore corner from information shown on County Road survey performed by Forest Hales. Set BCIP flush in intersection of Haga Road and Floras Lake Road. Mark the following:
48" Spruce S54°E 54.4 ft. (set reference IB's)
Telephone pole N60°E 64.3 ft. (see file # 31-117)
July 1981 184

Int. ¼ Section 31, 35-14

Identify corner from old rusty pipe and remains of recorded BT. Replace with BCIP and steel fence post driven adjacent, from which bears:
6" White Fir N40°E 5.5 ft.
5" White Fir S40°W 10.5 ft.
BT tags attched.
Said corner is NE corner of Hillside Acres Subdivision.
Aug. 1981 185

Section Corner to 28, 29, 32, & 33, 32-15

Found BCIP one foot below surface in centerline of Averill Hill Road. Face and bark scribe the following:
14" Douglas Fir S60°E 48.5 ft.
14" Douglas Fir N74°W 47.3 ft. Yellow BT tags attched.
Nov. 1981 186

Int. ¼ Section 5, 33-15

BCIP found in process of tying Port Orford city monuments to said corner. Mark 18" Fir N7°E 7.9 ft.
Feb. 1982 187

Section Corner to 14, 15, 22, & 23, 35-13

Identify corner from 14x16 inch stone on end in mound of stone, also remains of three Tanoak BT's in the NE, SE, and SW quadrants. Set BCIP, face and scribe the following:
48" Fir stump N31°W 87.0 ft.
54" Fir stump N50½°E 32.1 ft.
Logged over area.
June 1982 189

CHAINS

Witness Corner to 1, 36-15 and 6, 36-14

Set BCIP in West side of relocated Oregon Coast Highway, 15 ft. West of true position. From witness corner a 4" White Fir bears N65°E 23.7 ft., BT tag attched. Also a 8x8 inch guard rail post bears S37°W 6.3 ft.,(to North face) BT tag attched.
April 1981 181

Township Corner 35-15, 35-14, 36-15, and 36-14

Corner identified from 1964 BCIP on West side of old Highway 101. Face, scribe and attach BT tags to the following:
15" White Fir N45°W 3.2 ft.
15" White Fir S24°W 35.8 ft.
7" Spruce N14°W 13.8 ft.
6" Spruce N76°W 45.3 ft.
April 1981 181

¼ Corner between 9 and 10, 31-15

Restore corner from information shown on County Road survey performed by Forest Hales. Set BCIP flush in intersection of Haga Road and Floras Lake Road. Mark the following:
48" Spruce S54°E 54.4 ft. (set reference IB's)
Telephone pole N60°E 64.3 ft. (see file # 31-117)
July 1981 184

Int. ¼ Section 31, 35-14

Identify corner from old rusty pipe and remains of recorded BT. Replace with BCIP and steel fence post driven adjacent, from which bears:
6" White Fir N40°E 5.5 ft.
5" White Fir S40°W 10.5 ft.
BT tags attched.
Said corner is NE corner of Hillside Acres Subdivision.
Aug. 1981 185

Section Corner to 28, 29, 32, & 33, 32-15

Found BCIP one foot below surface in centerline of Averill Hill Road. Face and bark scribe the following:
14" Douglas Fir S60°E 48.5 ft.
14" Douglas Fir N74°W 47.3 ft. Yellow BT tags attched.
Nov. 1981 186

Int. ¼ Section 5, 33-15

BCIP found in process of tying Port Orford city monuments to said corner. Mark 18" Fir N7°E 7.9 ft.
Feb. 1982 187

Section Corner to 14, 15, 22, & 23, 35-13

Identify corner from 14x16 inch stone on end in mound of stone, also remains of three Tanoak BT's in the NE, SE, and SW quadrants. Set BCIP, face and scribe the following:
48" Fir stump N31°W 87.0 ft.
54" Fir stump N50½°E 32.1 ft.
Logged over area.
June 1982 189

CHAINS

¼ Corner between 22 and 23, 35-13

The ¼ Corner falls on a very unstable, steep slope. We attempt to set the witness corner on line but no suitable location was found. Therefore we set witness corner BCIP in position S6° 41' 30" W 19.33 ft. from true ¼ Corner position. A 20" Douglas Fir with face but no scribing refered to by Horton bears N50°W 40 ft. from witness corner and N76°W 30.8 ft. from true corner position. Face and scribe 6" Douglas Fir S14°E 4.3 ft. from witness corner. An old ½" IP found in vicinity was driven at the location of the true ¼ corner.
June 1982 189

Section Corner to 3, 4, 9, and 10, 36-14

Found 3/4" IP in mound of stone, replace with BCIP.
Found: 48" Fir snag N41°W 37.8 scribing visible at base.
12" Tanoak South 10.6 ft. scribing visible.
14" Tanoak S17°W 15.6 ft. no scribing.
10" Tanoak S88°E 29.6 ft. scribing visible.
Scribe 12" Tanoak N29°E 26.2 ft.
June 1982 189

Section Corner to 28, 29, 32, & 33, 36-14

Found 48" Fir stump N8°E 18 ft., bark scribing visible.
48" Fir stump S17°E 21 ft., face visible.
10" Myrtle N36°W 48.6 ft., face visible.
48" Fir stump S70°W 29 ft.
Set ACAP at corner location and attach BT tags to remains of BT's.
July 1982 190

Section Corner to 32 & 33, 32-15 and 4 & 5, 33-15

Found axle, within Block 160, Port Orford Plat of 1865. Replace with ACAP, from which bears the following BT's:
12" Fir N2°E 27.6 ft.
15" Fir S80°E 22.0 ft.
12" Fir N78°W 12.3 ft.
Said BT's are faced, scribed, and have BT tags attched.
Oct. 1982 192

¼ Corner between 9 and 16, 35-14

Found 1" iron pipe and original BT, which is now a Cedar stump N41°W 9.9 ft. Found 20" Cedar N68°W 11.5 ft. Replace IP with ACAP and mark 8" Cedar S39°E 4.0 ft.
Sept. 1982 191

CHAINS

¼ Corner between 22 and 23, 35-13

The ¼ Corner falls on a very unstable, steep slope. We attempt to set the witness corner on line but no suitable location was found. Therefore we set witness corner BCIP in position S6° 41' 30" W 19.33 ft. from true ¼ Corner position. A 20" Douglas Fir with face but no scribing refered to by Horton bears N50°W 40 ft. from witness corner and N76°W 30.8 ft. from true corner position. Face and scribe 6" Douglas Fir S14°E 4.3 ft. from witness corner. An old ½" IP found in vicinity was driven at the location of the true ¼ corner.
June 1982 189

Section Corner to 3, 4, 9, and 10, 36-14

Found 3/4" IP in mound of stone, replace with BCIP.
Found: 48" Fir snag N41°W 37.8 scribing visible at base.
12" Tanoak South 10.6 ft. scribing visible.
14" Tanoak S17°W 15.6 ft. no scribing.
10" Tanoak S88°E 29.6 ft. scribing visible.
Scribe 12" Tanoak N29°E 26.2 ft.
June 1982 189

Section Corner to 28, 29, 32, & 33, 36-14

Found 48" Fir stump N8°E 18 ft., bark scribing visible.
48" Fir stump S17°E 21 ft., face visible.
10" Myrtle N36°W 48.6 ft., face visible.
48" Fir stump S70°W 29 ft.
Set ACAP at corner location and attach BT tags to remains of BT's.
July 1982 190

Section Corner to 32 & 33, 32-15 and 4 & 5, 33-15

Found axle, within Block 160, Port Orford Plat of 1865. Replace with ACAP, from which bears the following BT's:
12" Fir N2°E 27.6 ft.
15" Fir S80°E 22.0 ft.
12" Fir N78°W 12.3 ft.
Said BT's are faced, scribed, and have BT tags attched.
Oct. 1982 192

¼ Corner between 9 and 16, 35-14

Found 1" iron pipe and original BT, which is now a Cedar stump N41°W 9.9 ft. Found 20" Cedar N68°W 11.5 ft. Replace IP with ACAP and mark 8" Cedar S39°E 4.0 ft.
Sept. 1982 191

CHAINS

RESTORE SECTION CORNER TO
SEC.S 22,23,26, and 27, T.30S., R14W.
W.M., CURRY CO., ORE.

WE measure North 58° East 66 feet from a 30 foot high fir snag 40 inches in diameter with full scribing visible and set a 2½ inch aluminum capped aluminum pipe for said Section corner. The 6 foot fir North 54° West 103.6 feet is a burned snag, no scribing and the 40 inch fir North 79 feet is a burned rotten snag, no scribing. The above mentioned trees are the remains of the original 1879 bearing trees. We find no remains of the corner assessories of D. Cunniff. We mark 20 in. Myrtle S21°W 34.6 feet.
Those present: H.J. Newhouse, Bryan Flavin,

CURRY COUNTY SURVEYOR

CHAINS

HES 228 in Section 28, 34-13
(see map #34-59)

Corner #1

Found iron bolt set in 1956 and the following BT's:
48" Maple N5°W 46.2 ft., healed face.
36" Cedar S25°E 47.5 ft., healed face.
Replace iron bolt with ACAP and drive steel fence post adjacent. Attach yellow BT tags to trees.

Corner #2

Identify corner from ½" IP driven next to original stone. Original Fir BT now a standing snag. Replace IP with ACAP and drive steel fence post adjacent, from which bear the following BT'S:
24" Alder N47°W 31.5 ft.
24" Myrtle N38°E 38.0 ft.

Corner #3

Original corner falls in slide area, no stone or BT's recovered. Set Witness Corner for Corner #3 80.0 ft. East of true position, an ACAP with steel fence post adjacent, from which bears:
14" Tanoak S33W 34.4 ft.
36" Maple S28°E 11.5 ft. (both BT's faced)

Corner #4

Found 10"x3" pointed flat stone, 6" above ground. Also Tanoak with rotted out face and Hemlock stump in poor condition, all described in original notes. Set ACAP along side stone, inside claim and bark scribe 72" Fir N76°W 23 ft. to face and
60" Fir N2°W 20.5 ft. to face. Large "X" cut into the bark of both BT's.

Corner #5

We find large smooth stone at base of 48" Fir snag. No marks visible. We find rotted remains of Douglas Fir, scribing visible and remains of Tanoak with scribing visible. Set ACAP adjacent to stone from which bears the following BT's:
10" Douglas Fir S52°E 11.0 ft.
10" Hemlock S31°W 21.6 ft. (both BT's faced & scribed)
Steel fence post driven adjacent to ACAP.

Corner #6

Uncover BCIP, 18" deep in old slide area. Found original BT, S31°E 30 ft., now snag, scribing visible. Drive steel fence post adjacent and mark the following BT's:
14" Hemlock S86°E 13.0 ft.
20" Hemlock S60°E 29.8 ft.

Corner #7

Find BCIP set by H.J. Newhouse in 1965, adjacent to stone, 25 ft.± West of Youth Camp Road.
48" Fir bears S15W 27.5 ft., bark scribed, "7 BT"
April 1983 194

Corner #1

Found iron bolt set in 1956 and the following BT's:
48" Maple N5°W 46.2 ft., healed face.
36" Cedar S25°E 47.5 ft., healed face.
Replace iron bolt with ACAP and drive steel fence post adjacent. Attach yellow BT tags to trees.

Corner #2

Identify corner from ½" IP driven next to original stone. Original Fir BT now a standing snag. Replace IP with ACAP and drive steel fence post adjacent, from which bear the following BT'S:
24" Alder N47°W 31.5 ft.
24" Myrtle N38°E 38.0 ft.

Corner #3

Original corner falls in slide area, no stone or BT's recovered. Set Witness Corner for Corner #3 80.0 ft. East of true position, an ACAP with steel fence post adjacent, from which bears:
14" Tanoak S33W 34.4 ft.
36" Maple S28°E 11.5 ft. (both BT's faced)

Corner #4

Found 10"x3" pointed flat stone, 6" above ground. Also Tanoak with rotted out face and Hemlock stump in poor condition, all described in original notes. Set ACAP along side stone, inside claim and bark scribe 72" Fir N76°W 23 ft. to face and
60" Fir N2°W 20.5 ft. to face. Large "X" cut into the bark of both BT's.

Corner #5

We find large smooth stone at base of 48" Fir snag. No marks visible. We find rotted remains of Douglas Fir, scribing visible and remains of Tanoak with scribing visible. Set ACAP adjacent to stone from which bears the following BT's:
10" Douglas Fir S52°E 11.0 ft.
10" Hemlock S31°W 21.6 ft. (both BT's faced & scribed)
Steel fence post driven adjacent to ACAP.

Corner #6

Uncover BCIP, 18" deep in old slide area. Found original BT, S31°E 30 ft., now snag, scribing visible. Drive steel fence post adjacent and mark the following BT's:
14" Hemlock S86°E 13.0 ft.
20" Hemlock S60°E 29.8 ft.

Corner #7

Find BCIP set by H.J. Newhouse in 1965, adjacent to stone, 25 ft.± West of Youth Camp Road.
48" Fir bears S15W 27.5 ft., bark scribed, "7 BT"
April 1983 194

CHAINS

Section Corner to 4, 5, 8, and 9, 35-14

Found 1" iron pipe described by L. Prahar, Aug. 1971. Also 42" Stump S89°E 3.3 ft.
6" (now 14") Fir S12°E 17.7 ft. (measure 14.6 ft.).
Two recent BT's scribed:
14" White Fir N15°W 10.5 ft.
14"White Fir S71°W 30.0 ft.
Replace IP with ACAP, drive steel fence post adjacnt.
Face and scribe 14" White Fir S75°E 34.0 ft.
Corner is South of access road for BPA on South slope in area of dense reproduction Fir.
June 1983 195

Section Corner to 7 and 18, 37-14 and 12 and 13, 37-15

This corner set from best information contained in recorded surveys. There being no evidence of original accessories. The actual corner falls in activity area of the County Road Dept. We chisel "X" in rock at corner location and set witness ACAP 72.34 ft. West from true corner position. A steel fence post is driven adjacent.
Aug. 1983 196

Section Corner to 29, 30, 31, and 32, 36-14

Found large IP South of Indain Creek. Identify the following BT's:
24" Maple N39°W 8.0 ft.
24" Spruce stump S43°W 19.0 ft.
18" Fir S44°E 15.0 ft.
18" Fir N64°E 14.0 ft.
Replace IP with ACAP, steel fence post adjacent.
Aug. 1983 196

¼ Corner between 30 and 31, 36-14

Locate corner from notes of S.O. Newhouse and BPA powerline map. Found 1" IP and remains of Myrtle BT. Corner falls under approx. centerline of powerline. Set ACAP with steel fence post adjacent.
Dec. 1983 196

Section Corner to 27, 28, 33, and 34, 32-15

Found 2" square rod, replace with ACAP. Found 24" Fir stump N30°E 9.2 ft.
Marked the following:
12" Fir N79°E 3.9 ft.
12" Fir S18°E 19.9 ft.
Power pole N60°W 33.0 ft.
June 1984 200

¼ Corner between 3 and4, 32-15

Found 5/8" iron rod adjacent to cedar fence post at fence corner. Replace with ACAP and mark the following BT's:
10" Douglas Fir S66°E 14.4 ft.
14" Cedar N40°E 22.5 ft.
Corner falls North of Crystal Creek Road, approx. 100 ft., in dense undergrowth.
A cattle guard on Crystal Creek Road is South of said ¼ Corner.
June 1984 200

CHAINS

Section Corner to 4, 5, 8, and 9, 35-14

Found 1" iron pipe described by L. Prahar, Aug. 1971. Also 42" Stump S89°E 3.3 ft.
6" (now 14") Fir S12°E 17.7 ft. (measure 14.6 ft.).
Two recent BT's scribed:
14" White Fir N15°W 10.5 ft.
14"White Fir S71°W 30.0 ft.
Replace IP with ACAP, drive steel fence post adjacnt.
Face and scribe 14" White Fir S75°E 34.0 ft.
Corner is South of access road for BPA on South slope in area of dense reproduction Fir.
June 1983 195

Section Corner to 7 and 18, 37-14 and 12 and 13, 37-15

This corner set from best information contained in recorded surveys. There being no evidence of original accessories. The actual corner falls in activity area of the County Road Dept. We chisel "X" in rock at corner location and set witness ACAP 72.34 ft. West from true corner position. A steel fence post is driven adjacent.
Aug. 1983 196

Section Corner to 29, 30, 31, and 32, 36-14

Found large IP South of Indain Creek. Identify the following BT's:
24" Maple N39°W 8.0 ft.
24" Spruce stump S43°W 19.0 ft.
18" Fir S44°E 15.0 ft.
18" Fir N64°E 14.0 ft.
Replace IP with ACAP, steel fence post adjacent.
Aug. 1983 196

¼ Corner between 30 and 31, 36-14

Locate corner from notes of S.O. Newhouse and BPA powerline map. Found 1" IP and remains of Myrtle BT. Corner falls under approx. centerline of powerline. Set ACAP with steel fence post adjacent.
Dec. 1983 196

Section Corner to 27, 28, 33, and 34, 32-15

Found 2" square rod, replace with ACAP. Found 24" Fir stump N30°E 9.2 ft.
Marked the following:
12" Fir N79°E 3.9 ft.
12" Fir S18°E 19.9 ft.
Power pole N60°W 33.0 ft.
June 1984 200

¼ Corner between 3 and4, 32-15

Found 5/8" iron rod adjacent to cedar fence post at fence corner. Replace with ACAP and mark the following BT's:
10" Douglas Fir S66°E 14.4 ft.
14" Cedar N40°E 22.5 ft.
Corner falls North of Crystal Creek Road, approx. 100 ft., in dense undergrowth.
A cattle guard on Crystal Creek Road is South of said ¼ Corner.
June 1984 200

CHAINS

Section Corner to 10, 11, 14, & 15, 35-13

Found IP in mound of stone and the following BT's:
36" Fir snag N33°E 45 ft. (with "I" chopped into snag).
20" Madrone snag N3°W 51 ft., scribing visible.
14" Fir S19°30'E 42 ft. healed face.
16" Tanoak S41°W 55 ft., down.
Replace IP with ACAP, steel fence post adjacent.
Mark 10" Tanoak N76°W 14.5 ft.
June 1984 201

¼ Corner between 13 and 14, 35-13

Found 3/4" IP in mound of stone, 20 feet West of cat road/fire trail, and on high point of spur.
Also found Madrone stump S34°W 42 ft., face visible.
Tanoak N14°E, blown down, face visible.
Reset with ACAP, with steel fence post adjacent, and mark the following BT's:
3" Fir S36°E 23.4 ft.
3" Fir N62°E 18.0 ft. Both Fir BT's on cat road.
June 1984 202

¼ Corner between 14 and 15, 35-13

On the 1st day of recovery we find, 3/4" IP in partially destroyed rock mound under blown down Tanoak and Myrtle. Also broken Tanoak, portion of face visible, N35°W 7.3 ft., Madrone snag, face and scribing visible, N48°W 25.7 ft.
Replace IP with ACAP and steel fence post adjacent.
Mark the following BT's:
48" Douglas Fir S61°W 82.2 ft.
52" Douglas Fir N58°W 85.6 ft.
Although the corner was recovered after remeasuring the entire West side of Section 14, we found the location does not fit any of the previously two recorded surveys. Examination of the ground indicates a massive land movement to the South. In the subdivision of Section 14 this surveyor disregarded the location of said ¼ Corner and calculated the subdivision on the basis of the prorated distance between the SW Corner of Section 14 and the NW Corner of Section 14.
H.J. Newhouse
July 1984 202

Witness Corner to ¼ Corner between 10 & 14, 35-13

The true location of the ¼ Corner falls in the main logging road. The true corner position was identified from an original Fir BT, now a 30" snag, from the corner, N8°W 43.8 ft.
The witness Corner bears N16°22'W 10.9 ft. from the true corner position. Face and scribe the following BT's:
8" Fir S20°E 30.3 ft.
8" Fir West 35.4 ft. Attch BT tags.
Aug. 1984 202

CHAINS

Section Corner to 10, 11, 14, & 15, 35-13

Found IP in mound of stone and the following BT's:
36" Fir snag N33°E 45 ft. (with "I" chopped into snag).
20" Madrone snag N3°W 51 ft., scribing visible.
14" Fir S19°30'E 42 ft. healed face.
16" Tanoak S41°W 55 ft., down.
Replace IP with ACAP, steel fence post adjacent.
Mark 10" Tanoak N76°W 14.5 ft.
June 1984 201

¼ Corner between 13 and 14, 35-13

Found 3/4" IP in mound of stone, 20 feet West of cat road/fire trail, and on high point of spur.
Also found Madrone stump S34°W 42 ft., face visible.
Tanoak N14°E, blown down, face visible.
Reset with ACAP, with steel fence post adjacent, and mark the following BT's:
3" Fir S36°E 23.4 ft.
3" Fir N62°E 18.0 ft. Both Fir BT's on cat road.
June 1984 202

¼ Corner between 14 and 15, 35-13

On the 1st day of recovery we find, 3/4" IP in partially destroyed rock mound under blown down Tanoak and Myrtle. Also broken Tanoak, portion of face visible, N35°W 7.3 ft., Madrone snag, face and scribing visible, N48°W 25.7 ft.
Replace IP with ACAP and steel fence post adjacent.
Mark the following BT's:
48" Douglas Fir S61°W 82.2 ft.
52" Douglas Fir N58°W 85.6 ft.
Although the corner was recovered after remeasuring the entire West side of Section 14, we found the location does not fit any of the previously two recorded surveys. Examination of the ground indicates a massive land movement to the South. In the subdivision of Section 14 this surveyor disregarded the location of said ¼ Corner and calculated the subdivision on the basis of the prorated distance between the SW Corner of Section 14 and the NW Corner of Section 14.
H.J. Newhouse
July 1984 202

Witness Corner to ¼ Corner between 10 & 14, 35-13

The true location of the ¼ Corner falls in the main logging road. The true corner position was identified from an original Fir BT, now a 30" snag, from the corner, N8°W 43.8 ft.
The witness Corner bears N16°22'W 10.9 ft. from the true corner position. Face and scribe the following BT's:
8" Fir S20°E 30.3 ft.
8" Fir West 35.4 ft. Attch BT tags.
Aug. 1984 202

CHAINS

Section Corner to 13, 14, 23 & 24, 35-13

Found 12"x12" stone with one notch on East side.
Madrone NE blown over
Madrone S8°E 32.0 ft., rotted out
Tanoak rotted out
Set ACAP and steel fence post adjacent to stone, from which bears:
4" Fir N40°W 25.5 ft. scribed "X BT"
48" Fir N2°E 77.0 ft., stump
3" Fir S43°E 9.6 ft. scribed "X BT"
4" Fir S77°W 17.3 ft. scribed "X BT"
BT tags attched to the above.
Aug. 1984 202

Section Corner to 23, 24, 25, & 26, 35-13

Found large 30" upright boulder with large "X" chiseled on top and 50" Fir stump S27°E 24.2 ft.
Drive 2" iron pipe adjacent to stone, and mark the following BT's:
7" Fir N60°E 10.5 ft.
4" Fir N34°W 11.0 ft.
Attach BT tags to stump and trees.
Corner is 50 ft. Easterly from main logging road.
Aug. 1984 202

¼ Corner between 13 and 24, 35-13

Found 1 inch iron pipe and remains of original BT's.
52" Fir stump S20°E 34.0 ft.
50" Fir snag N66°E 25.0 ft.
BT tags attached to both original BT's.
Replace found iron pipe with ACAP, drive steel fence post adjacent.
Aug. 1984 202

¼ Corner between Sections 24 and 25, 35-13

Identify original 1881 bearing tree, a 40" Fir snag N83°E 105.6 ft, from true corner position.
Set ACAP and mark the follwoing:
24" Fir S60°E 29.4 ft.
20" Fir N34°E 50 ft.
Attach BT tags to both new BT's.
Drive steel fence post adjacent to corner. Corner falls on the East edge of a prairie.
The Caughell corner set in 1914 was also recovered and reset. An examination of Caughell's notes indicates he did not proportion the corner in correctly. His corner is very nearly on line but 102.6 ft. West of the original. Another stone pile was found even farther to the West that had little relation to anything.
Aug. 1984 202

¼ Corner between Sections 25 and 36, 35-14

Found BCIP and 16" Alder N42°E 44.0 ft.
Mark the following:
18" Hemlock N43°W 14.7 ft.
22" Myrtle in clump S20°W 47.5 ft.
There is a 60" Fir stump behing the Hemlock.
Attach BT tags to all BT's.
Sept. 1984 202

CHAINS

Section Corner to 13, 14, 23 & 24, 35-13

Found 12"x12" stone with one notch on East side.
Madrone NE blown over
Madrone S8°E 32.0 ft., rotted out
Tanoak rotted out
Set ACAP and steel fence post adjacent to stone, from which bears:
4" Fir N40°W 25.5 ft. scribed "X BT"
48" Fir N2°E 77.0 ft., stump
3" Fir S43°E 9.6 ft. scribed "X BT"
4" Fir S77°W 17.3 ft. scribed "X BT"
BT tags attched to the above.
Aug. 1984 202

Section Corner to 23, 24, 25, & 26, 35-13

Found large 30" upright boulder with large "X" chiseled on top and 50" Fir stump S27°E 24.2 ft.
Drive 2" iron pipe adjacent to stone, and mark the following BT's:
7" Fir N60°E 10.5 ft.
4" Fir N34°W 11.0 ft.
Attach BT tags to stump and trees.
Corner is 50 ft. Easterly from main logging road.
Aug. 1984 202

¼ Corner between 13 and 24, 35-13

Found 1 inch iron pipe and remains of original BT's.
52" Fir stump S20°E 34.0 ft.
50" Fir snag N66°E 25.0 ft.
BT tags attached to both original BT's.
Replace found iron pipe with ACAP, drive steel fence post adjacent.
Aug. 1984 202

¼ Corner between Sections 24 and 25, 35-13

Identify original 1881 bearing tree, a 40" Fir snag N83°E 105.6 ft, from true corner position.
Set ACAP and mark the follwoing:
24" Fir S60°E 29.4 ft.
20" Fir N34°E 50 ft.
Attach BT tags to both new BT's.
Drive steel fence post adjacent to corner. Corner falls on the East edge of a prairie.
The Caughell corner set in 1914 was also recovered and reset. An examination of Caughell's notes indicates he did not proportion the corner in correctly. His corner is very nearly on line but 102.6 ft. West of the original. Another stone pile was found even farther to the West that had little relation to anything.
Aug. 1984 202

¼ Corner between Sections 25 and 36, 35-14

Found BCIP and 16" Alder N42°E 44.0 ft.
Mark the following:
18" Hemlock N43°W 14.7 ft.
22" Myrtle in clump S20°W 47.5 ft.
There is a 60" Fir stump behing the Hemlock.
Attach BT tags to all BT's.
Sept. 1984 202

CHAINS	
	Int. ¼ Corner Section 36, 35-14 Found BCIP in mound of stone and 24" Tanoak N28°E 99.0 ft. Mark the following: 28" Fir N66°E 105.1 ft. Sept. 1984 202
	¼ Corner South boundary Section 31 only, 34-13 Corner destroyed by cat road construction. Found double 20" Cedar stump N22°45'E 24.4 ft., faced with scribing visible. Rotted Tanoak N25°W 25.1 ft. Set ACAP with fence post adjacent, from which bears: 5" Hemlock N59°E 25.2 ft. scribed "S 31 BT" 24" Cedar stump N70°E 24.3 ft. scribed "BT" BT tags attached to both BT's. Oct. 1984 202
	¼ Corner North boundary Section 6 only, 35-13 Found original stone, BT's rotted and down. Set ACAP with steel fence post adjacent and mark the following: 6" Fir N14°W 8.6 ft. 8" Hemlock S74°E 24.7 ft. 6" Hemlock S48°E 14.4 ft. 36" Cedar stump East 19.1 ft. Attach BT tags to all BT's. Oct. 1984 202
	Closing Corner between 5 & 6 on N boundary of Township, 35-13 Found original stone and the following BT's: 20" Tanoak N6°W 13.0 ft. 50" Fir S88°W 16.6 ft. 30" Tanoak S34°W 17.0 ft. 26" Tanoak S34°E 37.7 ft. BT tags attached to all BT's. Set ACAP and steel fence post adjacent to original stone. Oct. 1984 202

CHAINS	
	Int. ¼ Corner Section 36, 35-14 Found BCIP in mound of stone and 24" Tanoak N28°E 99.0 ft. Mark the following: 28" Fir N66°E 105.1 ft. Sept. 1984 202
	¼ Corner South boundary Section 31 only, 34-13 Corner destroyed by cat road construction. Found double 20" Cedar stump N22°45'E 24.4 ft., faced with scribing visible. Rotted Tanoak N25°W 25.1 ft. Set ACAP with fence post adjacent, from which bears: 5" Hemlock N59°E 25.2 ft. scribed "S 31 BT" 24" Cedar stump N70°E 24.3 ft. scribed "BT" BT tags attached to both BT's. Oct. 1984 202
	¼ Corner North boundary Section 6 only, 35-13 Found original stone, BT's rotted and down. Set ACAP with steel fence post adjacent and mark the following: 6" Fir N14°W 8.6 ft. 8" Hemlock S74°E 24.7 ft. 6" Hemlock S48°E 14.4 ft. 36" Cedar stump East 19.1 ft. Attach BT tags to all BT's. Oct. 1984 202
	Closing Corner between 5 & 6 on N boundary of Township, 35-13 Found original stone and the following BT's: 20" Tanoak N6°W 13.0 ft. 50" Fir S88°W 16.6 ft. 30" Tanoak S34°W 17.0 ft. 26" Tanoak S34°E 37.7 ft. BT tags attached to all BT's. Set ACAP and steel fence post adjacent to original stone. Oct. 1984 202

CHAINS

Int. ¼ Corner Section 31, 31-14

Set 3/4" iron pipe, from which bear:
16" Fir S09°E 28.3 ft.

Luckman May 1978 #32-165

¼ Corner between 26 and 35, 32-15

Set 1 3/4" Iron Pipe, 1.5 ft. high, at proportioned distance in field. From corner go East 52.2 ft. to fence, and go North 62.1 ft. to fence.
Prahar Sept. 1978 #32-171

¼ Corner between 5 and 6, 32-14

Found original stone now 2'x2'x1½', with visible "¼", 75 ft. South from left bank Edson Cr. and painted red. 12" Alder N50°E 55 ft. bark scribed.
10" Maple S26°W 10.5 ft. faced and scribed.
Stuntzner April 1980 #32-190

Section Corner to 20, 21, 28, & 29, 32-15

Pipe cemented 3 ft. in ground, with brass cap level with roadway gravel surface. Reference points:
3/4" Iron Pipe (on section line) N00°19'19"W 78.30 ft.
Nail in 6" Fir stump S71°07'40"E 42.12 ft.
Nail in power pole S08°34'19"W 14.82 ft.
Prahar Aug. 1974 #32-126

North ¼ Corner, Section 17, 32-13

Set 5/8" iron rod proportionate between Section Corners.
48" Fir stump with RR spike N8½°W 38.5 ft.
34" Fir stump S85°W 15.3 ft.
10" Hemlock N89½°W 90.7 ft.
Stuntzner Sept. 1975 32-134

Int. ¼ Section 8, 32-14

Set 5/8"x40" iron rod, from which bears:
22" Myrtle S67°W 30.6 ft.
24" Myrtle N55°W 22.2 ft.
Hales Sept. 1975 #32-135

CHAINS

NE Corner 9, 32-14

Set 5/8" iron rod beside original stone, from which bears:
40" Cedar stump N 17°E 52.8 ft.
48" Fir S48½°W 40.2 ft.
20" MyrtleS76°E (no distance)
20" Oak N79°W 16.0 ft.

East ¼ Corner said Section 9

Set 5/8" iron rod, from which bears:
18" Hemlock S18°W 12.9 ft.
18" Hemlock N85½°E 22.2 ft.

South ¼ Corner said Section 9

Set 3/4" iron pipe in cat road, from which bears:
20" Cedar stump N40°E 31.6 ft.
10" Fir N65°W 22.5 ft.
10" Hemlock S49°E 28.5 ft.
Stuntzner Feb. 1976 #32-139

NE Corner 4, 32-14

Set 16"x12"x5" stone, from which bears:
24" Cedar S27°W 49.8 ft.
18" Fir S84½°E 59.4 ft.
14" Cedar N28½°E 41.6 ft.
20" Fir stump N41½°W 82.5 ft.

East ¼ Corner said Section 4

Set 5/8" iron rod from which bears:
54" Fir snag S79°E 17.8 ft. (original)
28" Cedar East 46.1 ft. (new)
50" Fir stump S38°W 31.3 ft.(new)
6" White Fir S60½°W 23.7 ft.(new)

SE Corner said Section 4

Set 5/8" iron rod alongside original stone, from which bears:
40" Cedar stump N17°E 52.8 ft. (original)
48" Fir S48½°W 40.2 ft. (new)
20" Myrtle S76°E, no distance (new)

South ¼ Corner said Section 4

Set 1½" iron pipe with cap, from which bears:
5" Rir N09°E 33 ft.
6" Oak S38°W 16.9 ft.
4" Myrtle S40°E 47.3 ft.
Stuntzner Feb. 1976 #32-140

¼ Corner between 5 and 8, 32-14

Found original Port Orford Cedar BT, now a 28" stump N15°W 29½ lks., and original 60" Fir line tree, now a snag, West 14 lks.
Set 1½" capped iron pipe, from which bears:
8" Tan Oak N19°E 12.7 ft.
10" Tan Oak S13°E 12.1 ft.

Int. ¼ Corner said Section 5

Set 1½" capped iron pipe, from which bears:
16" Fir S84°W 30.1 ft.
10" Myrtle S31½°W 12.4 ft.
22" Fir N6°W 43.4 ft.

Stuntzner Jan. 1974 #32-125

CHAINS

NE Corner 9, 32-14

40" Cedar stump N17°E 52.8 ft. (original)
48" Fir S48½°W 40.2 ft. (new)
20" Myrtle S76°E, no distance (new)

South ¼ Corner said Section 4

Set 1½" iron pipe with cap, from which bears:
5" Rir N09°E 33 ft.
6" Oak S38°W 16.9 ft.
4" Myrtle S40°E 47.3 ft.
Stuntzner Feb. 1976 #32-140

¼ Corner between 5 and 8, 32-14

Found original Port Orford Cedar BT, now a 28" stump N15°W 29½ lks., and original 60" Fir line tree, now a snag, West 14 lks.
Set 1½" capped iron pipe, from which bears:
8" Tan Oak N19°E 12.7 ft.
10" Tan Oak S13°E 12.1 ft.

Int. ¼ Corner said Section 5

Set 1½" capped iron pipe, from which bears:
16" Fir S84°W 30.1 ft.
10" Myrtle S31½°W 12.4 ft.
22" Fir N6°W 43.4 ft.

Stuntzner Jan. 1974 #32-125

CHAINS

West ¼ Corner of Section 4, 34-12

Found GLO monument and BT's, scribe the following BT's:
36" Fir S3°E 71.0 ft. "¼ S4 BT"
20" Fir N3°W 48.8 ft. "¼S5 BT"
20" Fir N78°15'E 35.5 ft. "¼ S4 BT"

Int. ¼ Corner Section 4, 34-12

Set ACAP and scribe the following BT's:
6" Hemlock S17°15'E 18.3 ft. "X" in bark
38" Fir stump N25°15'W 15.2 ft. "S4 BT"

County Surveyor's Note:
Reference is made to an N.D. Price (LS#33) monument dated 1954, S86° 45' W 2.4 ft., which was apparently disqualified.

South ¼ Corner Section 4, 34-12

Found GLO monument and BT's, scribe the following BT's:
12" Fir S10°W 38.1 ft. "¼ S9 BT"
6" Fir N81°E 29.2 ft. "¼ S4 BT"

Ferry Aug. 1980 #34-49

North ¼ Corner Section 26, 34-13

Found BCIP and BT's, and scribe the following BT's:
10" Tanoak N34½°E 30.7 ft. "¼ S23 BT"
8" Hemlock S34½°E 44.9 ft. "¼ S26 BT"

SW Corner Section 26, 34-13

Found BCIP in area badly burned-over, no trees avail. Set 4, 5 ft. aluminum posts with signs 3 ft. from corner in all cardinal directions.

Int. ¼ Section 26, 34-13

Set ACAP in stone mound, and scribe the following BT's: 12" Hemlock S14°45'E 25.3 ft. "C¼ S26 BT"
6" Hemlock N54°30'W 16.2 ft. "X BT"

Thingvall April 1982 #34-57

West ¼ Corner Section 29, 34-14

Set brass capped iron pipe level with macadam, 22.6 ft.± from painted centerline of 101 Highway, and scribe the following BT's:
24" Fir S12°48'E 181.16 ft. to nail in alum. tag "X" in bark.
24" Spruce, center of 4 tree Spruce trees, N19°07'W 49.46 ft. to nail in alum. tag "X" in bark.

North ¼ Corner Section 29, 34-14

Set 1¼" iron pipe with 2½" brass cap.
5½ ft. White Cedar S56°12'W 11.36 ft. to alum. tag.
28" Fir S85°24'W 37.25 ft. to alum tag, "X" in bark.
18" Maple S87°43'E 2.8 ft. to alum tag.

Prahar March 1978 #34-42

Section Corner to 20, 21, 28, and 29, 34-14

Set 3/4"x36" iron rod with aluminum cap, found original BT's, scribe the following new BT's:
30" Myrtle N77°E 47.6 ft. "S21 BT"
30" Hemlock N80°W 26.5 ft. "S20 BT"

Stuntzner March 1984 #34-62

Found 1" iron pipe in cat road and BT's, new BT:
4" Alder N50°E 2.5 ft., bark scribed (?)

Int. ¼ Corner Section 4, 35-14

Set 1½" iron pipe, and mark the following BT's:
18" Fir N72°E 29.2 ft., scribed
24" Fir S32½°W 22.9 ft., bark scribed

SW Corner Section 4, 35-14

Found 1" iron pipe and BT's, now stumps, and scribe the following new BT's:
14" White Fir N15½°W 10.0 ft.
14" White Fir S67½°W 29.7 ft.

South ¼ Corner Section 4, 35-14

Set 1½" iron pipe from which old plow furrow B.O. bears S75°54'W 28.85 ft. (witnesses claim plow furrow to be at approximate corner location, however this evidence cannot be found in records). Scribe the following BT's: 16" White Fir N41½°E 15.7 ft.
10" White Fir S45½°W 24.3 ft.

SE Corner Section 4, 35-14

Found BCIP and BT's, scribe the following BT's:
10" White Fir N14°E 23.1 ft.
8" White Fir S18°E 51.1 ft.
Tagged fence corner post, S06°E 13.5 ft.

Stuntzner Aug. 1980 #35-208

CHAINS

Section Corner to 22, 23, 26, & 27, 35-13

Found 1" iron pipe and BT's, set ACAP and mark new BT's: 16" Tanoak N66°E 18.8 ft., bark scribed.
12" Fir S60°E 78.3 ft., scribed.
12" Fir S42½°E 59.8 ft., scribed.

¼ Corner between 26 and 27, 35-13

Set BCIP at proportioned distance and scribe the following BT's: 10" Tanoak N29°W 45.4 ft., bark scribed.
6" Alder S02°W 56.1 ft., bark scribed.
4" Tanoak East 19.6 ft., faced.

¼ Corner between 27 and 34, 35-13

Set BCIP at proportioned distance, found 1" iron pipe by Horton S18°37'E 18.33 ft.
10" Tanoak N43°E 6.9 ft., bark scribed.
34" Tanoak S07°E 18.0 ft., blaze, paint, bark scribe.

Section Corner to 26, 27, 34, & 35, 35-13

Set ACAP by double proportion and bark scribe the following BT's:
6" Alder N71°E 42.5 ft.
8" Alder S36°E 52.2 ft.
10" Alder S10°W 24.2 ft.
10" Alder N36°W 36.7 ft.

¼ Corner between 34 and 35, 35-13

Set ACAP at proportioned distance, found 1" iron pipe by Horton S26° 22'E 8.8 ft. Also found Horton BT's, which bear from the new monument:
26" Myrtle S60°E 52.5 ft.
26" Tanoak S20°W 41.7 ft.

Fales Sept. 1980 #35-209

Witness Corner to N ¼ Corner Section 16, 35-11

Set ACAP N89°46'17"E 329.79 ft. from true ¼ Corner position. Scribe the following BT's:
16" Fir N4°30'E 16.1 ft. "X BT"
19" Fir S69°45'E 19.9 ft. "X BT"
(Note: True ¼ Corner position falls in slide area)

NE Corner Section 17, 35-11

Found BCIP and BT's, scribe new BT:
14" Fir S43°15'W 100.2 ft. "T35S R11W S17 BT"

Thingvall Jan. 1983 #35-233

Section Corner to 25 & 36, 35-14 and 30 & 31, 35-13

Found 1" iron pipe, set ACAP, found the following BT's: 66" Fir stump N65°E 5 lks., to face.
60" Fir stump S18°30'W 30.8 ft.
18" Fir stump N69°30'W 41.2 ft.
14" Tanoak S81°E 31.9 ft., face partially healed.
Mark the following BT's:
10" Tanoak S52½°W 16.5 ft. barkscribed "T35SR14WS36BT"
14" Hemlock N89°E 95.2 ft., scribed "T35SR13WS30BT"
18" Tanoak N51°E 25.0 ft. scribed "T35SR13WS30BT"
Stuntzner Oct. 1980 #35-212

Found 2" iron pipe; replace with ACAP
Found:56" fir stump-N21-1/2 degrees W, 75.9 ft.
Found:30" fir stump-N 15 degrees E, 58.7 ft.
scribed:16" alder-S 10 degrees S, 43.9 ft.
scribed:12" alder-S 50 degrees E, 31.6 ft.
scribed:10" alder-S 65 degrees E, 32.0 ft.
scribed:6" alder-N 26 degrees W, 31.4 ft.

West 1/4 corner sec. 3, T32S, R13W

Set ACAP
Found 65" fir stump-N 61 degrees E, 21.8 ft.
Found 65" fir stump-WEST, 7.9 ft.
scribed:6" hemlock-N 41 degrees E, 30.5 ft.
scribed:20" hemlock-S 01 degrees E, 51.4 ft.

1/4 corner common to 5 & 6, T32S, R13W

Found original stone; set ACAP
Found 20" maple (now down)-N 81 degrees E, 31.0 ft.
Found 24" maple (now down)-N 72 degrees W, 40.9 ft.
Found 24" hemlock-S 47 degrees E, 48.9 ft.
Found 42" hemlock-S 83-3/4 degrees W, 60.5 ft.
scribed:12" hemlock-N 79 degrees W, 11.2 ft.
scribed:20" hemlock-S 49 degrees E, 48.3 ft.

Interior 1/4 corner section 5, T32S, R13W

Set ACAP
scribed:8" hemlock-N 88 degrees W, 11.4 ft.
scribed:12" D. fir-N 26 degrees E, 11.8 ft.

1/4 corner common to 4 & 5, T32S, R13W

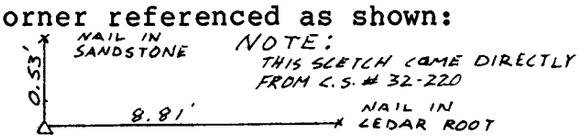
Found 1-1/4" I. pipe; set ACAP
Found 40" cedar stump-N 65 degrees E, 23.1 ft.
Found 76" fir stump-N 88 degrees W, 9.2 ft.
scribed:8" D. fir-N 13 degrees W, 26.0 ft.
scribed:6" D. fir-S 89 degrees E, 36.8 ft.

Interior 1/4 corner section 4, T32S, R13W

Set ACAP
scribed:24" D. fir-S 51 degrees W, 14.0 ft.
scribed:22" D. fir-N 66 degrees W, 26.1 ft.

East 1/4 corner section 4, T32S, R13W

Set rock cap; corner referenced as shown:



scribed:10" hemlock-S 59 degrees W, 21.2 ft.
scribed:20" hemlock-N 70 degrees W, 40.0 ft.

SW corner section 3, T32S, R13W

Set ACAP
Found 56"cedar stump w/face-N 27 degrees E, 64.0ft.
scribed:12" hemlock-S 51 degrees W, 13.8 ft.
scribed:22" alder-S 25 degrees E,58.3 ft.
scribed:34" myrtle-N 38 degrees E, 42.0 ft.

AA Surveying Service, Inc. July 1984 #32-220

CHAINS

1/4 corner common to 5 & 8, T32S, R13W

Found BCIP and stone; set ACAP along side
Found 16" myrtle-N 30 degrees E, 3.3 ft.
scribed:7" D. fir-N 29 degrees W, 11.3 ft.
scribed:9" D. fir-S 08 degrees W, 21.1 ft.
steel fence post bears WEST, 1.0 ft.
1-1/4" I. pipe bears EAST, 1.0 ft.

SW corner section 4, T32S, R13W

Found original stone; set ACAP
Found 60" D. fir-N 75 degrees E, 20.5 ft.
Found 36" cedar stump-S 03-1/2 degrees 66.0 ft.
Found 42 " cedar-S 49 degrees W, 14.6 ft.
Found 56" D. fir-N 29 degrees W, 44.2 ft.
scribed:16" hemlock-S 61 degrees E, 17.2 ft.

1/4 corner common to sections 4 & 9, T32S, R13W

Set ACAP
Found 28" D. fir-N 68 degrees E,34.0 ft.
Found 24" D. fir(now down)-S 48 degrees E, 21.8 ft.
scribed:18" D. fir-S 24 degrees W, 37.3 ft.

Closing Corner to sections 4 & 9, T32S, R13W

Found original stone and a 1-1/2" I.pipe; set ACAP
Found remains of hemlock-N 68 degrees W, 20.5 ft.
Found 34" W. fir-S 30 degrees W, 22.5 ft.
Found 28" cedar(blown down)-S 38 degrees W, 21.5ft.
Found 24" cedar-N 25 degrees W, 23.3 ft.
scribed:10" hemlock-S 11 degrees W, 38.2 ft.

West 1/4 corner to section 10, T32S, R13W

Found original stone and a BCIP; set ACAP alongside
Found 42" cedar-S 58 degrees E, 27.7 ft.
Found 14" W. fir-N 43-1/2 degrees W, 43.2 ft.
scribed:12" D. fir-S 07 degrees E, 6.8 ft.
scribed:20" cedar-S 88 degrees E, 51.0 ft.

1/4 corner common to sections 8 & 9, T32S, R13W

Set ACAP
scribed:8" maple-N 14 degrees E, 6.8 ft.
scribed:6" D. fir-S 70 degrees W, 14.0 ft.

SE corner section 8, T32S, R13W

Found 4"X4" post(LaFlamme); set ACAP
Found 46" D. fir stump-S 32-1/2 degrees E, 69.3 ft.
Found 10" maple-N 28 degrees W, 87.0 ft.
Found 36" hemlock-S 53 degrees W, 118.8 ft.
Found 22" hemlock-S 89-1/2 degrees E, 120.0 ft.
Found "X" on rock wall-N 65 degrees W, 50.0 ft.
bark scribed:8" alder-N 22 degrees E, 82.6 ft.

AA Surveying Service, Inc. July 1984 #32-220

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: The corner was established in 1889 by H.A. Harvey under U.S. General Land Office Contract number 543. Surveyor General's records state: set a post 4 ft. long, 4 ins. square 24 ins. in the ground for corner to sections 9, 10, 15, 16, marked "T41S S10" on NE face, R12W S15" on SE face, "S9" on NW face, "S16" on SW face and 3 notches on E edge, 4 notches on S edge. From which: A 14 ins. diam. maple bears N60½°E 59 lks. dist. marked "T41S R12W S10 BT". An 8 ins. diam. alder, bears N 01½°W, 80 lks. dist., marked "T41S R12W S9 BT". A 22 ins. diam. fir, bears S29½°E, 53 lks, dist. marked "T41S R12W S15 BT". A 16 ins. diam. maple, bears S84°W, 76 lks. dist. marked "T41S R12W S16 BT".

DIAGRAM

S16

In 1908 E. B. Henry retraced these lines and intersected the North-South line of sections 15 & 16 400 links south of said corner. He re-established the corner as follows: set a basalt stone 18 x 18 x 12 ins., 12 ins. in the ground for corner to sections 9 & 16 marked with 3 notches on E face and 4 notches on S face, from which: an 8 ins. diam., alder, bears S47°W, 24 lks. dist. marked "T41S R12W S16 BT". A 10 ins. diam., fir, bears N27°W, 45 lks. dist. marked "T41S R12W S9 BT"

~~**Description of corner evidence found:**~~

In 1915 A. H. Bond and F. Rodolf, at this corner, set an iron post 3 ft. long, 2 ins. diam. 24 ins. in the ground along side of the stone corner, with brass cap marked: No new accessories were established.

R12W
1915

Description of corner evidence found:

At this corner location, I find the brass cap, the original basalt stone 18 x 18 x 12, and a 29 ins. diam. fir, bears N27°W, 45 links dist. with healed face.

Description of monument and accessories I established to perpetuate the original location of this corner:

At this corner I face 1 new bearing tree:

A redwood, 72 ins. diam., bears N4°45'W*, 49.8 ft. dist. scribed "T41S R12W S16 BT".

A Forest Service attn. sign and property boundary sign are 2 ft. south of corner on a 5' aluminum post.

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Corner established in 1908 by Eugene B. Henery, under General Land Office Contract No. 774. Surveyor Generals records state: Set a post 4 ft. long and 4 ins. square, 24 ins. in the ground for 1/4 Sec. Cor. marked 1/4 S2 on W and 1 on E from which: An Oak 10ins. diam. bears N88°E, 7 LKS dist. marked 1/4 S1 BT. An Oak 12 ins. diam bears S73°W, 21 LKS dist. marked 1/4 S2 BT.

NOTE: No restoration appears in county records.

County Surveyor's Record, Curry County, Oregon

CHAINS

CHAINS

BY: Niemi & Thorp Engineering & Surveying, Inc.

DATE: April 24, 1979

PURPOSE: To Monument East Boundary of Section 2, T 41 S, R 13 W, W M, Curry County, Oregon.

Beginning at a BCIP marking the NW corner of Section 2, we random traverse southward by electronic distance measurement and theodolite and steel chain, where we find a 5/8" IR w/BT's marking the W 1/4 of Section 2, continuing southward we find a 5/8" IR marking the SW corner of Section 2.

We then random traverse eastward to the location of the SE corner of Section 2 by record, where we find no evidence of said corner.

We then run to the North where we find a BCIP marking the NE corner of Section 2.

We then run westward where we find a BCIP marking the N 1/4 corner of Section 2, then close back to the NW section corner.

Returning to the W 1/4 corner we run eastward where we find a loose 2" IP marking the C 1/4, which we reset with a 5/8" IR, thence running northward we find a 1" IP marking the C N 1/16 section corner.

Returning to the approximate SE section corner we run southward where we find the N 1/16 of Section 11.

From the approximate SE corner Section 2 we run to the East and find no monuments for Sections 1 & 12.

Using GLO record data in agreement with our field work we set, by double proportion using record and field data, a 2 1/2" BCIP at the SE corner of Section 2, from which the SW corner of Section 2 bears S89°41'20"W 5353.27 feet.

In witness to the corner we set steel fence posts in the four quadrants at a distance of 4 feet from the BCIP (no trees or natural monuments in area as corner falls on side hill of deep fill slope of new road construction).

Having the NE corner and the SE corner we set the E 1/4 with a 2 1/2" BCIP by single proportion and witness with 2 steel fence posts set 4 feet from and East and West of said corner (no trees or natural monuments in area), corner falls on gentle sloping ground to the Northwest, from this corner the SE corner of Section 2 bears S00°27'38"W 2640.00 feet.

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

Corner set by Henry A. Harvey, contract #543 dated May 31st 1889. Survey record states; Set post 4 ft. long 4 in. square 24 ins. in ground for cor to secs 30 and 31 in neck of prairie 150 lks from S. edge marked T40S R12W E. face S31 S face S30 N face 1 notch on S face 5 notches on N face from which: A fir tree, 2 ft. 10 in. diam., Brs. S.60°W., 71 lks. dist, marked T40S R12W BT. A fir tree, 2 ft. 9 in. diam. BRS. S.78°W., 69 lks. dist., marked T40S R12W BT. No other trees very near.
In 1961, W.A. Tuttle, Forestry tech., visited corner and recorded his findings on a Forest Service corner card. Card states: At point for this corner, I find a fir snag 34" bears S.78°W, 69 lks, a fir stump, 34" bears, S.60°W., 71 lks., a chunk has been bucked off this tree and rolled out. A face has been uncovered, only legible scribing is BT. The face on the fir snag has been burned and no scribing is legible.

DIAGRAM

Section Corner common to Sections 31 and 32, T40S, R13W, & Sections 5 and 6, T41S, R13W,W.M.

Using the reference information as described by H.J. Newhouse, dated Jan. 1959, I set this corner as follows:

Found reference Iron Pipe and Nail in base of 24" D. Fir; from IP went on line with Nail, 26.44 feet and set a Brass Cap Iron Pipe (IP 14" long) in new asphalt pavement of Hassett Street. Upon drilling pavement, hit what I consider to be the old concrete monument. Set a new 20d spike in base of same D. Fir tree which bears N 1° W, 68.0 feet; The Southeast Corner of a carport storage shed bears S 19° W, 83.0 feet (house located as 601 Hassett Street).

March 1973 — Jerry R. Swanson
Witness: Frank Dunten, Jr. — P. L. S. 760

* * * * * * * * * *

✳ Witness Corner to C¼ Section 25, T. 40 S., R. 13 W., W.M.

Replaced 1" iron pipe with prescribed B.C.I.P., built mound of rock; 20 easterly from river bank Chetco River, drove red steel fence post and scribed the following trees:

a 16" Myrtlewood bears S 31° W, 34.8'mkd " X BT" chest high

a 36" Doug. Fir bears N 5° E, 25.7' mkd "X BT" at base
both BT's mkd with K-Tags

True Center Quarter Corner bears N 86°21' W, 43.6 feet

November 1973 — Jerry R. Swanson
Witness: Mike Hahn — P. L. S. 760

* * * * * * * * * *

✳ Section Corner common to Sections 25 & 36, T. 40 S., R.13W., W.M. and T. 40 S., R. 12 W., W.M. unsurveyed

Went to replace old 1" iron pipe described by Cunniff and found G.L.O. (B.L.M.) Brass Cap Iron Pipe dated September 1973 and proper accessories; drove red, steel fence post. Condition report only on this corner.

November 1973 — Jerry R. Swanson
Witness: Mike Hahn — P. L. S. 760
Frank Dunten, Jr.

* * * * * * * * * *

C¼ Corner, Section 36, T. 40 S., R. 14 W., W.M.

Found and replaced existing B.C.I.P. dated 1961 as it was found in loose condition, with propper monument; drove red, steel fence post at corner, raised mound of stone around B.C.I.P. standing 8" above ground:

An 18" Spruce bears N 79° W, 18.0' mkd"C¼ S36 BT"

a 20" Spruce bears N 54° E, 25.4' mkd "C¼ S36 BT"

a 4"x4" Ore State Parks Dept marker wood post bears S 8° E, 1.1 ft.

Went to replace old 1" iron pipe described by Cunniff and found G.L.O. (B.L.M.) Brass Cap Iron Pipe dated September 1973 and proper accessories; drove red, steel fence post. Condition report only on this corner.

November 1973 — Jerry R. Swanson
Witness: Mike Hahn — P. L. S. 760
Frank Dunten, Jr.

* * * * * * * * * *

C¼ Corner, Section 36, T. 40 S., R. 14 W., W.M.

Found and replaced existing B.C.I.P. dated 1961 as it was found in loose condition, with propper monument; drove red, steel fence post at corner, raised mound of stone around B.C.I.P. standing 8" above ground:

An 18" Spruce bears N 79° W, 18.0' mkd"C¼ S36 BT"

a 20" Spruce bears N 54° E, 25.4' mkd "C¼ S36 BT"

a 4"x4" Ore State Parks Dept marker wood post bears S 8° E, 1.1 ft.

November 1973 — Jerry R. Swanson
Witness: Frank Dunten, Jr. — P. L. S. 760

CHAINS CHAINS

Section Corner common to Sections 31 and 32, T40S, R13W, &
Sections 5 and 6, T41S, R13W,W.M.

Using the reference information as described by H.J. Newhouse, dated Jan. 1959, I set this corner as follows:

Found reference Iron Pipe and Nail in base of 24" D. Fir; from IP went on line with Nail, 26.44 feet and set a Bras Cap Iron Pipe (IP 14" long) in new asphalt pavement of Hassett Street. Upon drilling pavement, hit what I consider to be the old concrete monument. Set a new 20d spike in base of same D. Fir tree which bears N 1° W, 68.0 feet; The Southeast Corner of a carport storage shed bears S 19° W, 83.0 feet (house located as 601 Hassett Street).

March 1973 — Jerry R. Swanson
Witness: Frank Dunten, Jr. — P. L. S. 760

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Corner established in 1889 by H. A. Harvey, under General Land Office Contract number 543. Surveyor General's records state: Set post 4 ft. long, 4 ins. square 24 ins. in the ground for ¼ section cor. marked "¼S" on W face, from which: A dead fir 3 ft. diam. bears N42½°E, 97 lks. dist. marked "¼S BT". A fir stub 4 ft. diam., bears N87½°W 34 lks. dist. marked "¼S BT". In 1915 A.H. Bond and F. Rodolf set an iron post, 3 ft. long, 1 in. diam., 26 ins. in the ground, for ¼ cor. of sec. 16 only, with brass cap marked:

T41S R12W

Description of corner evidence found:

At this corner location, I find the brass cap and the fir stub, bearing N87½°W, 34 lks. dist. It is down and badly rotten.

Description of monument and accessories I established to perpetuate the original location of this corner:

At this corner I make two new accessories:

A fir, 10 ins. diam., bears N 77°15'W*, 21.7 ft. dist. scribed "¼S16 BT".

A fir, 13 ins. diam., bears S33°W*, 24.9 ft. dist. scribed "¼S16 BT".

A Forest Service location tag is on an 8 ins. diam. fir and bears S4°W, 6 ft. dist. Also a F.S. attn. sign is 2 ft. N. of corner on a 5 ft. aluminum fence post.

CHAINS

S Quarter Corner Section 15, 32-13

No trace of corner found, set ACAP at proportionate distance, and scribe the following BT's:
12" Hemlock N 41 degrees 15 minutes E, 8.0 ft.
8" Hemlock N 60 degrees 45 minutes W, 4.2 ft.
Corner falls approximately 150 ft. West of Creek call in original notes.

SW Corner Section 15, 32-13

No trace of original corner found, at double proportionate distance set ACAP, scribe the following BT:
36" Fir stump (with 3/8" rebar in the top) N 20 degrees 45 minutes W, 24.7 ft.
Also 3/8" rebar in ground, S 20 degrees 45 minutes E, 9.1 ft.
Corner lies approximately 20 ft. West of ridge call found in original notes.

W Quarter Corner Section 15, 32-13

Found original stone with BCIP adjacent, and original BT, 36" Cedar stump N 80 degrees E, 19.8 ft. Scribe the following new BT's:
22" Hemlock S 14 degrees W, 27.5 ft.
24" Yew S 59 degrees E, 27.0 ft.

Thingvall 1981 #32-207

NE Corner Township 32-14

Found BCIP and the following BT's:
40" Fir stump N 26 degrees E, 33.0 ft.
72" Fir stump S 33 degrees E, 13.2 ft.
28" Fir stump S 68 degrees W, 43.7 ft.
85" Fir stump N 36 degrees W, 38.9 ft.

E Quarter Corner Section 1, 32-14

Found stone, set ACAP, buried stone North of ACAP. No original BT's found. Found rotted remains of 10" Hemlock West of stone, set by Ellingsen, scribe new BT's: 14" Hemlock N 02 degrees W, 33.8 ft.
18" Cedar S 67 degrees 30 minutes E, 43.7 ft.

W Quarter Corner Section 6, 32-13

Set ACAP in mound of stone, from which bear the following BT's:
40" Cedar N 89 degrees E, 20.6 ft.(Ellingsen BT)
16" Hemlock S 06 degrees E, 33.5 ft.
Ellingsen corner as established from 40" Cedar BT bears N 07 degrees 59 minutes E, 24.4 ft.

SE Corner Section 1, 32-14

Found BCIP, and the following BT's:
32" Cedar stump S 74 degrees 45 minutes W, 6.9 ft.
16" Fir N 21 degrees W, 22.5 ft.
13" Fir S 27 degrees 45 minutes W, 10.7 ft.

SW Corner Section 30, 32-14

Set ACAP in rock mound, as Witness Corner on Section line 458.77 ft. Easterly from true corner position. Found original BT, 40" Douglas Fir N 85 degrees W 36.3 ft. Scribe the following new BT's:
8" Alder N 56 degrees E 64.0 ft.
8" White Fir N 56 degrees W 69.2 ft.

S Quarter Corner Section 30, 32-14

Set ACAP in rock mound, found original BT's, scribe the following new BT:
10" Hemlock S 61 degrees W 27.1 ft.

SE Corner Section 30, 32-14

Set ACAP in rock mound, set from SW and SE BT's. Found the following original BT's:
8" Douglas Fir S 50 degrees E 32.3 ft.
18" Douglas Fir S 70 degrees W 6.3 ft.
12" Douglas Fir, down, N 24 degrees E 8.4 ft.
Scribe the following new BT's:
28" Douglas Fir N 38 degrees W 50.6 ft.
21" Douglas Fir N 48 degrees E 22.7 ft.

E Quarter Corner Section 30, 32-14

Set ACAP in rock mound, scribe the following new BT's:
9" Tanoak S 82 degrees W 21.6 ft.
16" Douglas Fir S 22 degrees E 36.6 ft.

NE Corner Section 30, 32-14

Set ACAP in rock mound, found original BT's, and scribe the following new BT's:
10" Tanoak N 16 degrees E 52.2 ft.
14" Myrtle S 42 degrees W 42.0 ft.

N Quarter Corner Section 30, 32-14

Set ACAP in rock mound, and scribe the following new BT's:
8" Maple N 81 degrees E 34.2 ft.
36" Douglas Fir S 4 degrees W 20.8 ft.

Int. Quarter Corner Section 30, 32-14

Set ACAP in rock mound, and scribe the following new BT's:
8" Tanoak N 51 degrees E 11.3 ft.
6" Tanoak N 47 degrees W 8.9 ft.

Prochnau Oct. 12, 1981 #32-208

Section Corner to 14 & 15, 32-13

Found original stone with BCIP adjacent, and the following BT's:
72" Cedar S 66 degrees 30 minutes W 21.7 ft.
48" Cedar S 65 degrees E 36.4 ft.
12" Hemlock S 10 degrees E 8.4 ft.

Thingvall 1981 #32-207

CHAINS

SW Corner Section 30, 32-14

Set ACAP in rock mound, as Witness Corner on Section line 458.77 ft. Easterly from true corner position. Found original BT, 40" Douglas Fir N 85 degrees W 36.3 ft. Scribe the following new BT's:
8" Alder N 56 degrees E 64.0 ft.
8" White Fir N 56 degrees W 69.2 ft.

S Quarter Corner Section 30, 32-14

Set ACAP in rock mound, found original BT's, scribe the following new BT:
10" Hemlock S 61 degrees W 27.1 ft.

SE Corner Section 30, 32-14

Set ACAP in rock mound, set from SW and SE BT's. Found the following original BT's:
8" Douglas Fir S 50 degrees E 32.3 ft.
18" Douglas Fir S 70 degrees W 6.3 ft.
12" Douglas Fir, down, N 24 degrees E 8.4 ft.
Scribe the following new BT's:
28" Douglas Fir N 38 degrees W 50.6 ft.
21" Douglas Fir N 48 degrees E 22.7 ft.

E Quarter Corner Section 30, 32-14

Set ACAP in rock mound, scribe the following new BT's:
9" Tanoak S 82 degrees W 21.6 ft.
16" Douglas Fir S 22 degrees E 36.6 ft.

NE Corner Section 30, 32-14

Set ACAP in rock mound, found original BT's, and scribe the following new BT's:
10" Tanoak N 16 degrees E 52.2 ft.
14" Myrtle S 42 degrees W 42.0 ft.

N Quarter Corner Section 30, 32-14

Set ACAP in rock mound, and scribe the following new BT's:
8" Maple N 81 degrees E 34.2 ft.
36" Douglas Fir S 4 degrees W 20.8 ft.

Int. Quarter Corner Section 30, 32-14

Set ACAP in rock mound, and scribe the following new BT's:
8" Tanoak N 51 degrees E 11.3 ft.
6" Tanoak N 47 degrees W 8.9 ft.

Prochnau Oct. 12, 1981 #32-208

Section Corner to 14 & 15, 32-13

Found original stone with BCIP adjacent, and the following BT's:
72" Cedar S 66 degrees 30 minutes W 21.7 ft.
48" Cedar S 65 degrees E 36.4 ft.
12" Hemlock S 10 degrees E 8.4 ft.

Thingvall 1981 #32-207

County Surveyor's Record, Curry County, Oregon

CHAINS

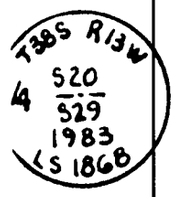
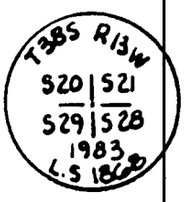
AT E1/4 CORNER SECTION 20 FOUND NO EVIDENCE OF ORIGINAL CORNER SET AT THIS LOCA
SET 2½" A.C.A.P. IN MOUND OF STONE MARKED AS SHOWN. SET BT's. AS FOLLOWS.
24" D. FIR W/Y.T. BEARS N83°E 35.7 FEET SCRIBED T38S R13W 1/4 S21 BT
8" TAN OAK W/YT BEARS S89°W 15.6 FEET SCRIBED T38S R13W 1/4 S20 BT

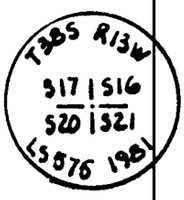


AT S1/4 CORNER SECTION 20. FOUND 4" SQUARED OFF 12" HIGH POST WITH 1/4 CUT ON NORTH
SET 2½" A.C.A.P. IN MOUND OF STONE MARKED AS SHOWN SET BTs. AS FOLLOWS
42" D. FIR W/Y.T. BEARS N81°E 19.0 FEET SCRIBED T38S R13W S 1/4 S20 BT
48" D. FIR W/Y.T. BEARS S08°E 4.5 FEET SCRIBED T38S R13W N1/4 S29 BT
● POST BEARS N79°E 6.4 FEET

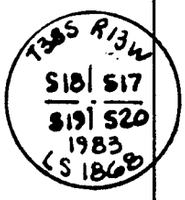
AT C 1/4 CORNER SECTION 20 NOT PREVIOUSLY ESTABLISHED
SET A 2½" A.C.A.P. IN MOUND OF STONE SET BTs AS FOLLOWS
8" TAN OAK W/YT BEARS N41°E 6.5 FEET SCRIBED C1/4 S20 BT
6" MYRTLEWOOD W/YT BEARS S22°E 15.3 FEET SCRIBED C1/4 S20 BT



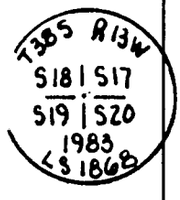
AT SE CORNER SECTION 20 FOUND ORIGINAL STONE AND FOUR ORIGINAL B.T.'S.
OPENED THE B.T. IN THE SE QUADRANT, FOUND ORIGINAL SCRIBES, SET NEW B.T.
IN THIS AREA 24" D.FIR W/Y.T. BEARS S75°30'E 67.2 FEET SCR. T38S R13W S28 BT.
FOUND ORIGINAL BT's. AS FOLLOWS:
36" D. FIR W/Y.T. BEARS N58°E 36.3 FEET FACED (MEAS. 36.1 FEET)
24" D.FIR W/Y.T. BEARS S78°E 64.7 FEET FACED (MEAS. 64.5 FEET)
14" D.FIR SNAG BEARS S87°E 50.2 FEET SCRIBING VISIBLE (MEAS. 50.3 FEET)
48" D.FIR W/YT BEARS N55°W 18.5 FEET FACED (MEAS. 18.5 FEET)



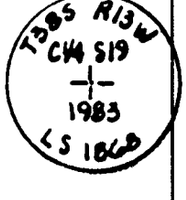
AT NE CORNER SECTION 20 FOUND B.C.I.P. MARKED AS SHOWN
FOUND 12" MYRTLEWOOD W/YT BEARS N69°E 43.9 FEET SCRIBED T38S R13W S16 BT
26" MAPLE W/Y.T. BEARS N50°W 23.1 FEET SCRIBED T38S R13W S17 BT
72" D. FIR W/Y.T. BEARS S63°W 15.4 FEET FACED
16" MYRTLEWOOD (LEANING INTO CREEK) BEARS S51°E 27.5 FEET SCRIBED T38S R13W S21 BT SET BY J. FEENEY 1981, SET NEW BT IN THIS QUADRANT 18" TAN OAK BEARS S60°E 86.7 FEET SCRIBED T38S R13W S21 BT



AT NE CORNER OF SECTION 19 FOUND STONE 16"x12"x7" W/3 NOTCHES ON SOUTH FACE, FOUND 36" D. FIR STUMP WHICH BEARS S32°W, 19.8 FEET; 36" D. FIR (BLOW-DOWN) WHICH BEARS S80°E, 18.5 FEET TO ROOT CRATER. EVIDENCE AS DESCRIBED FITS ORIGINAL CALLS.
SET A C.A.P. MARKED AS SHOWN IN MOUND OF STONE AT POSITION OF STONE W/NEW B.T.'s.
14" D. FIR BEARS N41°E, 9.4 FEET SCR. T38S R13W S17 BT
10" ALDER BEARS S69°E, 31.6 FEET SCR T38S R13W S20 BT
14" MYRTLEWOOD BEARS S55°E, 58.4 FEET SCR. T38S R13W S18 BT



AT NW CORNER SECTION 20 FOUND STONE 16"x12"x7" W/3 NOTCHES ON SOUTH FACE, FOUND 36" D. FIR STUMP WHICH BEARS S32°W, 19.8 FEET; 36" D. FIR (BLOW-DOWN) WHICH BEARS S80°E, 18.5 FEET TO ROOT CRATER. EVIDENCE AS DESCRIBED FITS ORIGINAL CALLS.
SET A. C. A. P. MARKED AS SHOWN, IN MOUND OF STONE AT POSITION OF STONE W/NEW B.T.s
14" D. FIR BEARS N41°E, 9.4 FEET SCR. T38S R13W S17 BT
10" ALDER BEARS S69°E, 31.6 FEET SCR. T38S R13W S20 BT
14" MYRTLEWOOD BEARS S55°E 58.4 FEET SCR. T38S R13W S18 BT



AT C1/4 CORNER SECTION 19 OLD CORNER DESTROYED BY LOGGING
SET 2½" A.C.A.P. IN MOUND OF STONE MARKED AS SHOWN SET BT'S AS FOLLOWS
6" ALDER W/YT BEARS N42°W 43.0 FEET SCRIBED T38W R13W C1/4 S19 BT
12" D.FIR W/Y.T. BEARS S78°W 86.6 FEET SCRIBED T38W R13W C1/4 S19 BT
FOUND 12" ALDER N08°E 34.4 FEET (REC. 34.3) BY BAUGHMAN 1971
FOUND 3" FIR W/Y.T. BY K.C. BEARS W 7.8 FEET TAGGED 8.0 FEET

County Surveyor's Record, Curry County, Oregon

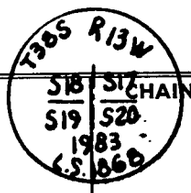
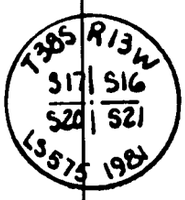
AT C1/4 CORNER SECTION 19 OLD CORNER DESTROYED BY LOGGING
SET 2½" A.C.A.P. IN MOUND OF STONE MARKED AS SHOWN SET BT'S AS FOLLOWS
6" ALDER W/YT BEARS N42°W 43.0 FEET SCRIBED T38W R13W C1/4 S19 BT
12" D.FIR W/Y.T. BEARS S78°W 86.6 FEET SCRIBED T38W R13W C1/4 S19 BT
FOUND 12" ALDER N08°E 34.4 FEET (REC. 34.3) BY BAUGHMAN 1971
FOUND 3" FIR W/Y.T. BY K.C. BEARS W 7.8 FEET TAGGED 8.0 FEET

County Surveyor's Record, Curry County, Oregon



AT SW CORNER OF SECTION 17, FOUND STONE 16"x12"x7" W/3 NOTCHES ON SOUTH FACE, FOUND 36" D. FIR STUMP WHICH BEARS S32°W, 19.8 FEET; 36" D. FIR (BLOW-DOWN) WHICH BEARS S80°E, 18.5 FEET TO ROOT CRATER. EVIDENCE AS DESCRIBED FITS ORIGINAL CALLS:
SET A.C.A.P., MARKED AS SHOWN IN MOUND OF STONE AT POSITION OF STONE W/NEW BT's
14" D. FIR BEARS N41°E, 9.4 FEET, SCR. T38S R13W S17 BT
10" ALDER BEARS S69°E, 31.6 FEET, SCR. T38S R13W S20 BT
14" MYRTLEWOOD BEARS S55°E 58.4 FEET, SCR. T38S, R13W S18 BT

AT W1/4 CORNER OF SECTION 17, FOUND STONE W/BROKEN TOP, FIGURE 4 VISIBLE ON WEST FACE, TWIN OAK TREE W/Y.T. BEARS N82°E, 52.5 FEET, NO ORIGINAL BT's FOUND. STONE AS DESCRIBED ABOVE FITS CALLS OF SURVEY BY H.J. NEWHOUSE JUNE, 1977
SET A.C.A.P., MARKED AS SHOWN, IN MOUND OF STONE W/NEW BT's
24" WHITE OAK BEARS N67°E, 74.8 FEET, SCR. T38S R13W W1/4 S17 BT
40" D. FIR BEARS N37°W, 81.2 FEET, SCR. T38S R13W E1/4 S18 BT



AT SE CORNER SECTION 17 FOUND B.C.I.P. MARKED AS SHOWN
FOUND 12" MYRTLEWOOD W/YT BEARS N69°E, 43.9 FEET SCRIBED T38S R13W S16 BT; 26" MAPLE W/Y.T BEARS N50°W 23.1 FEET SCRIBED T38S R13W S17 BT; 72" D. FIR W/Y.T. BEARS S63°W 15.4 FEET FACED
16" MYRTLE (LEANING INTO CREEK) BEARS S51°E, 27.5 FEET SCRIBED T38S R13W S21 BT SET BY J. FEENEY 1981. SET NEW BT IN THE QUADRANT 18" TAN OAK BEARS S60°E 86.7 FT. SCRIBED T38S R13W S21 BT

AT C1/4 CORNER SECTION 17 NOT PREVIOUSLY ESTABLISHED SET 2 1/2" A.C.A.P. IN MOUND OF STONE MARKED AS SHOWN BTs AS FOLLOWS
27" D. FIR W/YT BEARS N05°W, 49.2 FEET SCRIBED T38S R13W C1/4 S17 B.T
7" ALDER W/YT BEARS S29°E. 12.3 FEET SCRIBED T38S R13W C1/4 S17 B.T.

AT E1/4 CORNER OF SECTION 18, FOUND STONE W/BROKEN TOP, FIGURE 4 VISIBLE ON WEST FACE, TWIN OAK TREE W/Y.T. BEARS N82°E, 52.5 FEET, NO ORIGINAL BT's FOUND. STONE AS DESCRIBED ABOVE FITS CALLS OF SURVEY BY H.J. NEWHOUSE JUNE, 1977
SET A.C.A.P., MARKED AS SHOWN, IN MOUND OF STONE W/NEW BT's
24" WHITE OAK BEARS N67°E, 74.8 FEET, SCR. T38S R13W W1/4 S17 BT
40" D. FIR BEARS N37°W, 81.2 FEET, SCR. T38S R13W E1/4 S18 BT

AT E1/4 CORNER OF SECTION 18, FOUND STONE W/BROKEN TOP, FIGURE 4 VISIBLE ON WEST FACE, TWIN OAK TREE W/Y.T. BEARS N82°E, 52.5 FEET, NO ORIGINAL BT's FOUND. STONE AS DESCRIBED ABOVE FITS CALLS OF SURVEY BY H.J. NEWHOUSE JUNE, 1977
SET A.C.A.P., MARKED AS SHOWN, IN MOUND OF STONE W/NEW BT's
24" WHITE OAK BEARS N67°E, 74.8 FEET, SCR. T38S R13W W1/4 S17 BT
40" D. FIR BEARS N37°W, 81.2 FEET, SCR. T38S R13W E1/4 S18 BT

AT SE CORNER OF SECTION 18, FOUND STONE 16"x12"x7" W/3 NOTCHES ON SOUTH FACE, FOUND 36" D. FIR STUMP WHICH BEARS S32°W, 19.8 FEET; 36" D. FIR (BLOW-DOWN) WHICH BEARS S80°E, 18.5 FEET TO ROOT CRATER. EVIDENCE AS DESCRIBED FITS ORIGINAL CALLS:
SET A.C.A.P., MARKED AS SHOWN IN MOUND OF STONE AT POSITION OF STONE W/NEW BT's
14" D. FIR BEARS N41°E, 9.4 FEET, SCR. T38S R13W S17 BT

CHAINS

THE FOLLOWING CORNER NOTES HAVE BEEN SUBMITTED BY JACK B. FEENEY L.S.#575 / dated MAY 1972
SEE C.C.FILE#39-46

T 39 S, R 12 W

CORNER NOTE - 1/4 corner to Sections 20 & 29.

This corner is remonumented by this survey. The two original Oak BT's are down and the 20" Oak has an open face and an old cruiser Mark R on it. At this corner location found a 2" x 4" Redwood post.

I remonumented this corner with a 2½" brass cap on a 1" iron pipe, 30" long, driven 22" into the ground. The cap is stamped T39S, R12W, 1/4, S20, S29 and from which:

A 20" Tanoak bears N22°W, 31.6 feet, scribed ¼ S20 BT on the wood. New (BT)

A 37" Tanoak bears S61½°E, 29.1 feet, scribed ¼ S29 BT on the wood. New (BT)

CORNER NOTE - 1/4 corner between Sections 19 & 20.

This corner is also remonumented by this survey. At the corner point, I find a 1" iron pipe extending 6" above the ground. I set a 2½" brass cap on the iron pipe. The cap is stamped: T39S, R12W, S19, S20 ¼ and from which:

A 20" Myrtle (original) now 32", bears N81 3/4°W, 37.3 feet and I rescribed, ¼ S19 BT on the wood.

The 10" fir is down with an open face and scribe marks ¼ S20 BT still readable. I scribed a new BT which is a 28" Douglas Fir, bears S47¼E, 26.3 feet, scribed ¼ S 20 BT on the wood.

CORNER NOTES - Center 1/4 Corner

This corner is set at the intersection of straight lines between opposite ¼ corners on the boundaries of this section. It is monumented with a 2½" brass cap set on a 1" iron pipe, 30" long, driven 14" into the ground. The cap is stamped T39S, R12W, C¼, S20 and from which:

A 56" Douglas Fir bears S2½°W, 33.6 feet, scribed C¼ S20 BT on the wood.

A 50" Douglas Fir bears N18°W, 46.4 feet, scribed C¼ S20 BT on the wood.

County Surveyor's Record, Curry County, Oregon

FIELD NOTES
FOR
THE PARTIAL SUBDIVISION OF
Section 9, T.39S., R.14W., W.M.

CHAINS

Corners controlling this survey are those found or established by H.J. Newhouse on the North and East boundaries of Section 9 in the course of surveys conducted in 1960 and 1966. These corners were recovered and are shown as found on the accompanying plat. Initial point for this survey is the closing corner between Sections 15 and 16.

Field notes for corners established by this survey and proceedures used are as follows:

(1) South 1/4 Corner Section 9 only.

After a thorough search I find no evidence of any 1/4 corner between Sections 9 and 16 or the meander corner at the Pacific Ocean from which to indicate distance or direction. I therefore set the S 1/4 corner to Section 9 at record distance due West of the Southeast corner of Section 9. It is monumented with a 3" brass cap on a 1" black iron pipe, 30" long, driven 24" into the ground. The cap is stamped T39S R14W 1/4 S9 1976. The S 16 originally stamped on cap in error has been obliterated. From this corner:

a 14" Douglas Fir bears N6°E, 50.9 feet, scribed S¼ S9 BT on the wood.
a 16" Douglas Fir bears N26°E, 60.0 feet, scribed S¼ S9 BT on the wood.

(2) Center 1/4 Section 9.

This corner is set at the intersection of the North-South and East-West centerlines of Section 9. Since this is a fractional Section having no West 1/4 corner, the bearing of the East-West centerline is computed as the mean of the bearings of the North and South lines. The corner is monumented with a 3" brass cap mounted on a 1" iron pipe, 30" long, driven 24" into the ground. The cap is stamped T39S R14W C¼ S9 1976, and from which:

a 16" Douglas Fir bears S24°E, 8.6 feet, scribed C¼ S9 BT on wood.
a 34" White Fir bears N10°W, 34.7 feet, scribed C¼ S9 BT on wood.

(3) Center North 1/16 Corner.

This corner is set at the midpoint of a straight line between the Center 1/4 and the North 1/4 of Section 9. It is monumented with a 3" brass cap set on a 1" iron pipe, 30" long, driven 24" into the ground. The cap is stamped T39S R14W CN 1/16 S9 1976. There being no trees within limits, I chisel CN 1/16 and a 4" cross (+) into the face of a large rock outcrop at a point 6' above ground and 20' North of the point where the outcrop protudes from the ground. The cross (+) bears N38°E, 16.9 feet from the corner.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Corner established by Henry A. Harvey, Deputy Surveyor under contract543, 1889. Record states: Set post 6 ft. long 4 ins. square 24 ins. in ground for ¼ sec. cor. marked ¼ S on W. face from which an oak 11 ins. diam. bears S80°W, 4 lks. dist.; marked ¼ S BT.

An oak 10 ins. diam., bears N72°E, 31 lks. dist; marked ¼ S BT.

In 1913, Charles M. Collier, under additional instructions dated June 23, 1913 states: Falls 4.64 chains W. of the ¼ sec. cor. which is a post marked and witnessed as described by the surveyor general. The post being almost completely destroyed, I remove it and at the same point set a granite stone, 15x15x15 ins. 10 ins. in the ground, for ¼ sec. cor., marked ¼ on W. face.

DIAGRAM

T39S	R12W
S8	S9

In May 1955, Arthur E. Sherman, Curry County Surveyor states: I find granite rock marked "¼" and SW accessary as per government survey on which scribing is visible.

I leave rock in place as corner and mark accessories:

~~Description of corner evidence found:~~

48" fir, N74E, 69.5 ft. marked as provided by law,
62" fir, N66W, 109.4 ft. marked as provided by law.

Description of corner evidence found:

At corner location I find a 15x15x15 inch granite stone marked ¼ on west face firmly SET in ground. I also find 2½" Brass Cap on 1" iron pipe 1.35 ft. northeast of stone marked:

¼	S
Sec 8	Sec 9

Found: 48" fir stump, N75°30'E, 70.0 ft. to face with scribes 9S visible.

62" rotted fir stump, N66°W 109.4 ft. to face, no visible evidence.

Description of monument and accessories I established to perpetuate the original location of this corner:

As evidence in vicinity of corner agrees with GLO resurvey record and perpetuated record, from the location of the found granite stone I mark these new bearing trees:

12" fir, bears S65°30'W, 26.4 ft. dist., scribed ¼ S 8 BT.

16" fir, bears, N46°15'E, 11.4 ft. dist., scribed ¼ S 9 BT.

NOTE: New B.T. distances are to side center.

T39S R12W

Corner found by A.E. Sherman Jr. C.S. May 1955. Record states: find 4 ft. fir from which bears 12" oak, N59°W, 24 lks.

Corner remonumented by W.R. Knight, June 1962. Record states: identify from remains of fir corner tree and NW oak BT. mark: 58" fir S44°W 71.1 ft., 14½" oak N17°W 52.0 ft.

Description of corner evidence found:
4 ft. + fir stump with no visible markings and two W.R. Knight B.T.'s.

58" fir stump bears S44°W, 71.1 ft., scribes visible w/BLM tab.

16" tan oak N17°W, 52.0 ft. rotten face down and out of position w/old Agnew tag.

NW BT destroyed by cat road.

Description of monument and accessories I established to perpetuate the original location of this corner:

As evidence in vicinity of corner agrees with GLO original record and perpetuated record, at the location of the found 4 ft. diam. douglas fir stump, I drove a 5/8" x 2½' rebar into center of corner tree stump.

New bearing trees:

10" tan oak, bears S41°W, 81.1 ft., scribed T39S R12W S 17 BT.
6" doug fir, bears N10°30' W, 36.1 ft., bark scribed X BT.
6" tan oak, bears N48°15'W, 16.0 ft., bark scribed T39S R12W S 8 BT.

NOTE: Attention sign 6' east of rebar.
DEC. 20•

I hereby certify the above corner monument was re-established as herein described on September 5, 1980.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

CHAINS

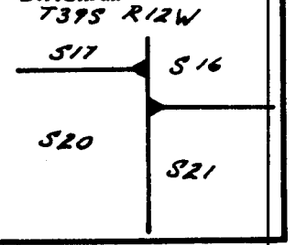
Under contract No. 543, Henry H. Harvey, established the corner as common to Sec. 16, 17, 20, 21. This work was done in 1889. Under this contract, roughly, only the N.W. ¼ of the township was surveyed out. In 1914 the remainder of the township was surveyed, (with the exception of that portion done by Surveyor Gibbs in 1910), by Charles M. Collier, Group #16. As a result of this survey, the corner common to Sec. 16, 17, 20, 21 became common to only Sec. 17 & 20. 60 Lks south of this corner a stone was set to represent the position of the corner for Sec. 16 & 21.

DIAGRAM
T39S R12W



Description of corner evidence found:

At corner for Sec. 17, 20 found BCIP set 1973 by Jerry Swanswon LS 760. Found line tree as called for by H. A. Harvey: "From the corner of Sec. 16, 17, 20, 21, running south on true line between Sec. 20 & 21 at 5.46 ch a Fir 48 inches diameter on line, marked with two notches on N. and S. sides."

Description of monument and accessories I established to perpetuate the original location of this corner:

Set Al. pipe 2" diameter with 3" cap in the ground surrounded by a mound of sandstone painted red. Corner marked $20\ \frac{16}{21}$, T.39S., R.12W., 1978 RLS 1055. Only one tree within limit. Marked Douglas Fir 30" diameter bearing N69° E, dist. 91.38 ft. to center of tree. Marked with two blazes-upper blaze marked T.39S., R.12W., S.16, lower blaze marked "BT". Set metal fence post south of corner 3'.

This corner was set on a single proportion between the Sec. corner for 17 & 20 and the line tree called for in H.A. Harveys survey of 1889. This procedure is called for in the 1973 BLM Manual Sec. 5-18 "Line Trees". "Under the Law, a definitely identified line tree is a monument of the original survey. It properly is used as a control point in the reestablishment of lost corners by the appropriate method of proportionate measurement". Record distance from the Sec. corner for $\frac{17}{20}\ 16$ to line tree was 5.46 ch. Measured distance was recorded as 5.42 ch. giving a proportion distance of 59.62 Lks from the section corner.

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

CHAINS

History of original corner establishment: Corner established in 1889 by H.A. Harvey, under General Land Office contract No. 543.

DIAGRAM
T39S R12W
4 | 3
1/4 COR

Surveyor General's records state:

Set post 4 ft. long 4 ins. square 24 ins. in ground for ¼ sec. cor. marked ¼ S. and N. face from which:

An Oak, 14 ins. diam., bears N.48°W, 13 lks. dist., marked ¼ S BT.

An Oak, 13 ins. diam., bears N.89°E., 26 lks. dist., marked ¼ S BT.

In 1913 retracement survey by Charles M. Collier states:

Fall 143 lks. E. of ¼ sec. cor., which is a post, marked and witnessed as described by the surveyor general, the post being nearly decayed, I remove it and at the same point set a sandstone, 16x16x16 ins., 11 ins. in the ground, for ¼ sec. cor., marked on west face

Description of corner evidence found:

At the corner location I find 16x16x16 sandstone with "¼" marked on the west face from which:

An Oak, 24 ins. diam., bears N.48°W., 13 lks. dist., with healed face.

An Oak, 26 ins. diam., bears N.89°E., 26 lks. dist., with healed face.

Description of monument and accessories I established to perpetuate the original location of this corner:

At the location of the 16x16x16 in. sandstone, I set a 36 in. long, 2½ in. diam., galvanized iron pipe 24 inches in the ground in a mound of stone, with a 3 inch brass cap marked:

T39S R12W

¼
S4 | S3

1979
PLS 1055

Note: Buried the original stone next to iron pipe, painted both BT's with red enamel and posted line north and south of ¼ corner with metal fence posts.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

CHAINS

History of original corner establishment:

Originally surveyed by Henry A. Harvey under contract number 543 in 1889. Harvey calls a lone Fir on line 3 ft. 8 ins. dia. at 11.60 chains North of the SE sec. cor. of Sec. 1. Harvey marks this tree as the corner of Secs. 30 & 31 in his survey in T.38S., R.12W. under the same contract.

DIAGRAM

T39S	T38S
AP	
S1	S31
R13W	R12W

Resurveyed by George F. Rigby, Cadastral Engineer in 1938. Survey record states: 11.52 chains N0°04'W of the SE cor. of Sec. 1, T.39S., R.13W., the cor. of Sec. 30 & Sec. 31 only, T.38S., R.12W. which is a dead Fir tree 48 ins. diam., mkd. RX11SXXX on NE and T.38S., S.31 on SE. Faces. Hereafter this tree will mark only an angle point in the line therefore I cut the marks from it and mark it AP on NE and SE faces.

Description of corner evidence found:

Found 48 ins. diam., Fir stump with trunk lying west of it. Scribes AP are visible on trunk.

Description of monument and accessories I established to perpetuate the original location of this corner:

Drove 60 pennynail stamped AP on top into center of stump. Nailed attention sign to stump.

Bearing Trees Marked:

A Tan Oak 6 ins. diam., bears N73°00'E, 21.0 ft., Scribed APS31BT'

A Madrone 9 ins. diam., bears S41°00'W, 52.9 ft., Scribed APS1BT

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

CHAINS

History of original corner establishment:

Corner established in 1938 by George F. Rigby Cadastral engineer. Survey Record States:

Set an iron post, 3' long x 1" dia. 28" in the ground for ¼ sec. cor. of sec. 30 only, with cap marked as shown.

From Which:

A Tan Oak, 34 ins. diam., bears N69°00'E., 46 lks. dist. mkd. ¼S30 B.T.

A Fir, 48 ins. diam., bears S47°30'E., 206 lks. dist. mkd. ¼S30 B.T.

DIAGRAM

T38S
¼S30
R12W

1937

Description of corner evidence found:

BCIP protruding 12" above ground in good condition marked as shown above

From Which:

A Tan Oak stumphole sprouts N69°E 46 lks.

A Fir 54" diam., Snag, S4730'E, 206 lks., healed face visible.

Description of monument and accessories I established to perpetuate the original location of this corner:

New B.T. marked

A Fir 6" diam., bears, S79°45'E, 40 6/10' Scribed ¼S30 B.T.

Painted & tagged all B.T.'s

Set a 5' Aluminum post with Attention & Property Boundary sign approximately 2' north of corner.

NOTE: Posted line with Aluminum posts spaced approximately 200' apart. Posted the west boundary of Sec. 1, T.39S., R.13W.

Declination used 20°E

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

CHAINS

History of original corner establishment: Corner established in 1891 by Rufus S. Moore, under General Land Office Contract No. 570.
Surveyor General records state: Set a basalt stone 14x9x5 10 ins. in the ground for ¼ sec. cor. marked ¼ on West face - from a fir bears S40°E, 23 lks. dist. marked ¼ S.B.T., a sugar pine 60 ins. diameter, bears S76°W, 29 lks. dist. marked -¼ S.B.T.

DIAGRAM

Description of corner evidence found:

At assumed corner location, I found no ebidence of a basalt stone (destroyed through road construction.)

Found: Douglas fir 16 ins. diameter, bears, S40°E, 23 lks. - overgrown blaze
Sugar pine 52 ins. diameter, bears, S78°W, 29 lks. - overgrown blaze

Description of monument and accessories I established to perpetuate the original location of this corner: As evidence found agrees with the original G.L.O. record, from existing B.T.'s I set a 36 ins. long 2½ in. diameter iron pipe with 3-inch aluminum cap in road bed 2 ins. below surface. Aluminum cap marked:

Marked: Sugar pine 38 ins. diameter, bears, N45°W, 58.3 ft. (88lks.) marked with 2 blazes upper blaze marked "¼S6", lower blaze marked "BT"

B.T. faces painted red.

B.T. and attention signs set.

Dear Sir:

This is to advise you that one Tanoak bearing tree witnessing the E 1/4 Corner of Section 13, T.38S., R.14W. has been destroyed in the course of logging.

The bearing tree established by Curniff in the Northeast quadrant remains, and a replacement B.T. for the destroyed Tanoak has been established as follows:

a 72" Douglas Fir bears S83°E, a distance of 31.8 feet, scribed 1/4 S18 BT T38S R13W.?

Sincerely yours,

FIELD NOTES FOR SURVEY OF THE

SOUTH ONE-HALF, WEST LINE, SECTION 2, T.38S., R.14W., W.M.

Corners controlling this survey and shown as remonumented on the accompanying plat are found original G.L.O. corners established by W.P. Wright in 1881. Procedures used and notes for the corners established and remonumented are as follows:

1. CORNER COMMON TO SECTIONS 2, 3, 10 and 11

All four original bearing trees are presently in place, however are generally in poor condition, and in the interest of preserving this corner I remonument it with a 2½" brass cap affixed to a 1" iron pipe stamped, "T38S. R14W. S2, S3, S10, S11 - 1972" and mark new witness trees as follows:

A 34" Douglas Fir bears N46°W, 25.6' scribed "T38S R14W S3 BT" on woo
A 36" Douglas Fir bears N50½°E, 15.8' scribed "T38S R14W S2 BT" on woo
A 14" Douglas Fir bears S16½°E, 33.6' scribed "T38S R14W S11 BT" on wo
A 10" Douglas Fir bears S85°W, 23.2' scribed "T38S R14W S10 BT" on woo

2. S 1/16 CORNER BETWEEN SECTIONS 2 and 3

This corner is set at the midpoint of a straight line between the Southwest corner of Section 2 and the West ¼ corner of Section 2. The point for this corner falls on a large boudler and the precise point is marked with an X chiseled into the rock and from which:

A 7" Douglas Fir bears S47°W, 56.1' scribed "S 1/16 S3 BT" on wood
A 31" Douglas Fir bears N72°E, 29.2' scribed "S 1/16 S2 BT" on wood

3. 1/4 CORNER BETWEEN SECTIONS 2 and 3

Both Madrona bearing trees are in their proper places with open faces, but no scribing visible. From these original bearing trees I remonument the corner with A 2½" brass cap on a 1" iron pipe, 30" long, driven 24" into the ground. The cap is stamped "T38S, R14W 1/4 S2, S3, 1972" New bearing trees are scribed as follows:

A 16" Douglas Fir bears S803/4°W, 14.8' scribed "1/4 S3 BT" on wood
A 14" Madrona bears N19°E, 30.9' scribed "1/4 S2 BT" on wood

Original Survey run in 1889 by Henry A. Harvey, Contract No. 543. Resurvey of North boundary of T 39 S R 12 W by Charles M. Collier, dated June 23, 1913.

¼ Corner Section 36/1

Set a sandstone, 14x10x7" 10" in ground for ¼ Corner; mkd "¼" on North face from which bears:

14" Fir S 72½ W 63lks mkd ¼ S1 B.T.

50" Fir N 15 W 20 lks; mkd ¼ S 36 B.T.

DIAGRAM
T38S R12W

1
T39S

Description of corner evidence found:

Found a stone marked "¼" on face on top of ground.

A 50" Fir stump bears N 15 W 20 lks - no face visible

A 22" Fir snag bears S 72 W 63 lks - face visible

Description of monument and accessories I established to perpetuate the original location of this corner

Set a 3" Aluminum pipe with cap at corner location marked "¼ Sec. 36/1, T 38 S R 12 W - 1976

Placed the original stone alongside corner

Scribed a new BT - 21" Tanoak N 70 E 76 lks mkd "¼ S 36 BT"

Drove a metal fencepost in center of 50" Fir stump and set appropriate signs.

SURVEY IN SECTIONS 1, 11, 12 & 13
T.38S., R.14W., W.M. Curry County, Oregon
May, 1975

Basis of bearing for this survey is G.S. Baughman's 1971 survey of Section 24; in particular, the North line which is common to Section 13.

In 1906 Fred Mench, in the interest of coordinating his survey of the subdivision lines of T.38S., R.14W.. with the earlier surrounding survey by William P. Wright, created a triple corner situation for what formerly was the common corner to Sections 13,14,23 and 24. The triple corner consists of; the Northwest corner of Section 24, the closing corner to Sections 14 and 23 and the Southwest corner of Section 13 which occupies the same position as the original common corner.

Unfortunately the position for each of the three offset corners fell in an extremely unstable slide area. Further complicating the situation, the original and subsequently established bearing trees for two of these corners were also located within the same unstable area and are, as they have been for many years, in the process of moving southward.

The apparent exception to the above is the Closing Corner for Sections 14 and 23, where one original Fir B.T. and an Oak B.T., later established by L.B. Prahar, were established on a somewhat drier site on a shallow rocky ridge. There is the possibility of some movement even here, however it is my belief this is the most reliable basis for reestablishing the true position for the Southwest corner of Section 13 which is a controlling corner for the survey being submitted. This method however, results in a three minute bearing difference for the South line of Section 13 from that recorded by Baughman's 1971 survey which utilized a slightly different approach.

Proceedures used, and field notes for corners found and controlling to this survey, also those established by this survey, are as follows:

Unless otherwise noted, all corners are monumented with a 2½" brass cap affixed to a 30" iron pipe and driven 24" into the ground. All Bearing trees are scribed on wood.

(1) Northwest Corner Section 1

Found the original corner as described by William P. Wright in his 1881 survey. The original 10" Tanoak (now 19") in the Northeast quadrant is still in place with scribing visible. The Fir in the Southwest quadrant is now a snag with no scribing discernable. I monument this corner with a B.C.I.P with cap stamped T37S R14W, S35 S36, T38S, S1 S2, 1974 and from which:

SURVEY IN SECTIONS 1, 11, 12 & 13
T.38S., R.14W., W.M. Curry County, Oregon
May, 1975

Basis of bearing for this survey is G.S. Baughman's 1971 survey of Section 24; in particular, the North line which is common to Section 13.

In 1906 Fred Mench, in the interest of coordinating his survey of the subdivision lines of T.38S., R.14W.. with the earlier surrounding survey by William P. Wright, created a triple corner situation for what formerly was the common corner to Sections 13,14,23 and 24. The triple corner consists of; the Northwest corner of Section 24, the closing corner to Sections 14 and 23 and the Southwest corner of Section 13 which occupies the same position as the original common corner.

Unfortunately the position for each of the three offset corners fell in an extremely unstable slide area. Further complicating the situation, the original and subsequently established bearing trees for two of these corners were also located within the same unstable area and are, as they have been for many years, in the process of moving southward.

The apparent exception to the above is the Closing Corner for Sections 14 and 23, where one original Fir B.T. and an Oak B.T., later established by L.B. Prahar, were established on a somewhat drier site on a shallow rocky ridge. There is the possibility of some movement even here, however it is my belief this is the most reliable basis for reestablishing the true position for the Southwest corner of Section 13 which is a controlling corner for the survey being submitted. This method however, results in a three minute bearing difference for the South line of Section 13 from that recorded by Baughman's 1971 survey which utilized a slightly different approach.

Proceedures used, and field notes for corners found and controlling to this survey, also those established by this survey, are as follows:

Unless otherwise noted, all corners are monumented with a 2½" brass cap affixed to a 30" iron pipe and driven 24" into the ground. All Bearing trees are scribed on wood.

(1) Northwest Corner Section 1

Found the original corner as described by William P. Wright in his 1881 survey. The original 10" Tanoak (now 19") in the Northeast quadrant is still in place with scribing visible. The Fir in the Southwest quadrant is now a snag with no scribing discernable. I monument this corner with a B.C.I.P with cap stamped T37S R14W, S35 S36, T38S, S1 S2, 1974 and from which:

CHAINS

A 22" Tanoak bears S7¼°E, 43.5 feet, scribed T38S R14W S1 BT.
A 10" Tanoak bears S21°W, 12.7 feet, scribed S2 T38S R14W BT.
A 5" Tanoak bears N57¼°W, 25.8 feet, scribed S35 T37S R14W BT.

(2) E¼ Corner Section 1

This corner, originally established by Sewell Truax in 1858, was remonumented with a B.C.I.P in 1972 by J.B. Feeney. (See recorded data).

(3) S 1/16 Corner East line Section 1

This corner is set at the midpoint of a straight line between the East 1/4 and Southeast corners of Section 1. It is monumented with a B.C.I.P with cap stamped: T38S S1/16 S1 R14W S6 R13W 1974 and from which:

an 11" Hemlock bears S64°E, 15.5 feet, scribed 1/16 S6 T38S R13W BT
a 43" Douglas Fir bears N59°W, 47.1 feet, scribed T38S R14W 1/16 S1 BT

(4) S 1/16 Corner between Sections 1 and 2

This corner is set at the midpoint of a straight line between the point for the W¼ Section 1 and the Southwest corner of Section 1. It is monumented with a B.C.I.P. with cap stamped: T38S R14W S1/16 S2 S1 1974, and from which:

a 20" Douglas Fir bears S56 3/4°W, 16.5 feet, scribed S1/16 S2 BT.
a 14" Douglas Fir bears S52 3/4°E, 24.7 feet, scribed S 1/16 S1 BT

(5) Corner common to Sections 2, 3, 10 and 11

Found corner as described in original survey by W.P. Wright in 1881. The corner was remonumented with a B.C.I.P. and four new bearing trees scribed in 1973 by J.B. Feeney.

(6) W 1/16 between Sections 2 and 11

Set a B.C.I.P. at the midpoint of a straight line between the Northwest and North 1/4 corners of Section 11 with cap stamped: T38S R14W W 1/16 S2 S11 1974 and from which bears:

a 15" Douglas Fir bears N63¼°E, 23.7 feet, scribed W 1/16 S2 BT
an 8" Tanoak bears S52°W, 15.1 feet, scribed W 1/16 S11 BT.

(7) 1/4 Corner between Sections 2 and 11

Being unable to find this corner after a diligent search it is reestablished at the proportional distance on a straight line between the corner to Sections 2, 3, 10 and 11 and the corner common to Sections 1, 2, 11 and 12. It is monumented with a B.C.I.P. on which is stamped: T38S R14W ¼ S2 S11 1974, and from which:

a 13" Tanoak bears N65 3/4°E, 14.5 feet, scribed ¼ S2 BT.
a 29" Douglas Fir bears S54¼°W, 28.1 feet, scribed ¼ S11 BT.

CHAINS

A 22" Tanoak bears S7¼°E, 43.5 feet, scribed T38S R14W S1 BT.
A 10" Tanoak bears S21°W, 12.7 feet, scribed S2 T38S R14W BT.
A 5" Tanoak bears N57¼°W, 25.8 feet, scribed S35 T37S R14W BT.

(2) E¼ Corner Section 1

This corner, originally established by Sewell Truax in 1858, was remonumented with a B.C.I.P in 1972 by J.B. Feeney. (See recorded data).

(3) S 1/16 Corner East line Section 1

This corner is set at the midpoint of a straight line between the East 1/4 and Southeast corners of Section 1. It is monumented with a B.C.I.P with cap stamped: T38S S1/16 S1 R14W S6 R13W 1974 and from which:

an 11" Hemlock bears S64°E, 15.5 feet, scribed 1/16 S6 T38S R13W BT
a 43" Douglas Fir bears N59°W, 47.1 feet, scribed T38S R14W 1/16 S1 BT

(4) S 1/16 Corner between Sections 1 and 2

This corner is set at the midpoint of a straight line between the point for the W¼ Section 1 and the Southwest corner of Section 1. It is monumented with a B.C.I.P. with cap stamped: T38S R14W S1/16 S2 S1 1974, and from which:

a 20" Douglas Fir bears S56 3/4°W, 16.5 feet, scribed S1/16 S2 BT.
a 14" Douglas Fir bears S52 3/4°E, 24.7 feet, scribed S 1/16 S1 BT

(5) Corner common to Sections 2, 3, 10 and 11

Found corner as described in original survey by W.P. Wright in 1881. The corner was remonumented with a B.C.I.P. and four new bearing trees scribed in 1973 by J.B. Feeney.

(6) W 1/16 between Sections 2 and 11

Set a B.C.I.P. at the midpoint of a straight line between the Northwest and North 1/4 corners of Section 11 with cap stamped: T38S R14W W 1/16 S2 S11 1974 and from which bears:

a 15" Douglas Fir bears N63¼°E, 23.7 feet, scribed W 1/16 S2 BT
an 8" Tanoak bears S52°W, 15.1 feet, scribed W 1/16 S11 BT.

(7) 1/4 Corner between Sections 2 and 11

Being unable to find this corner after a diligent search it is reestablished at the proportional distance on a straight line between the corner to Sections 2, 3, 10 and 11 and the corner common to Sections 1, 2, 11 and 12. It is monumented with a B.C.I.P. on which is stamped: T38S R14W ¼ S2 S11 1974, and from which:

a 13" Tanoak bears N65 3/4°E, 14.5 feet, scribed ¼ S2 BT.
a 29" Douglas Fir bears S54¼°W, 28.1 feet, scribed ¼ S11 BT.

CHAINS

(8) Corner Common to Sections 1, 2, 11 and 12

After a diligent search this corner cannot be located and is reestablished by double proportionate measurement between the Northwest corner Section 1 and the point for the Southwest corner of Section 13 and also the Southwest corner of Section 2 and Southeast corner of Section 1. The iron pipe is driven 24" into the ground. The brass cap is stamped: T38S R14W S1 S2 S11 S12 1974, and from which:

a Douglas Fir bears S37°E, 14.6 feet, scribed S12 T38S R14W BT.
a Douglas Fir bears N71½°E, 23.0 feet, scribed S1 T38S R14W BT.
a Douglas Fir bears N42¼°W, 31.7 feet, scribed T38S R14W S2 BT.
a Douglas Fir bears S52°W, 26.8 feet, scribed T38S R14W S11 BT.

(9) 1/4 Corner between Sections 1 and 12

After a diligent search I am unable to find this corner and therefore reestablished same at proportional distance on a straight line between the corner common to Sections 1, 2, 11 and 12 and the corner common to 1, 6, 7 and 12 on the Range line. It is monumented with a B.C.I.P with cap stamped: T38S R14W 1/4 S1 S12 1974, and from which:

a 9" Madrone bears N24 3/4°E, 33.8 feet, scribed ¼ S1 BT.
a 28" Douglas Fir bears S56¼°W, 16.1 feet, scribed ¼ S12 BT.

This corner is located on a steep sidehill approximately 200 feet east of the ridge top.

(10) Corner common to Sections 1, 6, 7 and 12 on Range line

Being unable to find this corner after a diligent and thorough search I reestablish it at proportional distance on a straight line between the East 1/4 corner Section 1 and the Southeast corner of Section 12 on the Range line. It is monumented with a B.C.I.P with cap stamped T38S S1 S12 R14W S6 S7 R13W 1973 from which:

a 20" Tanoak bears S21¼°W, 32.2 feet, scribed T38S R14W S12 BT.
an 11" Tanoak bears S42°E, 30.2 feet, scribed T38S R13W S7 BT.
a 32" Douglas Fir bears N77¼°E. 35.8 feet, scribed T38S R13W S6 BT.
a 6" Tanoak bears N59½°W, 3.4 feet, scribed T38S R14W S1 BT.

(11) 1/4 Corner common to Sections 12 and 7 on Range line

After a diligent and thorough search this corner cannot be found and is reestablished at proportional distance between the Northeast and Southeast corners of Section 12. The iron pipe is driven 24" into the ground and the cap is stamped: T38S ¼ S12 R14W S7 R13W 1973, and from which:

an 8" Tanoak bears Due West, 14.3 feet, scribed T38S R14W ¼ S12 BT.
a 13" Tanoak bears N69¼°E. 22.3 feet, scribed T38S R13W ¼ S7 BT.

CHAINS

(8) Corner Common to Sections 1, 2, 11 and 12

After a diligent search this corner cannot be located and is reestablished by double proportionate measurement between the Northwest corner Section 1 and the point for the Southwest corner of Section 13 and also the Southwest corner of Section 2 and Southeast corner of Section 1. The iron pipe is driven 24" into the ground. The brass cap is stamped: T38S R14W S1 S2 S11 S12 1974, and from which:

a Douglas Fir bears S37°E, 14.6 feet, scribed S12 T38S R14W BT.
a Douglas Fir bears N71½°E, 23.0 feet, scribed S1 T38S R14W BT.
a Douglas Fir bears N42¼°W, 31.7 feet, scribed T38S R14W S2 BT.
a Douglas Fir bears S52°W, 26.8 feet, scribed T38S R14W S11 BT.

(9) 1/4 Corner between Sections 1 and 12

After a diligent search I am unable to find this corner and therefore reestablished same at proportional distance on a straight line between the corner common to Sections 1, 2, 11 and 12 and the corner common to 1, 6, 7 and 12 on the Range line. It is monumented with a B.C.I.P with cap stamped: T38S R14W 1/4 S1 S12 1974, and from which:

a 9" Madrone bears N24 3/4°E, 33.8 feet, scribed ¼ S1 BT.
a 28" Douglas Fir bears S56¼°W, 16.1 feet, scribed ¼ S12 BT.

This corner is located on a steep sidehill approximately 200 feet east of the ridge top.

(10) Corner common to Sections 1, 6, 7 and 12 on Range line

Being unable to find this corner after a diligent and thorough search I reestablish it at proportional distance on a straight line between the East 1/4 corner Section 1 and the Southeast corner of Section 12 on the Range line. It is monumented with a B.C.I.P with cap stamped T38S S1 S12 R14W S6 S7 R13W 1973 from which:

a 20" Tanoak bears S21¼°W, 32.2 feet, scribed T38S R14W S12 BT.
an 11" Tanoak bears S42°E, 30.2 feet, scribed T38S R13W S7 BT.
a 32" Douglas Fir bears N77¼°E. 35.8 feet, scribed T38S R13W S6 BT.
a 6" Tanoak bears N59½°W, 3.4 feet, scribed T38S R14W S1 BT.

(11) 1/4 Corner common to Sections 12 and 7 on Range line

After a diligent and thorough search this corner cannot be found and is reestablished at proportional distance between the Northeast and Southeast corners of Section 12. The iron pipe is driven 24" into the ground and the cap is stamped: T38S ¼ S12 R14W S7 R13W 1973, and from which:

an 8" Tanoak bears Due West, 14.3 feet, scribed T38S R14W ¼ S12 BT.
a 13" Tanoak bears N69¼°E. 22.3 feet, scribed T38S R13W ¼ S7 BT.

CHAINS

(12) CE 1/16 Section 12

This corner is established on the E-W centerline of Section 12 midway between the C¼ and E¼ corner. It is monumented with a B.C.I.P. with cap stamped: T38S R14W CE 1/16 S12 1974, and from which:

a 36" Madrone bears S33½°E, 21.8 feet, scribed CE 1/16 S12 BT.
a 16" Douglas Fir bears N27 3/4°W, 47.6 feet, scribed CE 1/16 S12 BT.

(13) C1/4 Section 12

The C¼ is set at the intersection of straight lines between opposite ¼ corners of this section. The corner pipe is driven 24" into the ground. The cap is stamped: T38S R14W C¼ S12 1974, and from which:

a 33" White Fir bears N21°E, 19.8 feet, scribed C¼ S12 BT.
a 24" Douglas Fir bears S68 3/4°W, 47.6 feet, scribed C¼ S12 BT.

(14) 1/4 Corner common to Sections 11 and 12

After a thorough and diligent search I am unable to find this corner and therefore reestablish it at the proportional distance on a straight line between the Northwest and Southwest corners of Section 12. Monumented with a B.C.I.P. driven 24" into the ground the cap is stamped: T38S R14W ¼ S11 S12 1974, and from which:

a 21" Tanoak bears S46¼°E, 9.4 feet, scribed ¼ S12 BT.
a 23" Douglas Fir bears S51 3/4°W, 4.7 feet, scribed ¼ S11 BT.

(15) 1/4 Corner common to Sections 10 and 11

Being unable to find this corner after a thorough and diligent search I reestablish it at proportional distance on a straight line between the Northwest and Southwest corners of Section 11. This corner is monumented with a B.C.I.P. The pipe is driven 24" into the ground and the cap is stamped: T38S R14W ¼ S10 S11 1974, and from which:

a 14" Douglas Fir bears N52½°E, 23.5 feet, scribed ¼ S11 BT.
a 10" Douglas Fir bears N60°W, 31.7 feet, scribed ¼ S10 BT.

(16) S 1/16 Corner between Sections 10 and 11

This corner is established at the midpoint of a straight line between the West ¼ and Southwest corners of Section 11. The iron pipe is driven 24" into the ground, the cap is stamped: T38S R14W S1/16 S10 S11 1974, and from which:

a 34" Douglas Fir bears N76¼°W, 42.6 feet, scribed S1/16 S10 BT.
a 52" Douglas Fir bears S6 3/4°E, 25.8 feet, scribed S 1/16 S11 BT.

CHAINS

(12) CE 1/16 Section 12

This corner is established on the E-W centerline of Section 12 midway between the C¼ and E¼ corner. It is monumented with a B.C.I.P. with cap stamped: T38S R14W CE 1/16 S12 1974, and from which:

a 36" Madrone bears S33½°E, 21.8 feet, scribed CE 1/16 S12 BT.
a 16" Douglas Fir bears N27 3/4°W, 47.6 feet, scribed CE 1/16 S12 BT.

(13) C1/4 Section 12

The C¼ is set at the intersection of straight lines between opposite ¼ corners of this section. The corner pipe is driven 24" into the ground. The cap is stamped: T38S R14W C¼ S12 1974, and from which:

a 33" White Fir bears N21°E, 19.8 feet, scribed C¼ S12 BT.
a 24" Douglas Fir bears S68 3/4°W, 47.6 feet, scribed C¼ S12 BT.

(14) 1/4 Corner common to Sections 11 and 12

After a thorough and diligent search I am unable to find this corner and therefore reestablish it at the proportional distance on a straight line between the Northwest and Southwest corners of Section 12. Monumented with a B.C.I.P. driven 24" into the ground the cap is stamped: T38S R14W ¼ S11 S12 1974, and from which:

a 21" Tanoak bears S46¼°E, 9.4 feet, scribed ¼ S12 BT.
a 23" Douglas Fir bears S51 3/4°W, 4.7 feet, scribed ¼ S11 BT.

(15) 1/4 Corner common to Sections 10 and 11

Being unable to find this corner after a thorough and diligent search I reestablish it at proportional distance on a straight line between the Northwest and Southwest corners of Section 11. This corner is monumented with a B.C.I.P. The pipe is driven 24" into the ground and the cap is stamped: T38S R14W ¼ S10 S11 1974, and from which:

a 14" Douglas Fir bears N52½°E, 23.5 feet, scribed ¼ S11 BT.
a 10" Douglas Fir bears N60°W, 31.7 feet, scribed ¼ S10 BT.

(16) S 1/16 Corner between Sections 10 and 11

This corner is established at the midpoint of a straight line between the West ¼ and Southwest corners of Section 11. The iron pipe is driven 24" into the ground, the cap is stamped: T38S R14W S1/16 S10 S11 1974, and from which:

a 34" Douglas Fir bears N76¼°W, 42.6 feet, scribed S1/16 S10 BT.
a 52" Douglas Fir bears S6 3/4°E, 25.8 feet, scribed S 1/16 S11 BT.

CHAINS

(17) SW 1/16 Corner Section 12

This corner is set at the intersection of straight lines between the opposite 1/16 corners of the SW¼. The pipe is driven 24" into the ground and the cap is stamped: T38S R14W SW1/16 S12 1974 and from which:

a 59" Douglas Fir bears N59°E, 27.8 feet, scribed SW1/16 S12 BT.
an 18" Myrtle bears S53½°E, 20.0 feet, scribed SW1/16 S12 BT.

(18) CS 1/16 Corner Section 12

This corner is established on the N-S centerline midway between the C¼ and S¼ corners of Section 12. A 24" Douglas Fir snag is located at the position where this corner would fall. On a face cut into the snag an X is scribed and a hub tack driven at the precise corner point. Also scribed on the face is: CS1/16 S12. From this point:

a 22" Douglas Fir bears S39°E, 47.5 feet, scribed CS1/16 S12 BT.
a 13" Douglas Fir bears N52°W, 14.8 feet, scribed CS1/16 S12 BT.

(19) SE 1/16 Corner Section 12

This corner is set at the intersection of straight lines between opposite 1/16 corners on the exterior boundaries of the SE¼. This corner is monumented with a 2½" brass cap mounted on a 1" galvanized iron pipe 34½" in length driven 28" into the ground. The cap is stamped: T38S R14W SE1/16 S12 1974, and from which:

a 36" Tanoak bears S21°E, 13.5 feet, scribed SE1/16 S12 BT.
a 20" Tanoak bears N41¼°W, 33.2 feet, scribed SE1/16 S12 BT.

(20) S 1/16 Corner East line, Section 12

This corner is established at the midpoint of a straight line between the E¼ and Southeast corners of Section 12. It is monumented with a B.C.I.P. with the cap stamped: T38S S1/16 S12 R14W S7 R13W 1973 and from which:

a 56" Douglas Fir bears N14½°W, 67.3 feet, scribed T38S R14W 1/16 S12 B
a 32" Douglas Fir bears S66½°E, 30.3 feet, scribed T38S R13W 1/16 S7 BT

(21) Corner common to Sections 12, 13, 7, and 18 on Range line

The 7" Maple BT established by Rufus S. Moore in 1891 is the only remaining evidence of the location of this corner. It is now a suppressed 18" with traces of mirror scribing still discernible. From this remaining BT I remonument the corner with a B.C.I.P. at record bearing and distance. The pipe is driven 24" into the ground and the cap stamped: T38S S12 S13 R14W S7 S18 R13W 1973, new BT's are scribed as follows:

CHAINS

(17) SW 1/16 Corner Section 12

This corner is set at the intersection of straight lines between the opposite 1/16 corners of the SW¼. The pipe is driven 24" into the ground and the cap is stamped: T38S R14W SW1/16 S12 1974 and from which:

a 59" Douglas Fir bears N59°E, 27.8 feet, scribed SW1/16 S12 BT.
an 18" Myrtle bears S53½°E, 20.0 feet, scribed SW1/16 S12 BT.

(18) CS 1/16 Corner Section 12

This corner is established on the N-S centerline midway between the C¼ and S¼ corners of Section 12. A 24" Douglas Fir snag is located at the position where this corner would fall. On a face cut into the snag an X is scribed and a hub tack driven at the precise corner point. Also scribed on the face is: CS1/16 S12. From this point:

a 22" Douglas Fir bears S39°E, 47.5 feet, scribed CS1/16 S12 BT.
a 13" Douglas Fir bears N52°W, 14.8 feet, scribed CS1/16 S12 BT.

(19) SE 1/16 Corner Section 12

This corner is set at the intersection of straight lines between opposite 1/16 corners on the exterior boundaries of the SE¼. This corner is monumented with a 2½" brass cap mounted on a 1" galvanized iron pipe 34½" in length driven 28" into the ground. The cap is stamped: T38S R14W SE1/16 S12 1974, and from which:

a 36" Tanoak bears S21°E, 13.5 feet, scribed SE1/16 S12 BT.
a 20" Tanoak bears N41¼°W, 33.2 feet, scribed SE1/16 S12 BT.

(20) S 1/16 Corner East line, Section 12

This corner is established at the midpoint of a straight line between the E¼ and Southeast corners of Section 12. It is monumented with a B.C.I.P. with the cap stamped: T38S S1/16 S12 R14W S7 R13W 1973 and from which:

a 56" Douglas Fir bears N14½°W, 67.3 feet, scribed T38S R14W 1/16 S12 B
a 32" Douglas Fir bears S66½°E, 30.3 feet, scribed T38S R13W 1/16 S7 BT

(21) Corner common to Sections 12, 13, 7, and 18 on Range line

The 7" Maple BT established by Rufus S. Moore in 1891 is the only remaining evidence of the location of this corner. It is now a suppressed 18" with traces of mirror scribing still discernible. From this remaining BT I remonument the corner with a B.C.I.P. at record bearing and distance. The pipe is driven 24" into the ground and the cap stamped: T38S S12 S13 R14W S7 S18 R13W 1973, new BT's are scribed as follows:

Page CHAINS

a 24" Maple bears S83½°W, 17.1 feet, scribed T38S R14W S13 BT.
a 15" Tanoak bears N9½°W, 30.2 feet, scribed T38S R14W S12 BT.
a 17" Myrtle bears S0¼°E, 42.1 feet, scribed T38S R13W S18 BT.
a 7" Tanoak bears N29½°E, 38.9 feet, scribed T38S R13W S7 BT.

(22) 1/4 Corner between Sections 12 and 13

After a diligent search this corner could not be found and is reestablished at proportional distance in a straight line between Corners common to Sections 11, 12, 13 and 14 and Sections 12, 13, 7 and 18 on the Range line. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 1/4 S12 S13 1974 and from which:

a 37" Tanoak bears S81 3/4°W, 7.4 feet, scribed 1/4 S13 BT.
a 25" Tanoak bears N62°E, 15.2 feet, scribed 1/4 S12 BT.

(23) W 1/16 Corner between Sections 12 and 13

This corner is established at the midpoint of a straight line between the 1/4 corner common to Sections 12 and 13 and the corner common to Sections 11, 12, 13 and 14. It is monumented with a B.C.I.P. with cap stamped: T38S R14W W1/16 S12 S13 1974 and from which:

a 55" Douglas Fir bears S61°E, 35.8 feet, scribed W1/16 S13 BT.
a 30" Douglas Fir bears N72½°E, 47.5 feet, scribed W1/16 S12 BT.

(24) Corner common to Sections 11, 12, 13 and 14

Being unable to find this corner after a diligent search, it is reestablished by double proportionate measurement between the Northwest corner of Section 1 and the point for the Southwest corner of Section 13, and also the corner common to Sections 10, 11, 14 and 15 and corner common to Sections 12, 13, 7 and 18 on the Range line. This corner is monumented with a B.C.I.P. with cap stamped: T38S R14W S11 S12 S13 S14 1974, and from which:

a 51" Douglas Fir bears N17½°W, 17.5 feet, scribed T38S R14W S11 BT.
a 36" Douglas Fir bears N67°E, 55.0 feet, scribed T38S R14W S12 BT.
a 44" Douglas Fir bears S13¼°E, 51.1 feet, scribed T38S R14W S13 BT.
a 19" Tanoak bears S54¼°W, 34.8 feet, scribed T38S R14W S14 BT.

(25) E 1/16 Corner between Sections 11 and 14

This corner is set at the midpoint of a straight line between the Southeast corner of Section 11 and the S 1/4 corner of Section 11. It is monumented with a B.C.I.P. with cap stamped: T38S R14W E1/16 S11 S14 1974 and from which:

a 6" Douglas Fir bears N38½°W, 22.3 feet, scribed E1/16 S11 BT.
a 16" Tanoak bears S38½°W, 54.8 feet, scribed E1/16 S14 BT.

Page CHAINS

a 24" Maple bears S83½°W, 17.1 feet, scribed T38S R14W S13 BT.
a 15" Tanoak bears N9½°W, 30.2 feet, scribed T38S R14W S12 BT.
a 17" Myrtle bears S0¼°E, 42.1 feet, scribed T38S R13W S18 BT.
a 7" Tanoak bears N29½°E, 38.9 feet, scribed T38S R13W S7 BT.

(22) 1/4 Corner between Sections 12 and 13

After a diligent search this corner could not be found and is reestablished at proportional distance in a straight line between Corners common to Sections 11, 12, 13 and 14 and Sections 12, 13, 7 and 18 on the Range line. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 1/4 S12 S13 1974 and from which:

a 37" Tanoak bears S81 3/4°W, 7.4 feet, scribed 1/4 S13 BT.
a 25" Tanoak bears N62°E, 15.2 feet, scribed 1/4 S12 BT.

(23) W 1/16 Corner between Sections 12 and 13

This corner is established at the midpoint of a straight line between the 1/4 corner common to Sections 12 and 13 and the corner common to Sections 11, 12, 13 and 14. It is monumented with a B.C.I.P. with cap stamped: T38S R14W W1/16 S12 S13 1974 and from which:

a 55" Douglas Fir bears S61°E, 35.8 feet, scribed W1/16 S13 BT.
a 30" Douglas Fir bears N72½°E, 47.5 feet, scribed W1/16 S12 BT.

(24) Corner common to Sections 11, 12, 13 and 14

Being unable to find this corner after a diligent search, it is reestablished by double proportionate measurement between the Northwest corner of Section 1 and the point for the Southwest corner of Section 13, and also the corner common to Sections 10, 11, 14 and 15 and corner common to Sections 12, 13, 7 and 18 on the Range line. This corner is monumented with a B.C.I.P. with cap stamped: T38S R14W S11 S12 S13 S14 1974, and from which:

a 51" Douglas Fir bears N17½°W, 17.5 feet, scribed T38S R14W S11 BT.
a 36" Douglas Fir bears N67°E, 55.0 feet, scribed T38S R14W S12 BT.
a 44" Douglas Fir bears S13¼°E, 51.1 feet, scribed T38S R14W S13 BT.
a 19" Tanoak bears S54¼°W, 34.8 feet, scribed T38S R14W S14 BT.

(25) E 1/16 Corner between Sections 11 and 14

This corner is set at the midpoint of a straight line between the Southeast corner of Section 11 and the S 1/4 corner of Section 11. It is monumented with a B.C.I.P. with cap stamped: T38S R14W E1/16 S11 S14 1974 and from which:

a 6" Douglas Fir bears N38½°W, 22.3 feet, scribed E1/16 S11 BT.
a 16" Tanoak bears S38½°W, 54.8 feet, scribed E1/16 S14 BT.

CHAINS

(26) 1/4 Corner between Sections 11 and 14

After a thorough and diligent search I am unable to find this corner and therefore reestablish it at proportional distance on a straight line between the Southwest and Southeast corners of Section 11. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 1/4 S11 S14 1974, and from which:

a 13" Douglas Fir bears N42½°E, 16.6 feet, scribed 1/4 S11 BT.
a 15" Douglas Fir bears S18 3/4°W, 14.3 feet, scribed 1/4 S14 BT.

(27) W 1/16 Corner between Sections 11 and 14

This corner is established at the midpoint of a straight line between the S 1/4 corner and Southwest corner of Section 11. It is monumented with a B.C.I.P, cap is stamped: T38S R14W W1/16 S11 S14 1974, and from which:

a 14" Tanoak bears N46°W, 23.4 feet, scribed W1/16 S11 BT.
a 23" Douglas Fir bears S56°E, 54.6 feet, scribed W1/16 S14 BT.

(28) Corner common to Sections 10, 11, 14 and 15

Found an iron pipe in a mound of stone marking the position of this corner. The original Madrone BT in the Southwest quadrant is still in place with no scribing visible. I affix a 2½" brass cap to the existing iron pipe in the mound of stone. The cap is stamped: T38S R14W S10 S11 S14 S15 1974, and from which:

The original Madrone BT, now 26" bears:
S83°W, 16.9 feet and is rescribed BT S15 T38S R14W
a 23" Douglas Fir bears N29°W, 76.3 feet, scribed S10 T38S R14W BT.
an 18" Douglas Fir bears N45¼°E, 17.8 feet, scribed T38S R14W S11 BT.
a 14" Douglas Fir bears S63°E, 34.6 feet, scribed T38S R14W S14 BT.

(29) CN 1/16 Corner Section 13

This corner is monumented with a 1" black iron pipe driven 24" into the ground with no brass cap, and from which:

a 17" Tanoak bears S32¼°E, 12.1 feet, scribed CN 1/16 S13 BT.
a 17" Tanoak bears N 7½ W, 23.9 feet, scribed CN 1/16 S13BT

The corner is established at the midpoint of a straight line between the N 1/4 and C 1/4 corners of Section 13.

(30) NE 1/16 Corner Section 13

This corner set at the intersection of straight lines between the opposite 1/16 corners on the exterior boundaries of the Northeast 1/4.

CHAINS

(26) 1/4 Corner between Sections 11 and 14

After a thorough and diligent search I am unable to find this corner and therefore reestablish it at proportional distance on a straight line between the Southwest and Southeast corners of Section 11. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 1/4 S11 S14 1974, and from which:

a 13" Douglas Fir bears N42½°E, 16.6 feet, scribed 1/4 S11 BT.
a 15" Douglas Fir bears S18 3/4°W, 14.3 feet, scribed 1/4 S14 BT.

(27) W 1/16 Corner between Sections 11 and 14

This corner is established at the midpoint of a straight line between the S 1/4 corner and Southwest corner of Section 11. It is monumented with a B.C.I.P, cap is stamped: T38S R14W W1/16 S11 S14 1974, and from which:

a 14" Tanoak bears N46°W, 23.4 feet, scribed W1/16 S11 BT.
a 23" Douglas Fir bears S56°E, 54.6 feet, scribed W1/16 S14 BT.

(28) Corner common to Sections 10, 11, 14 and 15

Found an iron pipe in a mound of stone marking the position of this corner. The original Madrone BT in the Southwest quadrant is still in place with no scribing visible. I affix a 2½" brass cap to the existing iron pipe in the mound of stone. The cap is stamped: T38S R14W S10 S11 S14 S15 1974, and from which:

The original Madrone BT, now 26" bears:
S83°W, 16.9 feet and is rescribed BT S15 T38S R14W
a 23" Douglas Fir bears N29°W, 76.3 feet, scribed S10 T38S R14W BT.
an 18" Douglas Fir bears N45¼°E, 17.8 feet, scribed T38S R14W S11 BT.
a 14" Douglas Fir bears S63°E, 34.6 feet, scribed T38S R14W S14 BT.

(29) CN 1/16 Corner Section 13

This corner is monumented with a 1" black iron pipe driven 24" into the ground with no brass cap, and from which:

a 17" Tanoak bears S32¼°E, 12.1 feet, scribed CN 1/16 S13 BT.
a 17" Tanoak bears N 7½ W, 23.9 feet, scribed CN 1/16 S13BT

The corner is established at the midpoint of a straight line between the N 1/4 and C 1/4 corners of Section 13.

(30) NE 1/16 Corner Section 13

This corner set at the intersection of straight lines between the opposite 1/16 corners on the exterior boundaries of the Northeast 1/4.

It is monumented with a B.C.I.P. and the cap is stamped: T38S R14W NE1/16 S13 1974, and from which:

a 29" Douglas Fir bears N31°W, 33.2 feet, scribed NE1/16 S13 BT.
a 26" Douglas Fir bears S72¼°W, 22.1 feet, scribed NE1/16 S13 BT.

(31) N 1/16 Corner on East line Section 13

This corner is established at the midpoint of a straight line between the Northeast and East 1/4 Corners of Section 13. It is monumented with a B.C.I.P. with cap stamped: T38S N1/16 S13 R14W S18 R13W 1974 and from which:

a 26" Douglas Fir bears N85 3/4°W, 29.0 feet, scribed N1/16 S13 T38S R14W BT.
a 53" Douglas Fir bears S13°E, 27.2 feet, scribed N1/16 S18 BT T38S R13W

(32) E 1/4 Corner Section 13

The Basalt stone corner scribed "1/4" as restored by Curniff in 1902 is found in place with bearing trees as follows:

a 13" Tanoak bears N77¼°E, 8.8 feet (Curniff BT)
a 24" Tanoak bears S86½°W, lo.2 feet " "

(33) CE 1/16 Corner Section 13

The point for this corner falls within a stream bed. I therefore establish a witness corner on the westerly side of the stream from which the true position of the CE 1/16 bears N89°41'W, a distance of 38.7 feet. The witness corner is monumented with a B.C.I.P. with cap stamped: T38S R14W WC CE 1/16 S13 1974 and from which:

a 76" Douglas Fir bears S13½°W, 54.4 feet, scribed WC CE1/16 S13 BT.
a 30" White Fir bears S89°W, 16.3 feet, scribed WC CE1/16 S13 BT.

(34) C 1/4 Corner Section 13

This corner is established at the intersection of the E-W and N-S centerlines of Section 13. It is monumented with a B.C.I.P. with cap stamped: T38S R14W C1/4 S13 1974, and from which:

a 15" Douglas Fir bears S62¼°W, 40.0 feet, scribed C1/4 S13 BT.
a 50" Douglas Fir bears N23°E, 49.3 feet, scribed C1/4 S13 BT.

(35) W 1/4 Corner Section 13

After a thorough and diligent search I am unable to find this corner and therefore reestablish it at proportional distance on a straight line between the Northwest and Southwest corners of Section 13. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 1/4 S14 S13 1974, and from which:

It is monumented with a B.C.I.P. and the cap is stamped: T38S R14W NE1/16 S13 1974, and from which:

a 29" Douglas Fir bears N31°W, 33.2 feet, scribed NE1/16 S13 BT.
a 26" Douglas Fir bears S72¼°W, 22.1 feet, scribed NE1/16 S13 BT.

(31) N 1/16 Corner on East line Section 13

This corner is established at the midpoint of a straight line between the Northeast and East 1/4 Corners of Section 13. It is monumented with a B.C.I.P. with cap stamped: T38S N1/16 S13 R14W S18 R13W 1974 and from which:

a 26" Douglas Fir bears N85 3/4°W, 29.0 feet, scribed N1/16 S13 T38S R14W BT.
a 53" Douglas Fir bears S13°E, 27.2 feet, scribed N1/16 S18 BT T38S R13W

(32) E 1/4 Corner Section 13

The Basalt stone corner scribed "1/4" as restored by Curniff in 1902 is found in place with bearing trees as follows:

a 13" Tanoak bears N77¼°E, 8.8 feet (Curniff BT)
a 24" Tanoak bears S86½°W, lo.2 feet " "

(33) CE 1/16 Corner Section 13

The point for this corner falls within a stream bed. I therefore establish a witness corner on the westerly side of the stream from which the true position of the CE 1/16 bears N89°41'W, a distance of 38.7 feet. The witness corner is monumented with a B.C.I.P. with cap stamped: T38S R14W WC CE 1/16 S13 1974 and from which:

a 76" Douglas Fir bears S13½°W, 54.4 feet, scribed WC CE1/16 S13 BT.
a 30" White Fir bears S89°W, 16.3 feet, scribed WC CE1/16 S13 BT.

(34) C 1/4 Corner Section 13

This corner is established at the intersection of the E-W and N-S centerlines of Section 13. It is monumented with a B.C.I.P. with cap stamped: T38S R14W C1/4 S13 1974, and from which:

a 15" Douglas Fir bears S62¼°W, 40.0 feet, scribed C1/4 S13 BT.
a 50" Douglas Fir bears N23°E, 49.3 feet, scribed C1/4 S13 BT.

(35) W 1/4 Corner Section 13

After a thorough and diligent search I am unable to find this corner and therefore reestablish it at proportional distance on a straight line between the Northwest and Southwest corners of Section 13. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 1/4 S14 S13 1974, and from which:

Page 9 CHAINS

a 33" Douglas Fir bears N47°W, 39.5 feet, scribed 1/4 S14 BT.
a 51" Douglas Fir bears S59 3/4°E, 78.2 feet, scribed 1/4 S13 BT.

(36) S 1/4 Corner Section 13

After a thorough and diligent search I am unable to find the original corner and therefore reestablish it at proportional distance on a straight line between the Southwest and Southeast Section corner of Section 13. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 1/4 S13 S24 1974 and from which:

an 11" Myrtle bears S4¼°W, 15.5 feet, scribed ¼S24BT (scribing faces N54°W
a 38" Douglas Fir bears N48¼°W, 29.1 feet, scribed ¼S13 BT.

A B.C.I.P. established by G.S. Baughman in 1971 bears S 53°31'W, 13.6 fee

(37) SE Corner Section 13

Found corner as remonumented by G.S. Baughman in 1971, accessories check correctly.

(38) Witness Corner to Southwest Corner Section 13

Being impractical to set the true Southwest corner of Section 13, a witness corner is set for same as shown on the accompanying plat. The W.C. is established North of the County road on stable ground, not subject to movement. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 14 13 CC 1975/WC and from which:

a 15" Tanoak bears S69 3/4°E, 14.2 feet, scribed S13 CC WC BT.
a 7" Douglas Fir bears N85°W, 30.2 feet, scribed S14 CC WC BT.

(39) Bearing basis point for locating true position of the Southwest corner of Section 13 from Witness Corner.

This point is located on a direct line between the Witness Corner for the Southwest corner and the point for the true Southwest corner of Section 13. It is a spike driven into a 30" Douglas Fir stump and painted orange.

(40) Bearing basis point for locating true position of Northwest corner of Section 24.

This point is located north of the County road on stable ground, not subject to movement. It is a 1¼" diameter by 39" long steel rod driven 33" into the ground with a center punch mark denoting the exact backsight point.

(41) Reference point for locating true position of Northwest corner of Section 24.

This point is located on the top of a large rock outcroping north of the County road. The exact point is a center punch mark in the top of a 5/8" diameter by 18" long iron rod driven 15" into the rock.

Page 9 CHAINS

a 33" Douglas Fir bears N47°W, 39.5 feet, scribed 1/4 S14 BT.
a 51" Douglas Fir bears S59 3/4°E, 78.2 feet, scribed 1/4 S13 BT.

(36) S 1/4 Corner Section 13

After a thorough and diligent search I am unable to find the original corner and therefore reestablish it at proportional distance on a straight line between the Southwest and Southeast Section corner of Section 13. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 1/4 S13 S24 1974 and from which:

an 11" Myrtle bears S4¼°W, 15.5 feet, scribed ¼S24BT (scribing faces N54°W
a 38" Douglas Fir bears N48¼°W, 29.1 feet, scribed ¼S13 BT.

A B.C.I.P. established by G.S. Baughman in 1971 bears S 53°31'W, 13.6 fee

(37) SE Corner Section 13

Found corner as remonumented by G.S. Baughman in 1971, accessories check correctly.

(38) Witness Corner to Southwest Corner Section 13

Being impractical to set the true Southwest corner of Section 13, a witness corner is set for same as shown on the accompanying plat. The W.C. is established North of the County road on stable ground, not subject to movement. It is monumented with a B.C.I.P. with cap stamped: T38S R14W 14 13 CC 1975/WC and from which:

a 15" Tanoak bears S69 3/4°E, 14.2 feet, scribed S13 CC WC BT.
a 7" Douglas Fir bears N85°W, 30.2 feet, scribed S14 CC WC BT.

(39) Bearing basis point for locating true position of the Southwest corner of Section 13 from Witness Corner.

This point is located on a direct line between the Witness Corner for the Southwest corner and the point for the true Southwest corner of Section 13. It is a spike driven into a 30" Douglas Fir stump and painted orange.

(40) Bearing basis point for locating true position of Northwest corner of Section 24.

This point is located north of the County road on stable ground, not subject to movement. It is a 1¼" diameter by 39" long steel rod driven 33" into the ground with a center punch mark denoting the exact backsight point.

(41) Reference point for locating true position of Northwest corner of Section 24.

This point is located on the top of a large rock outcroping north of the County road. The exact point is a center punch mark in the top of a 5/8" diameter by 18" long iron rod driven 15" into the rock.

CHAINS

(42) Point for the Southwest Corner of Section 13.

The position for this corner falls in slide area and for this reason no monument was set at the corner point. Trees within limits, including the various vintage bearing trees are also in the process of changing position. The B.C.I.P. set by G.S. Baughman in 1971 was located lying on top of the ground approximately thirty (30) feet down the slide and upon Baughman's instructions, was delivered to the Curry County Surveyor.

(43) Point for the Northwest Corner Section 24

No monument was set for this corner as its location would fall on extremely unstable ground. Baughman's B.C.I.P. is found to be still firmly embedded in the ground but is out of position by slightly over 25 feet in a southerly direction.

(44) Closing Corner to Sections 14 and 23

The original Douglas Fir B.T. in the Northwest quadrant is in place on stable ground and, in addition, a Tanoak B.T. set later by L.B. Prahar. The true corner location however, falls on extremely unstable ground so no monument reestablished here. Baughman's B.C.I.P, set in 1971, was found lying on top of the ground approximately 50 feet down the slope. It was delivered to the County Surveyor as requested. From the true closing corner positic Baughman's B.C.I.P. for the Northwest corner of Section 24 bears: N4°59'E, 44.6 feet.

(45) W 1/4 Corner Section 1

After a diligent search I am unable to find this corner and therefore reestablish it at proportional distance on a straight line between the Northwest and Southwest corners of Section 1. It is monumented with a B.C.I.P. with cap stamped: T38S R14W S2 S1 1/4 1975 and from which:

a 23" Douglas Fir bears N80°E, 16.4 feet, scribed 1/4 S1 BT.
a 19" Douglas Fir bears N40½°W, 51.0 feet, scribed 1/4 S2 BT.

CHAINS

(42) Point for the Southwest Corner of Section 13.

The position for this corner falls in slide area and for this reason no monument was set at the corner point. Trees within limits, including the various vintage bearing trees are also in the process of changing position. The B.C.I.P. set by G.S. Baughman in 1971 was located lying on top of the ground approximately thirty (30) feet down the slide and upon Baughman's instructions, was delivered to the Curry County Surveyor.

(43) Point for the Northwest Corner Section 24

No monument was set for this corner as its location would fall on extremely unstable ground. Baughman's B.C.I.P. is found to be still firmly embedded in the ground but is out of position by slightly over 25 feet in a southerly direction.

(44) Closing Corner to Sections 14 and 23

The original Douglas Fir B.T. in the Northwest quadrant is in place on stable ground and, in addition, a Tanoak B.T. set later by L.B. Prahar. The true corner location however, falls on extremely unstable ground so no monument reestablished here. Baughman's B.C.I.P, set in 1971, was found lying on top of the ground approximately 50 feet down the slope. It was delivered to the County Surveyor as requested. From the true closing corner positic Baughman's B.C.I.P. for the Northwest corner of Section 24 bears: N4°59'E, 44.6 feet.

(45) W 1/4 Corner Section 1

After a diligent search I am unable to find this corner and therefore reestablish it at proportional distance on a straight line between the Northwest and Southwest corners of Section 1. It is monumented with a B.C.I.P. with cap stamped: T38S R14W S2 S1 1/4 1975 and from which:

a 23" Douglas Fir bears N80°E, 16.4 feet, scribed 1/4 S1 BT.
a 19" Douglas Fir bears N40½°W, 51.0 feet, scribed 1/4 S2 BT.

Dear Sir:

I have remonumented, and where necessary, established new bearing trees for two corners, and hereby submit notes relative to same for record.

1/4 Corner Common to Sections 8 & 17, T38S, R13W, W.M.

I identify the position for this corner from the original bearing trees, both with faces on them and a broken stone was located at record distance.

I set a 2½" brass cap on a 1" iron pipe, 30" long, driven 24" into the ground. The cap is stamped T38S, R13W, 1/4 S8 and S17 from which:

The original 40" Fir BT (now 50") bears N44°E, 54.1 feet and is on the south edge of a trail.

The original 38" Fir BT is a windfall and I scribed a new BT; a 30" Douglas Fir, bears S34°E, 40.5 feet scribed, 1/4 S17 BT on wood.

This corner falls 3 feet west of the trail from Ed Millers' to A.W. Forgy (in the original notes)

Page 2

Corner Common to Sections 8, 9, 16, and 17, T38S, R13W, W.M.

I identify the corner position from the section 8 and 17 original bearing trees. The other two bearing trees have been destroyed by logging.

I set a 2½" brass cap on a 1" iron pipe, 30" long, driven 22" into the ground. The cap is stamped T38S, R13W, S8, S9, S17, S16, and from which:

The NW bearing tree (now 12") bears N45°W, 5.3 feet. I also found an open face and an X chopped in the tree.

The SW bearing tree (now 10") bears S9°W, 8.6 feet. I found a X^M cruiser mark chopped in the tree, with an open face.

The NE bearing tree is gone and I scribed a new BT which is a 58" Douglas Fir, bears N33°E, 29.5 feet and marked T38S, R13W, S9 BT on wood.

The SE bearing tree is gone and I scribed a new BT which is a 16" Tanoak, bears S33°E, 46.7 feet and marked T38S, R13W, S16 BT on wood.

Very truly yours,

FIELD NOTES

FOR THE

CHAINS

SUBDIVISION OF SECTION 2, T.37S., R.~~13~~14W., W.M.

FOR AGNEW TIMBER PRODUCTS JUNE 1982

by Jack B. Feeney-L.S.#575/37-221

Initial point for this survey is South 1/4 corner of Section 2 and the basis of bearing is J. B. Feeney's 1980 survey of Section 11; in particular, the West 1/2 of the East 1/2 of the section line between Sections 2 and 11, T.37S., R.13W., W.M.

Unless otherwise noted, all corners established or reestablished are monumented with a 2½" brass cap affixed to a 1" iron pipe, protruding 6" above the ground. All bearing trees are scribed on wood unless otherwise noted. Procedures used, and field notes for corners found and controlling to this survey, also those established, are as follows:

(1) NORTH 1/4 CORNER SECTION 2

Found original 40" Port Orford Cedar corner tree, now only 26", with scribe visible on the N.W. and S.W. faces. No trace of Alder bearing trees.

(2) NORTHEAST SECTION CORNER SECTION 2

I reestablish this corner from original bearing trees as described by Rufus B. Moore in his 1891 survey of Section 2. No trace remains of original corner post. I remonument this corner with a 2½" brass cap affixed to a 33" x 1" iron pipe driven 27" into ground. The cap is stamped T36S R14W S35\|S36 T37S R14W LS 575 1982 and from which: S2 \|S1

a 32" Douglas-fir (formerly 16") bears N88°E, 10.6 feet, scribe visible
a 48" Douglas-fir (formerly 10") bears S37½°E, 17.8 feet, with old face
a rotten stub Douglas-fir (formerly 8") bears N89°W, 16.5 feet
a 9" Maple bears S18°W, 20.8 feet, scribed S2 T37S R14W BT
a 42" Douglas-fir bears N79°W, 8.1 feet, scribed S35 BT T36S R14W

(3) CENTER EAST 1/16 SECTION 2

I establish this corner at the midpoint of a straight line between the East 1/4 corner and the Center 1/4 corner of Section 2. Corner is monumented with a 2½" brass cap affixed to a 1" x 30" iron pipe driven 24" into ground. The cap is stamped T37S R14W CE 1/16 S2 LS 575 1982 and from which:

an 8" Tanoak bears S65½°W, 3.6 feet, scribed CE 1/16 S2 BT
a 9" Tanoak bears S47°E, 11.5 feet, scribed CE 1/16 S2 BT

(4) CENTER 1/4 SECTION 2

I establish this corner at the intersection of the North-South and East-West centerlines of Section 2. Corner is monumented with a 2½" brass cap affixed to a 1" x 32" iron pipe driven 16" into ground. The cap is stamped T37S R14W C 1/4 S2 LS 575 1982 and from which:

a 12" Tanoak bears N41°E, 17.1 feet, scribed C 1/4 S2 BT
a 13" Tanoak bears S77°E, 9.5 feet, scribed C 1/4 S2 BT

(5) WEST 1/4 SECTION 2

Found corner as reestablished by J. B. Feeney in April 1968. The Tanoak in the Northwest quadrant is gone. I, therefore, establish a new bearing tree:

a 38" Maple bears S28°E, 36.7 feet, scribed 1/4 S2 BT

Dear Sir:

I have remonumented and established new bearing trees for the corners listed below and hereby submit notes relative to same for record.

Corner common to Townships 37 and 38 South, Ranges 13 and 14 West.

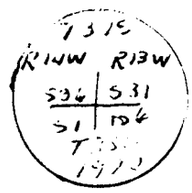
I identify this corner from three of the remaining original bearing trees.

The Laurel in the Northwest quadrant is a Madrona, now 19½ inches D.B.H. with scribing clearly visible on overgrowth.

The 20 inch Chinquapin in the Southwest quadrant is a Tanoak, now 25 inches D.B.H., with overgrown face clearly discernable.

The 10 inch Chinquapin in the Southeast quadrant is also a Tanoak, now 16 inches D.B.H., with overgrown face clearly discernable.

At the point indicated by the remaining bearing trees, I set a 2½" brass cap on a 1" iron pipe, 30" long driven 25" into the ground and stamped as per diagram:
and scribed the following new bearing trees:



a 24" madrona bears N19W, 10.7 feet, scribed T37S R14W S36 BT on the wood.

a 54" Douglas Fir bears S7°W, 53.2 feet, scribed T38S R14W S1 BT on the wood.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

Corner set by Rufus Moore under GLO Contract #570 in February 1891. Surveyor record states:

Set a basalt stone 12 X 9 X 6 ins., 8 ins. in ground for ¼ sec. cor. Marked ¼ on N face; from which,

An oak 12"diam. bears North, 13 lks. dist. marked ¼ S BT.
An Oak 16"diam. bears S 39° E, 53 lks. dist, marked ¼ S BT.

Perpetuated in April, 1943 by S.O. Newhouse. Record states;
Found one original bearing tree from which I restored the corner by driving a 1" iron pipe and post properly marked.
12" oak bears North 8.6 ft.
18" oak bears South 12° East 40.0 ft.

July 13, 1981

Mr. Howard Newhouse
Curry County Surveyor
Courthouse
Gold Beach, Oregon 97444

Dear Howard:

Re: 1/4 Corner to Sections 26 and 35, T35S, R14W

While recently timber cruising, I found the remains of the original 1890 1/4 corner and remonumented it as follows:

The corner falls in a partially overgrown dirt road. I set a 5/8" iron rod with a 2" aluminum cap marked:

T35S R14W
1/4 S26/S35
1981
PLS 1342

From which:

Original 24" D. fir, now a 36" rotten stump just North of a dirt road bears N34°E 47 lks. Scribes are visible on pitch face.

A 36" D. fir N76°W 70.6 ft., approx. 20' North of road, scribed "S26 S 1/4 BT" by me.

A 12" D. fir S3°E 17.9', approx. 10' South of road, scribed "S35 N 1/4 BT" by me.

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Corner set by Rufus S. Moore under contract No. 570 in 1891, record states:

CHAINS

Set a post, 4' long, 4" sq., 24" in the ground, for corner to secs. 13 and 24, mkd. T36S R13W on West, S13 on North and S24 on South faces, with 3 notches on N and S faces; from which:

A Fir, 20" diam., bears N43°E, 25 lks., mkd. "T36S R13W S13 and 24 BT".
A Fir, 45" diam., bears S12°W, 22 lks., mkd. "T36S R13W S 24 BT".
A Cedar, 12" diam., bears N28°W, 20 lks., mkd. "T36S R13W S13 BT".
Corner remonumented by R. E. Stuntzner in 1975, record states:
Set ¾" iron pipe from original BT's from which:
Original Fir 26" N43°E, 25 lks., face closed.
Original Fir 48" S12°W, 22 lks., face closed. Original Cedar on ground.
I bark scribe 54" Fir S42°E, 20.6 ft.; scribed 18" Fir S 72°E, 30.0 ft.

Found 16" canyon-live-oak, bears S 44° W, 13 lks., healed face.
Found rotten wood in stump hole, bears N 12° W, 29 lks.
Found 4" Doug fir blazed facing and back side from corner, bears N 34° W, 4.5 ft. (no record).

Description of monument and accessories I established to perpetuate the original location of this corner:

Set 2½" x 2½' iron pipe with 2½" brass cap, marked:
Lay original basalt stone beside corner.

Set aluminum fence post with "Attention" sign beside corner.

Set 8" Doug fir, bears N 39½° W, 13.7 ft., scribed "¼ S11 BT"
Tagged and painted 4" Doug fir, bears N 34° W, 4.5 ft.

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

CHAINS

History of original corner establishment: Corner set by Rufus S. Moore under contract No. 570 in 1891, record states:

Set a post, 4 foot long, 4 ins. sq., 24 ins. in the ground, for corner to secs. 13 and 24, mkd. T36S R13W on W., S13 on N and S 24 on S. faces, with 3 notches on N and S faces; from which

A Fir, 20 ins. diam., bears N 43°E., 25 lks. dist., mkd. T36S R13W S 13 and 24 BT.
A Fir, 45 ins. diam., bears S 12°W., 22 lks. dist., mkd. T36S R13W S 24 BT.
A Cedar, 12 ins. diam., bears N28°W., 20 lks. dist., mkd. T36S R13W S13 BT.

DIAGRAM

Corner remonumented by R.E. Stuntzner in 1975 record states;
Set 3/4" iron pipe from original Gov B.T.s from which:
Orig. Fir 26' N43°E 25 lks Face closed.
Orig. Fir 48' S12°W 22 lks Face closed. Orig. Cedar on ground.
I bark scribe 54" Fir S42°E 20.6 ft. scribed 18" Fir S72°E 30.0 ft.

Description of corner evidence found: At corner location I find

3/4" iron pipe 6" above ground.
26" Fir stump out of position (N43E, 25 lks record)
46" Fir stump S10°15' W (S12W record), 14.5 ft. (22 lks. record) face healed, bark scribed "BT" next to face
54" Fir stump S41°E (S42° E record), 21.7 ft (20.6' record) bark scribed "CC BT"
22" Fir stump S73°E (S72°E record), 30.1 ft. (30 ft. record) scribed "CCBT".

Description of monument and accessories I established to perpetuate the original location of this corner:

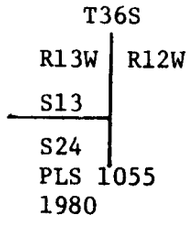
At corner position 1 set 2½" x 2' aluminum cap marked:



8" above ground set in a mound of stone 1' x 1'. I lay iron pipe next to cap.

I set 2' x 3/8" rebar 8" above ground S27°30'W, 14.0 ft. from corner.
I set 2' x 3/8" rebar 8" above ground S29°E, 20.7 ft. from corner.

Note: Set steel fence post with "Attention" Sign 1' west of corner.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Original corner set by William P. Wright. CHAINS Contract #389 in July 1881 record states: set an oak post 6 x 6 by 4 ft. long in ground for cor. to secs. 20, 21, 28, and 29 from which: A fir, 20" dia., bears S.60°E., 41 lks., A madrone 18" dia., bears N.15°E., 75 lks., A madrone, 16" dia., bears N.51°W., 54 lks., An oak 20" dia., bears S.46°W., 39 lks. In July 1917, Ben A. Eddy as part of a survey of HES 218 perpetuates corner. Record states: The cor. of secs. 20, 21, 28 and 29, T35S., R.11W., W.M., Oregon, which I reestablish in original position from two original bearing trees in good condition, as original corner has been destroyed: Set a black granite stone 18 x 18 x 6 ins., 12 ins. in the ground, over a stone marked with a cross, mkd. X on top for chaining point with 2 notches on south edges and 4 notches on east edges; from which: A fir, 30" dia., bears S68°30'E., 41 lks. dist., marked BTS28T35SR11W (original) A madrone, 18 ins., dia., bears N.37°00'W., 54 lks. dist., marked BTS20T35SR11W (original). A tan oak, 18 ins. dia., bears S.12°30'W., 46 lks. dist., marked T35SR11WS29BT (new), A tan oak, 6 ins. dia., bears N.62°15'E. 31 lks. dist., marked T35SR11W S21BT (new). In July 1924, Herbert N. Raymund, U.S.C.E. under special instructions group #96 tied to corner during a resurvey, record states; The cor. of secs. 20, 21, 28, and 29, reestablished by a Forest Service Surveyor in 1917, which is a granite stone 6 x 8 x 8 ins. above ground, firmly set, mkd. with a cross (X) on top, and with 2 notches on the S and 4 notches on the E edge; from which; A madrona, 20 ins. dia., bears N.7°E., 58 lks. dist., mkd. BTS21T35SR11W., An oak, 6 ins. dia., bears N.61°E., 30 lks. dist., mkd. T35SR11WS21BT, A fir, 30 ins. dia., bears S68°30'E., 41 lks. dist. mkd. BTS28T35SR11W., An oak, 20 ins. dia. bears S.10°W., 44 lks. dist., mkd. T35SR11WS29BT, A madrona 16 ins. dia., bears N.47°W., 54 lks. dist. mkd. BTS20T35SR11W Mark S20 on NW., S29 on SW., face of stone, and obliterate marking on bearing trees east of line; here after this corner will refer to secs. 20 and 29 only. In March 1967, H. J. Newhouse reestablished this corner during a subdivision in Section 29. Record states; Found stone Set.B.C.I.P.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: ~~Originally surveyed by Rufus S.~~ CHAINS Moore in Sept., 1891 under contract number 570. His record states: Set a post, 3 ft. long 3 ins. sq., 24 ins. in the ground, for 1/4 sec. cor. mkd. 1/4 sec. on W. face; from which
A fir, 26 Ins. diam. bears N.47°E., 16 lks. dist., mkd 1/4S BT.
A fir, 30 Ins. diam. bears S.73°W., 21 lks. dist., mkd 1/4S BT.
In July 1913, Chas. M. Collier surveyed this line under Survey Group Number 16. His record states: Intersect 1/4 sec. corner, which is a fir post, firmly set, marked a witnessed as described by the Surveyor General

DIAGRAM

Description of corner evidence found: No sign of original post, area falls in cat road.
A 36" Fir windthrow, N47°E, 16 lks, opened face scribes 1/4 visible on cut open face. (cound not make accurate measurement to root hole).
A 38" Fir stump, S73°00'W, 13.8 Ft., opened face 1/4 visible.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2 1/2" x 30" Aluminum pipe with Aluminum Cap marked:
Set cap from Fir stump B.T., Cap protruds 8" and is set in a 1' dia. stone mound.

B.T. Marked:
A Fir (dead top) 45", bears N78°45'E, 46.6Ft. scribed 1/4S18BT

Note Decl. 20°E

RESTORE SECTION CORNER TO SEC.S 4,5,8,9
T.35S., R14W., W.M.,CURRY COOUNTY, OREGON

WE identify corner from map and corner notes filed by Louis Prahar Aug. 1971. The bent one inch iron pipe found by Prahar is replaced with 2½ inch aluminum capped aluminum pipe properly marked. The unmarked fir stumps S 89° East 3.3 feet and S 72° W. 18.2 feet remain as well as the 6 in. (Now 14 in.) fir S 12° E (our measurement 14.6 feet.) The two bearing trees marked by Stuntzer Aug. 1980 bear: N 15° W 10.5 feet (14 in.) and S. 71° W 30 ft. (14 in.) adjacent to the corner we drive a red steel fence post. Aluminum tag is nailed to a fir tree on the North side of the Bonneville access road approximately 300 feet South of the corner. The corner is on a fairly steep South slope West of a small side creek. We add one additional bearing tree to the corner which is a 14 in. W. Fir South 75° East 34.0 feet.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Original corner set by William H. Wright CHAINS contract #389 in July 1881 record states: Set maple post 6" x 6" x 5 ft. long in ground for cor. to Sec. 28, 29, 32 and 33. From which: An oak, 10" dia., bears N.14°W., An oak 8" dia., bears S.30°W., A maple 6" dia., bears S.10°E., A maple 7" dia., bears N.25°°W.
In July, 1924, Herbert N. Raymond, U.S.C.E. under special instructions group #96 resurveyed Wrights subdivisions. Record states: Find no trace of cor. of secs. 28, 29, 32, and 33. Set point for cor. of secs. 28, 29, 32 and 33, determined by proportionate distance between SC of secs. 32 and 33 and ¼ sec. cor. 28 and 29; and by record distance in easting from MC of secs. 29 and 32 on left bank of Illinois River. Set an iron post, 3 ft. long, 2 in. dia., 26 ins. in the ground, with a brass cap mkd: from which: An oak, 14 ins. dia., bears N.49°E., 98 lks. dist. mkd. T35SR11WS28BT. A pine, 24 ins. dia., bears S27°E., 59 lks. dist mkd. T35SR11WS33Bt. A fir, 18 ins. dia., bears S36°30'W., 69 lks. dist. mkd. T35SR11WS32BT. An oak, 24 ins. dia., bears N.17°W., 50 lks. dist. mkd. T35SR11WS29BT.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

~~History of original corner establishment:~~ Original survey done by Rufus S. Moore under CHAINS contract #570 and completed in September, 1891. Record states: Set a basalt stone, 18 x 10 x 7 ins., 12 ins. in the ground, for cor. to secs. 1, 6, 7 and 12, mkd. with 1 notch on N. and 5 notches on S. edges; from which:

DIAGRAM

T35S R13W	T35S R12W
S1 / S12	S7

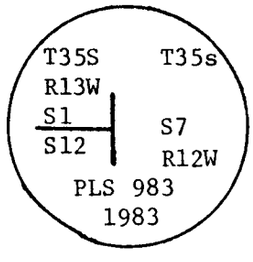
A fir, 44 ins. diam. bears N59°E., 135 lks. dist., mkd. T35SR12-WS6BT.
A fir, 20 ins. diam. bears S83°E., 318 lks. dist., mkd. T35SR12-WS7BT.
A fir, 20 ins., diam. bears S69°W., 80 lks. dist., mkd. T35SR13W S12BT.
A fir, 44 ins. diam. bears N43°W., 95 lks. dist., mkd. T35SR13WS1BT. In July, 1913, Chas M. Collier surveyed from the east under Contract #378. Record states: Intersected the W. bdy of Tp. 5.90 chs. North of the cor. of secs. 1, 6, 7 and 12, previously described, which I now changed to refer to secs. 1 and 12 of Tp. 35S R13W. only and obliterate all markings referring to secs 6 and 7. In Sept., 1960, B. R. Horton under contract with the United States Plywood Corporation surveyed this corner. His record states: Thence I ran on a bearing of North 0 42' West for a distance of 2668.6 feet to the section corner of sections 1, 6, 7 and 12, Township 35 South, Ranges 12 and 13 West, Willamette Meridian. This corner was marked by a stone. Two snags were identified as bearing trees. I set a 1½ inch iron pipe beside the rock and established the bearing trees as follows:
10 inch fir - North 18° East, 35.2 feet.
8 inch fir - South 76° West, 47.0 feet.
41 inch fir - North 50° West, 123.5 feet.

DESCRIPTION OF CORNER EVIDENCE FOUND:

Found a 1½ Iron pipe protruding 6 inches. No stone found next to pipe. From which:
A fir stump, 70 ins. diam. bears N59° 00'E, 88.8 ft. with face healed.
A fir snag, 28 ins. diam. bears S83° 00'E, 207.1 ft., axe work and partial scribes visible.
A fir stump (badly decayed), S68° 30'W, 62.9 ft., reversed scribes visible.
A fir snag, 38" dia. bears N43° 00'W, 52.5 ft., no markings.
Horton B.T.'s:
A fir, 16 in. dia. bears N19° 00'E, 34.9 ft., with face healed.
A fir, 14 in. dia. bears S77° 15'W, 47.0 ft., with face healed.
A fir snag, 38 in. dia. bears N50° 00'W, 119.3 ft., scribes S1BT visible.

DESCRIPTION OF MONUMENT AND ACCESSORIES I ESTABLISHED TO PERPETUATE THE ORIGINAL LOCATION OF THIS CORNER:

Set a 2½" dia. aluminum cap on a 30" aluminum pipe protruding 9 ins. in a 2' dia. stone mound. Buried Iron pipe next to cap.



B.T. Marked:
A fir, 14 ins. dia. bears N23° 00'W, 13.5 ft. scribed T35S-R13WS1BT. Note: Attn. sign on 6 ft. aluminum post set 1.5 ft. North

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Original survey by Rufus S. Moore, Sept. 10 to 22, 1891. Contract No. 570.
Record States: Set a basalt stone, 18 x 12 x 6 ins., 12 ins. in the ground, for 1/4 sec. cor. mkd. 1/4 on West face; from which
A Fir, 12 ins. diam., bears N44°E., 27 lks. dist., mkd. 1/4S BT.
A Fir, 14 ins. diam., bears S71½°W., 30 lks. dist., mkd 1/4S BT.
In July 1913, Chas M. Collier surveyed this line under survey group Number 16. Record States:
Intersect the 1/4 sec. cor., which is a basalt stone, firmly set, marked and witnessed as described by the surveyor general.
In Aug. 1960, J.E. Bussard under supervision of B.R. Horton perpetuated this corner record states:
The East 1/4 of S12 which was marked by a stone and the following bearing tree:
14" Fir S71.5°W, 19.8 Feet.
I placed a 1 inch pipe beside the stone and marked the following additional bearing tree:
A 30" Fir, N14 .5°E, 28.7 feet.

DIAGRAM

Description of corner evidence found:
Found 1" Iron pipe driven next to stone with no visible markings
Orig B.T.
13" Fir low stump, S73°00W, 18.6 Ft. pitch seam visible
Horton B.T.
24" Fir stump, N17°00'E, 28.2', scribed 1/4 S7 BT.
No sign of original northeast B.T.

Description of monument and accessories I established to perpetuate the original location of this corner:
Set a 2½" x 30" Aluminum pipe with Cap marked:
Cap protrudes 10" and is set in a 1' dia. stone mound.
Layed pipe and stone next to cap.

CHAINS

CORNER 1 HES 221

HES 221 COR· 1 PLS 1055 1981

Found a sandstone 24 X 14 X 8 ins., 14 ins. in the ground, marked 1 HES 221 on the side facing the claim, replaced sandstone with ACAP, 24 ins. in the ground, from which:
Original Bearing Trees;
An oak, 42 ins. diam., bears S44°00'W (S42°30'W), 40.5 ft. dist. (62 lks.), face healed.
A fir, 55 ins. diam., bears S15°00'E (S16°00'E), 40.1 ft. dist. (62 lks.), face healed.

CORNER 2 HES 221

HES 221 COR· 2 PLS 1055 1981

Found a sandstone 26 X 5 X 5 ins., 6 ins. in the ground, marked 2 HES 221 on the side facing the claim, replaced sandstone with ACAP, 24 ins. in the ground, from which:
Original Bearing Trees;
An oak, 16 ins. diam., bears N 8°45'W (N 9°00'W), 7.8 ft. dist. (11 lks.), face healed.
A fir, 42 ins. diam., bears S 74°30'E (S 76°45'E), 37.6 ft. dist. (57 lks.), face healed. See Notes below.

CORNER 3 HES 221

HES 221 COR· 3 PLS 1055 1981

Found remains of original sandstone, (14 X 10 X 8 ins. lying on its side out of position), with marks ES 221 visible while digging the hole for ACAP. ACAP, 24 ins. in the ground, set at proportionate distance from which:
New Bearing Trees;
An apple tree, 12 ins. diam., bears N 77°15'W, 14.3 ft. dist., marked: HES 221 3 BT.
A fir, 18 ins. diam., bears S50°45'E, 21.1 ft. dist., marked: HES 221 3 BT.

CORNER 4 HES 221

HES 221 COR· 4 PLS 1055 1981

Set ACAP, 24 ins. in the ground, from which:
New Bearing Trees;
A madrone, 10 ins. diam., bears S65°00'W, 6.3 ft. dist., marked on the bark: HES 221 4 BT.
A fir, 12 ins. diam., bears N4°00'E, 12.6 ft. dist., marked: HES 221 4 BT

CORNER 5 HES 221

HES 221 COR· 5 PLS 1055 1981

Set ACAP, 24 ins. in the ground, from which:
New Bearing Trees;
A madrone, 16 ins. diam., bears N 89°30'W, 12.1 ft. dist., marked on the bark: HES 221 5 BT.
A fir, 10 ins. diam., bears N33°00'E, 22.5 ft. dist., marked: HES 221 5 BT.

Notes

There were no small stones with an 'X' scribed on them found underneath the sandstone corner markers. Unless otherwise impractical a rock mound was set around all ACAP's and the sandstone corner markers set next to the ACAP's. The tie to the 1/4 corner from corner 1 of HES 221 was found to be different than the record distance by over 220 ft. National Forest land borders HES 221 on all sides. New bearing tree at corner 2 is a fir, 18 ins. diam., bears N 37°30'E, 37.2 ft. dist., marked: HES 221 2 BT.

CHAINS

CORNER 1 HES 221

HES 221 COR· 1 PLS 1055 1981

Found a sandstone 24 X 14 X 8 ins., 14 ins. in the ground, marked 1 HES 221 on the side facing the claim, replaced sandstone with ACAP, 24 ins. in the ground, from which:
Original Bearing Trees;
An oak, 42 ins. diam., bears S44°00'W (S42°30'W), 40.5 ft. dist. (62 lks.), face healed.
A fir, 55 ins. diam., bears S15°00'E (S16°00'E), 40.1 ft. dist. (62 lks.), face healed.

CORNER 2 HES 221

HES 221 COR· 2 PLS 1055 1981

Found a sandstone 26 X 5 X 5 ins., 6 ins. in the ground, marked 2 HES 221 on the side facing the claim, replaced sandstone with ACAP, 24 ins. in the ground, from which:
Original Bearing Trees;
An oak, 16 ins. diam., bears N 8°45'W (N 9°00'W), 7.8 ft. dist. (11 lks.), face healed.
A fir, 42 ins. diam., bears S 74°30'E (S 76°45'E), 37.6 ft. dist. (57 lks.), face healed. See Notes below.

CORNER 3 HES 221

HES 221 COR· 3 PLS 1055 1981

Found remains of original sandstone, (14 X 10 X 8 ins. lying on its side out of position), with marks ES 221 visible while digging the hole for ACAP. ACAP, 24 ins. in the ground, set at proportionate distance from which:
New Bearing Trees;
An apple tree, 12 ins. diam., bears N 77°15'W, 14.3 ft. dist., marked: HES 221 3 BT.
A fir, 18 ins. diam., bears S50°45'E, 21.1 ft. dist., marked: HES 221 3 BT.

CORNER 4 HES 221

HES 221 COR· 4 PLS 1055 1981

Set ACAP, 24 ins. in the ground, from which:
New Bearing Trees;
A madrone, 10 ins. diam., bears S65°00'W, 6.3 ft. dist., marked on the bark: HES 221 4 BT.
A fir, 12 ins. diam., bears N4°00'E, 12.6 ft. dist., marked: HES 221 4 BT

CORNER 5 HES 221

HES 221 COR· 5 PLS 1055 1981

Set ACAP, 24 ins. in the ground, from which:
New Bearing Trees;
A madrone, 16 ins. diam., bears N 89°30'W, 12.1 ft. dist., marked on the bark: HES 221 5 BT.
A fir, 10 ins. diam., bears N33°00'E, 22.5 ft. dist., marked: HES 221 5 BT.

Notes

There were no small stones with an 'X' scribed on them found underneath the sandstone corner markers. Unless otherwise impractical a rock mound was set around all ACAP's and the sandstone corner markers set next to the ACAP's. The tie to the 1/4 corner from corner 1 of HES 221 was found to be different than the record distance by over 220 ft. National Forest land borders HES 221 on all sides. New bearing tree at corner 2 is a fir, 18 ins. diam., bears N 37°30'E, 37.2 ft. dist., marked: HES 221 2 BT.

An uprooted rotten fir stump, bear approx. S 10° E, 27 lks dist.
A fir 30" S 84° W, 29 lks, marked T35S R11W S20 BT
A fir 20" N 25° W, 33 lks, marked T35S R11W S17 BT, in place of wooden post. Set an iron post 3 ft. long, 2" diam. x 32" in the ground for cors. of secs. 17 and 20 only with brass cap marked.

Description of corner evidence found:

Found BCIP marked:

T35S
S17 | S16
S20
R11W
1924

30" fir, N 25° W, 33 lks scribes S 17 BT visible.
Fir snag (out of position), N 58° E, 20 lks scribing visible.

Description of monument and accessories I established to perpetuate the original location of this corner:

Marked:

18" fir, S 82° W, 49.5 ft. scribed S 20 BT
10" myrtle, N 6° W, 62.0 ft. scribed S 17 BT

Set fence post alongside corner

Line posted to north to ¼ cor.

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

DIAGRAM

T. 35S., R.13W., W.M.

1/4 S 25 / S 36

History of original corner establishment: Corner established in 1881 by William P. Wright, under General Land Office Contract Number 389. Surveyor General Records states: "Set an oak post 6x6 by 5 ft. long in ground. For quarter section corner from which: an oak, 18 ins. diameter bears S.70°S., 24 ~~CHAINS~~ Lks., 20 ins. diameter, bears N.45°E., 18 Lks.

Restoration of corner was done on September 24, 1914 by Jim Caughell, C.S. Curry County. Notes state: "found one witness tree standing with proper marks and another tree down. Set new witness post, remarked old tree below original marks. This tree bears: North 45° East 12.0 ft. marked a 20" fir that bears south 24°30' west.

Note: No distance appears for this BT.

Further restoration done on 8/23/74 by Beeby, Cummings, Ulmer for U.S. Plywood. Their monument description: "Rock mound w/stick 3' tall BTS: Douglas Fir 22" S.27°W., 44 ft.
Tan Oak 22" S78°W., 22 ft.

Description of corner evidence found:

Their remarks: Tan Oak BT is in danger of falling in near future due to rot. Brass cap and iron pipe should be placed while BT's are still intact.

At assumed corner location, I found a mound of stone 12"x12"x8" with 3' post protruding from the center, from which:

a Douglas Fir 38" diameter bears S.27°45'W., 45 ft. dist. w/healed blazes.
a Tan Oak 26" diameter bears S84°30'W., 33 ft. dist. w/open blazes no scribing.
a stump hole N.45°E., 12 ft. dist.
a stump hole S.70°W., 16 ft. dist.

Location poster appears on Douglas Fir BT. posted by Beeby, Cummings, Ulmer for U.S. Plywood

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2½" diameter aluminum pipe 2½ ft. long with 3 inch diameter cap at the point of intersection of distances from evidenced bearing trees, distance from original BT stump holes and the position of the restored post. Cap on monument marked:

The oak post was removed and aluminum pipe with cap was set with 6" exposed above ground. Corner was relocated by using cross reference hubs located over the position the post went into the ground before it was removed. Aluminum pipe w/cap was set in correct position in reference to east-west section line.

New bearing trees:

Tan Oak 22" DBH marked with blaze at base of tree facing corner. Scribed ¼ S.25BT. Distance 30 ft. bearing N.78°15'E.

Note: U.S.F.S. bearing tree tags and attention signs placed on all bearing trees found and set. All bearing trees painted with red band. Placed stones around aluminum pipe and painted red.

Description of corner evidence found:

Found a rotted stake laying on ground at corner location - no marks visible.

A 31" Fir S 70° E 40 lks - cut face visible

30" Fir S 60° W 42 lks - cut face visible

Description of monument and accessories I established to perpetuate the original location of this corner

Set a 3" Alum. pipe w/cap at corner location mkd:

"C.C. 23/24 T 35 S R 12 W 1976"

Set a metal fencepost and signs by corner

SEARCH AND RESTORATION OF 1/4 CORNER
BETWEEN SECTIONS 8 and 17, T.34S., R11W.
W.M., CURRY COUNTY, OREGON

Corner recovered after considerable ground search and study of original fieldbook notes of survey performed for W. Morgan and H. Schrader in 1957 and 1958. (County Surveyors Map file 500. A final analysis was made by reference to aerial photography and the known location of the NW corner of Section 17 and the NE corner of said Section 17. The area surrounding the 1/4 corner had been logged and extensively burned after 1958. Both stumps of the original Government bearing trees were identified. No monument at the corner was found due to an apparent road slide South of the corner, and the small bearing trees marked by H.J. Newhouse in 1958 are not readily identifiable. After preliminary identification was made we compared the 1/4 corner location to monuments set during the C.B. Graves survey Jan. 1959. (C.S. Map File 500.3) These agreeing with our temporary location we reset the 1/4 corner with a Aluminum Capped Aluminum pipe from which bears:

A burned fir stump S.60°E. 47.5 feet.
A burned fir stump N.40°E. 27.7 feet.
Location tags are nailed to the above stumps.
A new bearing tree 8 in. Fir S.33°E 14.7 feet with location tag.
A steel fence post is driven adjacent to the corner.

The corner falls between two cat roads on a steep North slope.

Those present: H.J. Newhouse

S U R V E Y N A R R A T I V E

Location: H.E.S. No. 218, Sections 21 and 28, T. T. 35 S., R. 11 W., W.M. Curry County, Oregon

Surveyed for: Arant Lumber Co., Grants Pass, Oregon

Purpose: To establish lines and corners for logging purposes on the boundaries of the above described tract.

Procedure:

The point for Corner No. 6 of H.E.S. No.218 is reestablished by setting a 5/8th inch diameter iron rod , 30 ins. in length, 26 ins, in the ground from which:

A Douglas Fir; 24 ins. in diam bears S.63° W., 46 lks, dist.,blaze healed
A Douglas Fir stump, 28 ins. in diam. Bears N 01°W, 32 lks. dist, mks. visible

Thence North for 2563.89 feet to Corner No. 5 which is monumented with a conglomerate stone , 26 x 8 x 4 ins, set firmly in the ground with a cross chisled on the top from which the following original trees:

A Tan Oak, 14 ins in diam. bears N. 81° W., 14 lks. dist., mks. visible
A Douglas Fir stump , 50 ins. in diam. bears N.30°E, 38 lks. dist, blaze line visible.

Thence S. 89°34' W. for 2025.94 feet to Corner No. 4 which I reestablish by setting a 5/8th x 30 inch iron rod at the corner point from which:

A Douglas Fir, 54 ins. in diam., bears N.64° W., 12 lks. dist., bark scribed.
A Tan Oak, 18 ins. in diam., bears N. 26° E., 33 lks, dist., mks. visible.

Thence S. 00°07½' E. for 1714.76 feet to corner No. 3 which I reestablish by setting a 5/8th x 30 inch iron rod from which:

A Tan Oak, 14 ins. in diam., bears S. 21° E., 51 lks. dist., blaze healed.
A Douglas Fir, 13 ins. in diam., bears S.75° W., 31 lks. dist., Blaze Healed.

Thence S. 40°20' E., for 1091.04 feet to corner No. 2 which I reestablish by setting a 5/8th x 30 inch iron rod from which:

A Douglas Fir, 10 ins. in diam., bears N.68°W., 26 lks. dist., mks. visible.
A Douglas Fir, 20 ins. in diam., bears S. 2° E., 40 lks. dist. Blaze healed.

Thence S. 26°06' W., for 1539.78 feet to Corner No. 1 which I reestablish by setting a 5/8th x 30 inch iron rod at the corner point from which:

A Tan Oak, 10 ins. diam. bears N. 67° E., 30 lks. dist. , mks. visible.
A Douglas Fir rotted stump 36" to 48" in diam., bears N. 67° E., 11 lks. dist., marks obliterated.

Thence S. 17°46' E., for 828.46 feet to Corner No. 9 which I reestablish by setting a 5/8th x 30 inch iron rod at the corner point from which:

Location: H.E.S. No. 218, Sections 21 and 28, T. T. 35 S., R. 11 W., W.M. Curry County, Oregon

Surveyed for: Arant Lumber Co., Grants Pass, Oregon

Purpose: To establish lines and corners for logging purposes on the boundaries of the above described tract.

Procedure:

The point for Corner No. 6 of H.E.S. No.218 is reestablished by setting a 5/8th inch diameter iron rod , 30 ins. in length, 26 ins, in the ground from which:

A Douglas Fir; 24 ins. in diam bears S.63° W., 46 lks, dist.,blaze healed
A Douglas Fir stump, 28 ins. in diam. Bears N 01°W, 32 lks. dist, mks. visible

Thence North for 2563.89 feet to Corner No. 5 which is monumented with a conglomerate stone , 26 x 8 x 4 ins, set firmly in the ground with a cross chisled on the top from which the following original trees:

A Tan Oak, 14 ins in diam. bears N. 81° W., 14 lks. dist., mks. visible
A Douglas Fir stump , 50 ins. in diam. bears N.30°E, 38 lks. dist, blaze line visible.

Thence S. 89°34' W. for 2025.94 feet to Corner No. 4 which I reestablish by setting a 5/8th x 30 inch iron rod at the corner point from which:

A Douglas Fir, 54 ins. in diam., bears N.64° W., 12 lks. dist., bark scribed.
A Tan Oak, 18 ins. in diam., bears N. 26° E., 33 lks, dist., mks. visible.

Thence S. 00°07½' E. for 1714.76 feet to corner No. 3 which I reestablish by setting a 5/8th x 30 inch iron rod from which:

A Tan Oak, 14 ins. in diam., bears S. 21° E., 51 lks. dist., blaze healed.
A Douglas Fir, 13 ins. in diam., bears S.75° W., 31 lks. dist., Blaze Healed.

Thence S. 40°20' E., for 1091.04 feet to corner No. 2 which I reestablish by setting a 5/8th x 30 inch iron rod from which:

A Douglas Fir, 10 ins. in diam., bears N.68°W., 26 lks. dist., mks. visible.
A Douglas Fir, 20 ins. in diam., bears S. 2° E., 40 lks. dist. Blaze healed.

Thence S. 26°06' W., for 1539.78 feet to Corner No. 1 which I reestablish by setting a 5/8th x 30 inch iron rod at the corner point from which:

A Tan Oak, 10 ins. diam. bears N. 67° E., 30 lks. dist. , mks. visible.
A Douglas Fir rotted stump 36" to 48" in diam., bears N. 67° E., 11 lks. dist., marks obliterated.

Thence S. 17°46' E., for 828.46 feet to Corner No. 9 which I reestablish by setting a 5/8th x 30 inch iron rod at the corner point from which:

CHAINS

A Douglas Fir, 18 ins. in diam. bears S. 16° E., 60 lks. dist., blaze healed.
A Tan Oak, 9 ins. in diam. bears S.88° W., 44 lks. dist., mks visible.

Thence N. 71°43½' E. for 1087.82 feet to Corner No. 8 which is monumented with a conglomerate stone, 24 x 8 x 4 ins. set firmly in the ground with a cross chisled on the top from which:

A Knobcone Pine, 20 ins. in diam. bears S.77° E., 21 lks dist. mks. visible
A Madrone, 10 ins. in diam. bears S 85° W., 30 lks. dist. mks. visible.

Thence N. 01°26' E. for 1825.64 feet to Corner No. 7 at which point I set a 5/8th x 30 inch iron rod from which:

A Douglas Fir, 22 ins. in diam. bears N. 45° W, 38 lks. dist., blaze healed.
A Douglas Fir, 20 ins. in diam. bears S 53° E., 25 lks. dist., blaze healed.

Thence N. 89°49½' E. for 661.67 feet to Corner No. 6 at which point I set a 5/8th x 30 inch iron rod from which:

A Douglas Fir 24 ins. in diam. bears S. 63° W., 46 lks. dist., blaze healed.
A Douglas Fir stump, 28 ins. in diam bears N. 01°W, 32 lks. dist, Marks visible on portion of stump.

Thence Due North for 2563.89 feet to corner No. 5 herebefore described.

This survey executed with a Wild T16-ED transit, a Buff and Buff mountain transit and 200 feet steel tape. All measurements were measured on the slope and converted to horizontal using the vertical circles on said instruments to measured vertical angles. Error of closure was 1/5240 and are not adjusted but represent actual field measurements.

All bearings are referred to the record bearing of the line between Corner No. 5 and Corner No. 6 which is North.

CHAINS

A Douglas Fir, 18 ins. in diam. bears S. 16° E., 60 lks. dist., blaze healed.
A Tan Oak, 9 ins. in diam. bears S.88° W., 44 lks. dist., mks visible.

Thence N. 71°43½' E. for 1087.82 feet to Corner No. 8 which is monumented with a conglomerate stone, 24 x 8 x 4 ins. set firmly in the ground with a cross chisled on the top from which:

A Knobcone Pine, 20 ins. in diam. bears S.77° E., 21 lks dist. mks. visible
A Madrone, 10 ins. in diam. bears S 85° W., 30 lks. dist. mks. visible.

Thence N. 01°26' E. for 1825.64 feet to Corner No. 7 at which point I set a 5/8th x 30 inch iron rod from which:

A Douglas Fir, 22 ins. in diam. bears N. 45° W, 38 lks. dist., blaze healed.
A Douglas Fir, 20 ins. in diam. bears S 53° E., 25 lks. dist., blaze healed.

Thence N. 89°49½' E. for 661.67 feet to Corner No. 6 at which point I set a 5/8th x 30 inch iron rod from which:

A Douglas Fir 24 ins. in diam. bears S. 63° W., 46 lks. dist., blaze healed.
A Douglas Fir stump, 28 ins. in diam bears N. 01°W, 32 lks. dist, Marks visible on portion of stump.

Thence Due North for 2563.89 feet to corner No. 5 herebefore described.

This survey executed with a Wild T16-ED transit, a Buff and Buff mountain transit and 200 feet steel tape. All measurements were measured on the slope and converted to horizontal using the vertical circles on said instruments to measured vertical angles. Error of closure was 1/5240 and are not adjusted but represent actual field measurements.

All bearings are referred to the record bearing of the line between Corner No. 5 and Corner No. 6 which is North.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Corner established in 1925 by Fred Mensch, U.S. Cadastral Engineer and Otto L. Draper, U.S. Transitman, under Assignment Instructions dated June 11, 1925.

DIAGRAM

T33S R12W, WM

S26	S25
S35	S36

Surveyor General's records state:

Set an iron post, 3 ft. long, 2 ins. diam., 28 ins. in the ground for cor. of secs. 25, 26, 35, and 36, with brass cap marked: T33S | R12W from which:

S26	S25
S35	S36

1925

A Hemlock, 18 ins. diam., bears N.50°E., 11 lks., dist., marked T33S R12W S25 B.T.
A Hemlock, 20 ins. diam., bears S.64°E., 61 lks., dist., marked T33S R12W S36 B.T.
A Hemlock, 30 ins. diam., bears S.24°W., 45 lks., dist., marked T33S R12W S35 B.T.
A Hemlock, 10 ins. diam., bears N.75°W., 69 lks., dist., marked T33S R12W S26 B.T.

Description of corner evidence found:

At corner location I found:

A Hemlock stump, 20 ins. diam., bearing S.64°E., 40.3 ft. dist. (Record S.64°E., 61 lks. dist.), face partly healed with the following marks visible; T33S R12W S36 B.T.

A Hemlock stump, 12 ins. diam., bearing N.75°W., 45.1 ft. dist. (Record S.75° W. 69 lks. dist.), face healed no markings visible.

Description of monument and accessories I established to perpetuate the original location of this corner: As evidence in vicinity of corner agrees with GLO original record, at the intersection of the bearings and distances from the bearing trees, I set a 30 inch long 2 3/4 inch diam., aluminum pipe 24 inches in the ground, in a 3 ft. diam., 6 inch high mound of stones, with a 3 inch aluminum cap marked:

T33S R12W

S26	S25
S35	S36

PLS 1055
1980

New bearing tree:

A fir stump, 50 ins. diam., bears N.70°15'W., 55.5 ft. dist., bark scribed: S36 B.T. No other bearing trees within a reasonable distance available.

Note: I placed B-T tags on new B-T and original B-T's and I placed a F.S. Location poster on the North face of a 48 ins. diam. fir stump bearing N.70°E. and 18 ft. dist. from corner. I also set an aluminum post with a Land Survey monument sign and a F.S. Attention sign 2½ ft. West of corner. Corner sits in what is known by the Forest Service as Rock Creek Timber Sale Unit #2, which is a clear cut unit.

RECEIVED

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Corner established in 1925 by Fred Mensch, U.S. Cadastral Engineer and Otto L. Draper, U.S. Transitman, under Assignment Instructions dated June 11, 1925.

DIAGRAM

T33S R12W, WM

S26	S25
S35	S36

Surveyor General's records state:

Set an iron post, 3 ft. long, 2 ins. diam., 28 ins. in the ground for cor. of secs. 25, 26, 35, and 36, with brass cap marked: T33S | R12W from which:

S26	S25
S35	S36

1925

A Hemlock, 18 ins. diam., bears N.50°E., 11 lks., dist., marked T33S R12W S25 B.T.
A Hemlock, 20 ins. diam., bears S.64°E., 61 lks., dist., marked T33S R12W S36 B.T.
A Hemlock, 30 ins. diam., bears S.24°W., 45 lks., dist., marked T33S R12W S35 B.T.
A Hemlock, 10 ins. diam., bears N.75°W., 69 lks., dist., marked T33S R12W S26 B.T.

Description of corner evidence found:

At corner location I found:

A Hemlock stump, 20 ins. diam., bearing S.64°E., 40.3 ft. dist. (Record S.64°E., 61 lks. dist.), face partly healed with the following marks visible; T33S R12W S36 B.T.

A Hemlock stump, 12 ins. diam., bearing N.75°W., 45.1 ft. dist. (Record S.75° W. 69 lks. dist.), face healed no markings visible.

Description of monument and accessories I established to perpetuate the original location of this corner: As evidence in vicinity of corner agrees with GLO original record, at the intersection of the bearings and distances from the bearing trees, I set a 30 inch long 2 3/4 inch diam., aluminum pipe 24 inches in the ground, in a 3 ft. diam., 6 inch high mound of stones, with a 3 inch aluminum cap marked:

T33S R12W

S26	S25
S35	S36

PLS 1055
1980

New bearing tree:

A fir stump, 50 ins. diam., bears N.70°15'W., 55.5 ft. dist., bark scribed: S36 B.T. No other bearing trees within a reasonable distance available.

Note: I placed B-T tags on new B-T and original B-T's and I placed a F.S. Location poster on the North face of a 48 ins. diam. fir stump bearing N.70°E. and 18 ft. dist. from corner. I also set an aluminum post with a Land Survey monument sign and a F.S. Attention sign 2½ ft. West of corner. Corner sits in what is known by the Forest Service as Rock Creek Timber Sale Unit #2, which is a clear cut unit.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Corner established by Fred Heng under contract 766 in October 1907, record states: Set a basalt stone 15x10x8 ins., 10 ins. in the ground for cor. of secs. 5,6,7, and 8, marked with 5 notches on the South and East edges from which:
A Fir 36 ins. diam. bears N52°E 44 lks dist. marked T32S, R13W, S 5 BT
A Fir 36 ins. diam. bears S52°E 10 lks. dist. mkd. T32S, R13W
A Tan Oak 5 ins. diam. S54°W 10 lks. dist. mkd. T32S, R13W S 7 BT
A Fir 24 ins. diam. bears N45°W 23 lks. dist. mkd. T32S, R13W, S 6 BT
Corner remonumented by H.J. Newhouse in 1962 Curry County record states: This corner recorded during road survey for Curry County. The corner had apparently been restored and not recorded. An iron bar was found next to a stone in place from which the remains were found of a 36" Fir N52°E 29.0 ft. trace, 36" Fir S52° 10 links (uproot), 24" Fir N45°W 23 linds (uproot). Trees marked 14" broken top Fir S69W 36.4 ft., Cedar stump S13°E 47.7 ft., 14" Fir S13°E 77.4 ft.

H.J. Newhouse in Nov. 1966 identified Corner from original Stone & BT's, and set BCIP.

Description of corner evidence found: Found BCIP stamped T32S, R13W, WM 14 22 23 1966 and was adjacent to original corner stone.

Found 24" Douglas Fir, bears S86°E 24.4 ft. with healed blaze.
Found evidence of 7" Douglas Fir, bears S20°W 65 lks., down & rotten.

Description of monument and accessories I established to perpetuate the original location of this corner

Face & scribe 7" diam. Cedar S22/BT, bears S35°W 11.0 f

Face & scribe 10" Hemlock S23/BT, bears S25°E 19.3 ft.

Paint faces of all bearing trees red and paint red bands around all BT' Also, attached yellow metal BT signs to all 3 BT's, as well as, brass washers stamped RLS 402. Set a red iron fence post near corner with Forest Service signs # 54-2 & 54-4 attached.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

Set a stone 12 x 10 x 4 ins. 8 ins. in the ground for the corner of Secs. 19 and 30. Marked with 2 notches on S and 4 notches on N angles of same and from which CHAINS

A Fir 50" in dia. bears N70° 650 Lks. dist. marked: "T33S R14W S19 BT"
An Oak 10" in dia. bears S30°E 30 Lks. dist.

Corner was originally established by Murphy in 1857 under U.S. General Land Office Contract #79, re-surveyed by William Byers in 1899 under U.S. General Land Office Contract #708. A brass cap was set by U.S. Dept. of Interior in 1968.

COUNTY SURVEYOR

History of original corner establishment:

Set an iron post, 3 ft. long, 2 ins. diam. 20 ins. in the ground to bed rock, and 16 ins. in a mound of stone for cor. of secs 16, 17, 20, and 21, with brass cap marked:

T33S | R14W
S17 | S16
S20 | S21
1934

DIAGRAM

CHAINS

17 | 16
20 | 21

The original bearing trees:

A Fir 40 ins. diam. bears N74°00'E 38 Lks dist. (as recorded) marked "T33S R14W S16 BT"
A Madrone ("Laurel") 30 ins. diam. bears S65°00'W 18 Lks. dist. (as recorded) marked "T33S R14W S20 BT"
No other original bearing trees to be found.
*See below

Description of corner evidence found:

Found a 1" iron pipe 14" above the ground. (no brass cap)

Bearing trees found:

A 42" D. Fir bears N74°E 25.1 ft; scribed "S16 T33S R14W" visible on open face.
Live Oak cluster growing out of root hole S33°E 73.9 ft; probable root hole S65°W 11.9 ft.
Well rotted stub S48½°E 80.5 ft
A 42" D. Fir bears N39½°W 61.1 ft. (record 54.8 ft) face open
A 14" W. Fir bears S39°W 63.8 ft; well healed blaze
A 14" Maple bears S59°W 44.9 ft; well healed blaze

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2" x 30" alum. pipe with a 2½" alum. cap 5" above the ground marked:

T33S R14W
S17 | S16
S20 | S21
RLS 1651
1982

in a 36" dia. rock mound with a 6' alum. post 1.0 ft. west with signs 54-4 & 59-2

*History of original corner establishment continued:

New Bearing Trees:

A Live oak, 14" dia. bears S48°30'E 122 Lks. dist. marked: "T33S R14W S21 BT"
A Fir, 40" dia. bears N39°30'E 83 Lks. dist. marked: "T33S R14W S17 BT"

(W)

Corner was originally established by William Byers in 1900 under U.S. General Land Office Contract #708. It was remonumented by Geo. F. Rigby U.S. Cadastral Engineer under Group #134 in 1934.

County ~~Surveyor's Record, Curry County, Oregon~~ CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

DIAGRAM

T33S, R14W

21	22
28	27

This corner was originally set in 1899 by Byers. A 20"x14"x12" stone set 15" in ground for corner point with 3 knotches on East side and 2 knotches on South side, from which original BT's:

~~CHAINS~~

16" Hemlock N56½°E 75 lks.
8" Oak S22°E 25 lks.
6" Oak S39°W 22 lks.
10" Oak N46½°W 22 lks.

In 1934, during a Government dependent retracement, George Rigby found the original corner stone and the 3 Oak bearing trees. The Hemlock bearing tree was down. Rigby marked one new bearing tree:

15" Hemlock N54°E 101 lks.

Description of corner evidence found:

In 1970, I visited this corner in anticipation of subdividing Section 21. This survey did not materialize. During my visit, I blazed and faced (not scribed) a 16" Hemlock (unrecorded) N37°W 28.1 ft. On August 9, 1982, I revisited the corner and found the original stone monument in place, from which:

1934 Rigby BT, now a 24" windfall Hemlock N54°E 101 lks. (fallen to N.W.)
1970 reference tree 20" Hemlock N37°W 28.1 ft.

Calls N & E to Bold Mt. Creek check with Government notes.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set aluminum cap w/alum. pipe 2½" x 30", 24" in the ground in a mound of stone marked:

T33S R14W

21	22
28	27

1982
PLS 1342

Remark Reference Tree:

16" Hemlock N37°W, 28.1 ft. scribed T 33S R 14W S 21 BT

Set New BT's:

16" Hemlock N51°E, 70.3 ft. scribed T 33S R 14W S 22 BT

15" Hemlock S84°E, 30.9 ft. scribed X BT

24" Hemlock S89°30'E, 50.0 ft. scribed T 33S R 14W S 28 BT

Set BT tags & attention signs on all BT's and painted red bands and faces.

Set aluminum fence post adjacent to corner.

County ~~Surveyor's Record, Curry County, Oregon~~ CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

DIAGRAM

T33S, R14W

21	22
28	27

This corner was originally set in 1899 by Byers. A 20"x14"x12" stone set 15" in ground for corner point with 3 knotches on East side and 2 knotches on South side, from which original BT's:

~~CHAINS~~

16" Hemlock N56½°E 75 lks.
8" Oak S22°E 25 lks.
6" Oak S39°W 22 lks.
10" Oak N46½°W 22 lks.

In 1934, during a Government dependent retracement, George Rigby found the original corner stone and the 3 Oak bearing trees. The Hemlock bearing tree was down. Rigby marked one new bearing tree:

15" Hemlock N54°E 101 lks.

Description of corner evidence found:

In 1970, I visited this corner in anticipation of subdividing Section 21. This survey did not materialize. During my visit, I blazed and faced (not scribed) a 16" Hemlock (unrecorded) N37°W 28.1 ft. On August 9, 1982, I revisited the corner and found the original stone monument in place, from which:

1934 Rigby BT, now a 24" windfall Hemlock N54°E 101 lks. (fallen to N.W.)
1970 reference tree 20" Hemlock N37°W 28.1 ft.

Calls N & E to Bold Mt. Creek check with Government notes.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set aluminum cap w/alum. pipe 2½" x 30", 24" in the ground in a mound of stone marked:

T33S R14W

21	22
28	27

1982
PLS 1342

Remark Reference Tree:

16" Hemlock N37°W, 28.1 ft. scribed T 33S R 14W S 21 BT

Set New BT's:

16" Hemlock N51°E, 70.3 ft. scribed T 33S R 14W S 22 BT

15" Hemlock S84°E, 30.9 ft. scribed X BT

24" Hemlock S89°30'E, 50.0 ft. scribed T 33S R 14W S 28 BT

Set BT tags & attention signs on all BT's and painted red bands and faces.

Set aluminum fence post adjacent to corner.

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: ~~Original survey by Rufus S. Moore~~ CHAINS under contract number 570 survey completed Sept. 1891. Record States: Set a slate stone, 18 x 12 x 5 ins., 12 ins. in the ground, for cor. to Tps. 34 and 35 S., Rs. 12 and 13W., Mkd. with 6 notches on each edge; from which A Fir, 20 ins. diam., bears N58½E., 84 lks, dist., mkd, T34SR12WS31BT
A Fir, 40 ins. diam., bears S76°E., 94 lks. dist., mkd. T35SR12-WS6BT
A Fir, 37 ins. diam., bears S56°W., 58 lks. dist., mkd. T35SR13WS1BT
A Fir, 15 ins. diam., bears N21°W., 33 lks. dist., mkd. T34SR13WS36BT
In July 1915, Chas Collier surveyed T35S R12W under survey group No. 16. Record States: Intersect E bdy, of T.34S., R.13W., 6.31 chs. North of the corner of Tps. 34 and 35S., Rs. 12 and 13 W., which is a slate stone firmly set, mkd. and witnessed as described by the Surveyor General. I destroy marks referring to Tps 34S and 35S, R12W. In June 1933, George Rigby surveyed T.34S., R13W., Record States: The cor. of Tps. 34 and 35S., R13W ~~is monumented~~ with a serpentine stone, 12 x 5 ins. 8 ins. above ground, firmly set, but with the marks scaling off. At point for cor. set an iron post, 3 ft. long, 3 ins. diam., 28 ins. in the ground, for cor. of Tps. 34 and 35S., R13W., with brass cap mkd. as shown in diagram. From which an original bearing tree, A Fir, 40 ins. diam., bears S.56°00'W., 33 lks. dist., (instead of S56°W., 58 lks. dist.) mkd. T35SR13WS1BT. The original NW. bearing tree being gone, I marked a new one. A Fir, 40 ins. diam., bears N26°00'W., 54 lks. dist. mkd. T34SR13WS36BT.

DIAGRAM

DESCRIPTION OF CORNER EVIDENCE FOUND: Found a 2" dia. I.P. wigh Brass cap marked as shown i
B.T.S. Found:
A Fir stump, 38" dia. bears. S.58°15'W., 21.5 Ft., face healed.
A Fir Stump, 36" dia. bears. N.24°30'W., 33.8 Ft., pitch seam visible.

Description of monument and accessories I established to perpetuate the original location of this corner:

B.T.S. Marked:
A Fir, 13" dia., S52°45'W, 27.1 Ft., Scribed T35S R13W S1 BT
A Hemlock, 10" dia., N29°15'W, 27.5 Ft., Scribed T34S R13W S36 BT

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Originally set by Chas. M. Collier, survey completed July 15, 1913. Survey Record States: Intersect E. bdy of T.34S.,R.13W.,6.31 chs. North of the corner of Tps 34 and 35S., Rs. 12 and 13W., which is a slate stone, firmely set, marked and witnessed as described by the Surveyor General. I destroy markings referring to Tps. 34 and 35S.R12W., At point of intersection Set a serpentine stone, 30x18x14 ins., 22 ins. in the ground, for closing corner of Tps. 34 and 35 S., R.12W., mkd. C.C. on E., with grooves on E., S. and N Faces; from which

A hemlock, 24 ins. diam. N.70°30"E., 30 lks. dist. mkd. T34SR12W S31BT

A fir, 72 ins. diam. bears S.24°E., 43 lks. dist mkd T35S R12W S6BT. In June 1933 Geo. F. Rigby, Group No 134 surveyed T.34S. R.13W. Survey Record States: The original corner monument of the closing cor. of Tps. 34 and 35 S., R.12W., said to have been a serpentine stone, 30x18x14 ins., was set upon a solid ledge of stone and a falling tree has smashed it to small pieces. At point for cor. set an iron post. 3 ft. long, 3 ins diam., on solid rock, with 34 ins. of its length in a mound of stone, for closing cor. of Tps. 34 and 35S., R.12W., with brass cap mkd. as shown above. From which the original bearing trees:

A hemlock, 30 ins. diam., bears N70°30'E., 30 lks. dist., mkd. T34S R12W S31 CCBT.

A fir, 70 ins. diam., bears S24°00'E., 43 lks. dist., mkd. T35S R12W S6 CCBT.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

CHAINS

Corner established in 1925 by Fred Mensch and Otto Draper, record states:

Set an iron post, 3 ft. long, 2 ins. diam., 28 ins. in the ground for the corner of secs. 10, 11, 14, & 15, with brass cap marked:

T34S R12W

S10 | S11
S15 | S14

1925

From which:
A Fir, 15 ins. diam., bears N61½°E, 84 lks., dist marked T34S, R12W, S11 BT
A Fir, 8 ins. diam., bears S70°E, 15 lks., dist. marked T34S, R12W, S14 BT
A Fir, 12 ins. diam., bears S54°W, 33 lks., dist. marked T34S, R12W, S15 BT
A Cedar, 5 ins. diam., bears N41°W, 6 lks., dist. marked T34S, R12W, S10 BT

DIAGRAM

T34S R12W

S10 | S11
S15 | S14

Description of corner evidence found:

Corner destroyed by road construction find bearing trees:

20" fir N61°30'E, 55.4 ft. (84 lks record) face healed (cat scared)
10" fir down & out of position (S70°E 15 lks record) scribing R12W, S14 visible

These bearing trees and the corner position will be destroyed by road construction.

Description of monument and accessories I established to perpetuate the original location of this corner:

No corner monument set (area to be excavated)
BTS marked outside of the clearing limits

28" fir, N64°15'E, 77.0 ft. marked T34S, R12W, S11 BT
36" Fir, S44°30'E, 85.9 ft. marked T34S, R12W, S14 BT

Set BT tags and attention signs, also painted red bands and blazes on B.T.S.

T34S R13W

From which:

A madrone, 18 ins. diam., bears N. 58° 30' W., 43 lks. marked "¼ S 20 BT."

A fir, 14 ins. diam., bears S. 52° 00'W., 53 lks. dist., marked "¼ S 29 BT".

Description of corner evidence found: At the assumed corner location, I find a brass cap, on an iron pipe, which agrees with the Surveyor General's records, from which:

A fir stump, 18 ins. diam., bears S52° 00'W., 53 lks. dist.

Description of monument and accessories I established to perpetuate the original location of this corner:

As evidence at corner location agrees with GLO record, I set no new monument, however, I establish the following accessories:

A hemlock, 14 ins. diam., bears N.15°45'W., 92.0 ft. dist.

A fir, 18 ins. diam., bears S.15°30'W., 39.1 ft. dist.

I hereby certify the above work was performed as here-in described on September 11, 1980.

T34S	R12W
S10	S11
S15	S14

~~History of original corner establishment:~~ CHAINS Corner established in 1925 by Fred Mensch, under General Land Office special instructions dated Oct. 6, 1922.
Surveyor General's records state:

Set an iron post, 3 ft. long, 2 ins. diam., 28 ins. in the ground for corner of secs. 10, 11, 14, and 15, with brass cap marked:

T34S	R12W
S10	S11
S15	S14

1925

From which,
A fir, 15 ins. diam., bears N.61½°E., 84 lks. Dist., marked T34S R12W S11 BT.
[redacted]:
A fir, 8 ins. diam., bears S.70°E., 15 lks. dist., marked T34S R12W S14 BT.
A fir, 12 ins. diam., bears S.54°W., 33 lks. dist., marked T34S R12W S15 BT.
A cedar, 5 ins. diam., bears N.41°W., 6 lks., dist., marked T34S R12W S10 BT.

Description of corner evidence found:

At corner location I find:

A fir 20 ins. diam., bears N.61°30' E., 55.4 (84 lks.), face healed

The southeast BT has been pushed out of position by a cat during the construction of a logging road. I found a 10" fir with scribing "R12W S14" visible.

No trace of corner or remaining BT's could be found, being destroyed by the construction of a logging road.

Description of monument and accessories I established to perpetuate the original location of this corner: At the corner location I set a 2 x 1 in. hub from which:

A fir, 18 ins. diam., bears N.36°15'W., 72.1 ft. dist., barked scribed S10 BT.

This work being done to perpetuate this corner due to expected reconstruction of logging road, which will run over the top of the corner.

CHAINS

RESTORED CORNER FOR STATE OF OREGON--DEPARTMENT OF FORESTRY

One quarter corner common to Sections 35 and 36, Township 34 South, Range 13 West, W.M., Curry County, Oregon.

ORIGINAL

1" x 36" Iron pipe with brass cap (about 1925) (missing, pulled out by BT windfall) from which a:

30" Fir bears N72 1/2°E 8 lks.; now 30" x 8' windfall stump, face grown over (bucked and logged area).
20" Cedar bears N50°W 34 lks.; now 20" x 4' stump, pushed over by cat while logging, scribes 1/4 S35 BT visible.

RESTORED

Set 1 1/2" x 36" galvanized iron pipe with 3" bronze cap marked OREGON STATE BOARD OF FORESTRY 1/4 S35 S36 1972 RS359", 34 inches in ground, and from which a:

9" Hemlock bears N28°W 144.2 ft. to face; scribed 1/4 S35 BT RS 359.
44" Fir stump bears N77°E 91.1 ft. to face; scribed 1/4 S36 BT.

Set 4" x 4" x 72" white painted Cedar post 2.5 ft. S75°E of corner pipe. Oregon State Forestry Department metal location poster on 44" Fir stump BT N77°E 91.1 ft.

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Corner established in 1857 by Daniel & M. O'C. Murphy under General Land Office contract dated Feb. 19, 1857.

DIAGRAM

T 34 S

R14W | R13W

S12

ONLY

Surveyor General records states:

Set a basalt stone, 14 x 10 x 8 ins., 10 ins. in the ground, for ¼ sec. cor., mkd. ¼ on W. face; from which:

A fir, 10 ins. diam., bears S61°W, 40 lks. dist., mkd. ¼ S B T
A fir, 40 ins. diam., bears N87°E., 79 lks. dist., mkd. ¼ S B T

In 1933 under GLO retracement contract G.F. Rigby states:

I change this cor. to refer to sec. 12 only, mkd. ¼ S 12 on W. face; obliterate marks on the old NE bearing tree and mark:

A fir, 36 ins. diam., bears N88° 30' W., 39 lks. dist., marked ¼ S12 B T.
A cedar, 20 ins. diam., bears N55° 00'W., 70 lks. dist., mkd. ¼ S12 B T.

Description of corner evidence found:

At assumed corner location, I found 10 x 8 in. x 6 in. above ground basalt stone, firmly set, mkd. ¼ S12 on W. face, from which:

36" fir stump, bears N88° 30'W, 39 lks. dist., face visible, no scribing visible.

24" cedar stump, bears N55° 00'W., 70 lks. dist., face visible, no scribing visible.

Description of monument and accessories I established to perpetuate the original location of this corner: As the evidence found agrees with the GLO records, at the location of the found 10 x 8 ins. x 6 ins. above ground basalt stone, I set a 36 inch long, 2½ inch diameter aluminum pipe 30 inches in the ground, in a mound of stones, with a 3 inch aluminum cap marked:

T34S | R14W

S12 — ¼

ONLY

1979

Pls 1055

Since the corner falls in a clear cut area and there are no available trees within a reasonable distance I mark an X on top of a 4 x 6 x 5 foot conglomenrate stone, that bears S27° 15'E, 16 3/10 ft. dist. from the ¼ corner.

N Quarter Corner Section 27, 40-13

Set BCIP by proportion, from which bears:
52" Douglas Fir stump S 47 degrees E, 72.7 ft.
Attach yellow tag to above stump.

NW Corner Section 27, 40-13

Found BCIP but no BT's, scribe the following BT's:
8" Tanoak N 32 degrees W, 5.9 ft
6" Tanoak N 32 degrees E, 18.2 ft.
5" Tanoak S 63 degrees E, 15.2 ft.
7" Tanoak S 21 degrees W, 21.8 ft.

Feeney 1982 #40-573

CHAINS

Int. Quarter Corner Section 14, 41-13

Set BCIP, and mark the following BT's:
38" Poplar N 15 degrees W, 22.8 ft.
50" Cypress S 46 degrees E, 47.8 ft.

Cormack 1979 #41-825

Int. Quarter Corner Section 27, 40-13

Set BCIP, and scribed the following BT's:
12" Tanoak S 81 1/2 degrees W, 25.9 ft.
6" Tanoak N 89 1/2 degrees E, 47.1 ft.

N Quarter Corner Section 27, 40-13

Set BCIP by proportion, from which bears:
52" Douglas Fir stump S 47 degrees E, 72.7 ft.
Attach yellow tag to above stump.

NW Corner Section 27, 40-13

Found BCIP but no BT's, scribe the following BT's:
8" Tanoak N 32 degrees W, 5.9 ft
6" Tanoak N 32 degrees E, 18.2 ft.
5" Tanoak S 63 degrees E, 15.2 ft.
7" Tanoak S 21 degrees W, 21.8 ft.

Feeney 1982 #40-573

CHAINS

Section corner common to Sections 8, 9, 17, and 16 lying within Township 41 South, Range 11 West, Willamette Meridian.
Found BLM brass capped iron pipe and remains of rock mound dated 1934.
Found 11" knobcone pine >N 66 1/2 degrees E, 49.42'
Found 7" knobcone pine >S 29 degrees E, 53.97'
Found 10" knobcone pine >N 88 3/4 degrees W, 43.63'
New BT 9" knobcone pine >S 61 degrees W, 35.26'
Submitted by Olaf A.J. Thingvall in Sept. 1985--witnessed by Kevin R. Bissonette.

Closing corner to Sections 17 and 16 lying within Township 41 South, Range 11 West, Willamette Meridian.
Found BLM brass capped iron pipe in good condition dated 1934.
Found 16" tan oak> N 39 3/4 degrees E, 18.36'
Found remains of a knobcone pine >N 65 degrees W, 14lks.
New BT 14" tan oak >N 37 degree W, 11.8'
Submitted by Olaf A.J. Thingvall in Sept. 1985--witnessed by Kevin R. Bissonette.

Section corner common to Sections 8, 9, 17, and 16 lying within Township 41 South, Range 12 West, Willamette Meridian.
Found BLM brass capped iron pipe lying out of the ground out of position.
Found 20" fir >N 68 1/4 degrees E, 79.9'
Found 24" maple >S 48 1/2 degrees E, 46.2'
New BT 22" fir >S 43 1/2 degrees W, 28.5' (scribed)
New BT 21" fir >N 01 3/4 degrees W, 28.2' (scribed)
Reset BLM monument from found BT's
Submitted by Olaf A.J. Thingvall in Sept. 1985

Interior 1/4 Section corner to Section 8, Township 41 South, Range 12 West, Willamette Meridian
Found brass capped iron pipe by Gerald E. Chittick and Michael R. Collie dated 1972.
Found 16" maple >N 20 1/2 degrees W, 36.8'
Found remains of alder BT S 47 degrees W, 8.4'
New BT 15" alder >S 24 1/4 degrees E, 23.3' (bark scribed)
Submitted by Olaf A.J. Thingvall in Sept. 1985

1/4 Section corner common to Sections 10 and 15 lying within Township 38 South, Range 14 West, Willamette Mer.
Found remains of original yew BT with scribing visible but no trace of corner. Set BCIP from BT remains
New BT 35" D. Fir >N 83 degrees E, 50.8' (scribed)
New BT 30" tan oak >N 64 degrees W, 50.7' (scribed)
Submitted by Jack Feeney in may 1985

ROBERT G. DEAN
1808

County Surveyor's Record, Curry County, Oregon

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: In 1891, Rufus S. Moore set this corner: "CHAINS ~~[illegible]~~ salt stone 14x12x7 ins, 10 ins in the ground marked with 1 notch on N. and 5 notches on S. edges. From which: an oak, 6 ins. diam., bears N.39°E., 24lks. dist.---an oak, 24 ins. diam, bears S.85°E., 37 lks---and oak, 16 ins. diam, bears S.69° W., 50 lks---a fir, 7 ins. diam., bears N.56°W., 32 lks. dist---."

DIAGRAM

T34S
R14W | R13W
S1 | S7
S12
1967

George F. Rigby, in 1932-33, retraced the line and at this corner: "---which is a conglomerate stone 14x12 ins., 6 ins. above ground---." Rigby repeats BT bearings and distances; except he remarks NW and SW BTs on the overgrowth. He then changes this corner to refer to Secs. 1 and 12 only; obliterate marks on the old NE and SE bearing trees and mark S 12 on SW., and S1 on NW. face of stone.

In 1967, Donald R. Beck, Group No. 039, set an iron post, 28 ins long, 2½ ins diam., 21 ins in the ground, with brass cap from record bearing and distance from the original bearing trees: " a Tanoak, 33 ins diam., bears S.85°E., 37 lks dist., with a healed blaze. A tanoak snag, 30 ins diam., bears S. 69°W., 50 lks dist. with scribe work visible on partially healed blaze. A sawed fir stump, 36 ins. diam., bears N.56°W., 32 lks. dist., with a healed blaze. "New bearing trees: "A tanoak, 8 ins. diam., bears S.50°W., 166 lks. dist., mkd. T34S R14W S12 BT. A tanoak, 47 ins. diam., bears N.80°W., 43 lks dist., mkd T34S R14W S1 BT. Raise a mound of stone, 2½ ft. base, 2 ft. high, W. of the cor.

DESCRIPTION OF CORNER EVIDENCE FOUND:

Found BLM brass cap on an iron pipe protruding 6" above ground. A fir, 32" diam., bears S.11°E., 30.4 ft. dist., with "X" axed into tree and healed face. (Not of record.)

Description of monument and accessories I established to perpetuate the original location of this corner:

Scribed new bearing trees:

A fir, 6 ins. diam., bears N.38°15'E., 27.0 ft. dist., mkd. with axed "X" and a small face with "BT".

A fir, 8 ins. diam., bears S.61°15'W., 27.0 ft. dist., mkd. T34S R14W S12 BT.

A fir, 6 ins. diam., bears N.76°45'W., 7.6 ft. dist., mkd. T34S R14W S1 BT.

Set an aluminum post with USFS sign 54-9, 1 ft. N. of BCIP.

Painted all BTs with a red, 6" wide band around tree and nailed USFS signs 54-3 and 54-9 to the front and backside of tree, respectively.

Property boundary marked with metal posts with USFS sign 54-2 attached, N. and S. corner.

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: In 1891, Rufus S. Moore Surveyed the east boundary of T.34 S., R.14 W.; then, George F. Rigby re-surveyed the East boundary of T.34 S., R.14 W. in 1932-33. He then subdivides T.34 S. R.13 W. setting closing section corners on the West line of this township. He, also, sets the ¼ cors. at midpoint between the closing section corners on the resurveyed range line. "Midpoint of W. bdy. of sec.7. Set an iron post, 3 ft. long, 1 in. diam., 28 ins in the ground, for ¼ sec. cor. of sec. 7 only, with brass cap___ from which:
A fir, 36 ins.diam., bears N.3°30'E., 35 lks.dist., mkd. ¼ S7 BT. A tan oak, 6 ins.diam., bears S.62°30'E., 24 lks.dist., mkd. ¼ S7 BT."

CHAINS

DIAGRAM

¼
S7
1933

Description of corner evidence found:

Found U.S. Gen. Land Office Survey brass cap on an iron pipe mkd. as shown in diagram. Protrudes 4 ins. above ground against a 7-in.fir stump. A fir, 37 ins.diam., bears N.4°E., 23.5 ft. dist., with healed face.

Description of monument and accessories I established to perpetuate the original location of this corner:

Scribe new bearing tree:

A fir, 5 ins.diam., bears S.90°E., 9.3 ft. dist., mkd. with "X" and a small face mkd BT.

Set an aluminum post with USFS sign 54-9, 1 ft. S. of cor.

Painted both BTs with a red 6" wide band around tree and nailed USFS signs 54-3 and 54-9 to the front and backside of tree, respectively.

Note: The position of the B.C.I.P. is 0.42 ft. W. of the true line between the E. ¼ cor and NE sec. cor to sec 12.

The property line is marked with aluminum posts with USFS sign 54-2 attached, N. and S. from this corner.

Description of corner evidence found:

Found U.S. Gen. Land Office Survey brass cap on an iron pipe mkd. as shown in diagram. Protrudes 4 ins. above ground against a 7-in.fir stump. A fir, 37 ins.diam., bears N.4°E., 23.5 ft. dist., with healed face.

Description of monument and accessories I established to perpetuate the original location of this corner:

Scribe new bearing tree:

A fir, 5 ins.diam., bears S.90°E., 9.3 ft. dist., mkd. with "X" and a small face mkd BT.

Set an aluminum post with USFS sign 54-9, 1 ft. S. of cor.

Painted both BTs with a red 6" wide band around tree and nailed USFS signs 54-3 and 54-9 to the front and backside of tree, respectively.

Note: The position of the B.C.I.P. is 0.42 ft. W. of the true line between the E. ¼ cor and NE sec. cor to sec 12.

The property line is marked with aluminum posts with USFS sign 54-2 attached, N. and S. from this corner.

CHAINS

Cor. No. 1: Found a conglomerate stone with HES 204 faintly visible. Set A.C.A.P. in position protruding 10" above ground. Placed stone east of cap. From cap: Original BT, a 56" fir stump bears S.47°E., 25.8' (S.48°15'E.) Scribed new BTs: an 8" alder with fork 2' above ground bears N.41°E., 9.2' scribed X BT; a 6" fir bears N.28°W., 28.6', scribed X BT.
An aluminum post w/ signs bears N.76°E., 4.0'.

Cor. No. 2: Found a granite stone with HES 204 and X on top visible. Set A.C.A.P. in position protruding 8" above ground. Placed stone inside HES next to cap. From which: Original BT, a 24" fir stump bears S.56°30'W., 19.6', scribing S204 BT visible. Scribe new BTs: a 7" fir bears S.1°30'E., 5.8', scribed C2 HES 204 BT; a 6" fir bears S.63°30'E., 17.1', scribed C2 HES 204 BT.
An aluminum post with signs bears S.15°E., 3.5'.

Cor. No. 3: Found a sandstone with HES 204 and X on top clearly visible. Set A.C.A.P. in position protruding 6" above ground. Placed stone next to cap. From which: Original BT, a 55" fir bears N.13°15'W., 10.9' (N.17°30'W.) with healed face and and X in bark. Scribe new BT: a 35" fir bears N.55°E., 46.5' and scribed C3 HES 204 BT.
An aluminum post with signs bears N.83°30'W., 2.0'.

Cor. No. 4: Found a sandstone cracked but intact with HES 204 and X on top clearly visible. Set A.C.A.P. in position protruding 8" above 1'X 1' stone mound. Placed broken stone inside HES next to cap. From which: Original BTs; a 48" fir bears N.77°30'E., 7.1' (N.74°30'E.) with healed face and X in bark; a 50" fir bears N.81°30'W., 49.5' with healed face and X in bark.
An aluminum post with signs bears N.57°30'W., 4.0'.

Cor. No. 5: Found a conglomerate stone. Set A.C.A.P. in position protruding 10" with a 2' X 1' rock mound. From which: Original BTs; a 15" oak bears N.48°W., 18.4' (N.49°45'W.) with healed face and X in bark; a 29" hemlock bears S.10°W., 24.6' (S.8°30'W.) with healed seam and X in bark.
An aluminum post with signs bears N.46°15'E., 3.0'.

1/4 Cor: Found a GLO B.C.I.P. marked as shown. From which: Original BTs; a 49" fir bears S.18°E., 25.0' (S.20°E., 23 lks.) with healed face; a 27" fir bears S.28°15'W., 25.4' (N.24°W., 40 lks.) with healed face on the side of tree. (There is a 36" fir directly on line to BT at 18.3' from cap.)
