The ordinance codified in this chapter is enacted for the purpose of protecting the public interest, health, welfare and safety of the residents of Curry County by providing a means to advise all new and existing persons or entities transacting business, within the unincorporated areas of the County, that they should be aware of and conform to all County codes, rules and regulations. Licensing helps ensure that all new business activities are conducted in compliance with applicable laws and ordinances. Licensing also allows the County to maintain an inventory of existing businesses operating and doing business within its limits. This business inventory also supports the functions of Curry County Community Development and provides information useful for promoting economic development. The purpose is to also aide the County in economic development and emergency service efforts so as to offer the best service possible to the businesses in the County. The licensing fee required by this chapter is necessary to finance and provide for the licensing and regulation authorized by this chapter.
