Administrator Schroeder,

The credit cards assigned to each commissioner should be immediately suspended or canceled. This has been recommended in the past when approved budgets have been exceeded and continued to increase with the use of credit cards with full knowledge the approved budget had been exceeded.

294.100 Public official expending money in excess of amount or for different purpose than provided by law unlawful; civil liability.

The credit card assigned to me has been cut/destroyed and will be returned to you next week.

Also; please provide to each commissioner (individually) the current county vehicle inventory list from the road department with the departmental assignment of each vehicle.

Thank you.

Tom Huxley
Curry County Commissioner

Subject: Commissioner travel

Dear Commissioners:

Attached you will find a spread sheet which shows the Commissioner travel budget is below zero. This does not include Boice mileage for Nov, Paasch Mileage to the AOC conference and/or meals for Nov. The negative balance will naturally be larger than the \$ -477 you see. I have the keys in my office to regulate future travel per the Judges suggestion for the County until we do a supplemental budget to increase the budget.

Clark Schroeder

Curry County Administrator
